PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following papers—

Endorsements of the Military Department dated 24 December 1894 and 6th March 1895, nos 7878 and 1307 respectively.

Letter from the Superintendent of Police, Bangalore, dated 11 March 1895:—

With reference to your nos $\frac{813}{1}$ and $\frac{813}{16}$ I have been trying to get arms marked with Government stamps said to have been purchased by Muhammad Abdullah. I have, however, not succeeded in procuring any that I can trace to this particular man. I have now in my possession a snider carbine with the Government marks still visible also some lockplates which have been broken up. These are the property of a licensed manufacturer of arms in Cantonment named Abdul Hakim. He states that condemned arms bearing Government marks are procurable in the open market. These are more or less broken open but are not past repair as is evidenced by the Carbine. I am sending you down the carbine and lockplates for inspection. Kindly return them when done

"procured for examination
"and further report."

I have the honor to be
Sir

Your obedient Servant
Major Colonel R
Inspector of Ordnance
Madras Circle

It is difficult to
conceive how from the
metal proceeds of arms
so broken up, manufacture
of arms can be arranged
for in any way more
economically than from
ordinary commercial steel
or wrought iron scrap
obtainable in Bazaars, or
other public markets, without
restriction or hindrance.

The woodwork of arms
broken up in Arsenal is
sold but is broken
up and utilized departmentally.

It is recommended that
a few of the Arms said
to be made up at Bangalore,
or elsewhere, from old
metal
