Report of Dept of Police
Jeypon.

June 25th to June 30th Koraput. Rain every
day. From Wednesday until the end of
the week almost continual.

Mr. Favers handed over charge to me
on 26th evening & availed himself
of his leave. My Head Quarter Master
has been down with fever most
of the week.

Mr. Watson arrived at Koraput
on Saturday. He & Mr. Caladie Naidu
having travelled by different routes
reached Dummagoda on the 21st. They
sent a letter to the Campoorum Rajah
on 22nd. & he sent a Head Constable &
a Constable to make enquiries. This
Head Constable having ascertained
that the arrow was bent & despatched
by Potthuri Soudi of Lola Denika &
Soma Sutha of Uppera Denika.
These men say that the arrow was
bent in order to call the villagers

All owing the change to the
Mans. Very much

of Sola Desika Appera Desik & Kotrapoda to pursue some thieves that had stolen some cattle from Sola Desika. This pursuit not having yet been undertaken although the arrow was sent round a month ago, throws a good deal of doubt upon this explanation. The Caispoornam Police have arrested the two men Lakkai Soundi & Soma Sumbha, also Peradi the blacksmith that bent the arrow & all the other Moodelians, Vaidias & Barikis that had anything to do with forwarding the arrow from village to village & have taken them to the Caispoornam Rajah. The 40 people who were said to be knocking about the Kakrapoda hills have dispersed. They are said to have been thieves & have been Fiburidars & yet no crimes reported from that side =

I have great faith in Major Poston and he doesn't seem to apprehend a row. But it would be just as well if the S.G. & Co. tried to make a tour in those parts. It has never been there before.

For Mr. J.M.

Worked Sir L. Robinson - his wife writes to send the T.G. train, as he is quite unacquainted with the Northern lines & we can move in the short run to afford - 18/7.

Very good H.C.

Got the slightest chance of a row here

This seems altogether a mysterious affair; but I don't think any danger need be apprehended now. Still, a careful watch should be kept on that part of the country.

Sir,

In forwarding copy
of Insp^t General of Police's
Report of 1st July last, I
am to state that when
Kalahandi was actually
in a blaze, nothing
whatever happened on
the Madras side, though
the insurgents tried to
enlist the sympathies
of the Khonds. This
