ORDER. (Confidential) D 6 July 1895, No. 1413

The Surgeon General has been informed that owing to the difficulty of managing the scavenging service of the domestic hospitals, Madras, it has been found necessary to organize scavenger groups from among the patients. This measure appears to be open to grave question, & the Surgeon General will be requested to report specially on the subject. His particular attention will be drawn to the necessity of making arrangements to ensure that no patients are employed as scavengers or totes whose caste will be affected by it, and (ii) that no patient, whatever his caste, is compelled to do work of this kind. It should be stated by what means patients are induced to perform this service voluntarily.
