etc some merchants of Beloochistan
(Mose Khan and others) are going to Trichinopoly
for purposes of trade, and as they have represented
that, not knowing the language of this country, they
experience difficulty in obtaining the necessary
articles of food &c., the articles required by them
should be supplied on receiving from them the proper

price thereof, by understanding their demands
by means of Hindustani - knowing persons or by
means of the signs they may make. Several
persons have granted them Certificates to the effect
that they are going about for trading purposes and
that they occasion no trouble of any kind. There

Enclosures
One.

Replying to reference on No. 6389 dated 10 November 1888. J. D. I have the honor to report having called upon the Police officers concerned to explain why they gave permits to a gang of Biluchis, their replies are all to the same effect, viz. that Biluchis exhibited similar persistence and bothered them with persistent asking. This of course is no satisfactory answer, the truth being that I overlooked or forgot the Government Order on the subject and which

which had been duly published in
Police Weekly Circular.

I have recently published a
peremptory order that will, I
trust, prevent anything of the sort
happening hereafter.
