Sir

With reference to Confidential G.O. dated 9th Novem 1894 No 2708 Judl I have the honor to report far as I have been able to learn out 8 non-sporting Rifles have come into the possession of Natives of India in Madras.

These Rifles - Breech-loading Martini-Henrys - were sold by Messrs Oakes & Co by public auction on account of the Pittapore Estate in January 1894.

The purchasers were —

1 M.R.Ry Karunakara Menon Dy Collector and Magistrate Saidapett
2 Abdul Aziz, Nephew, Son-in-law and Partner of Hur Mohiuddin Sahib, a well-to-do Merchant of Madr
3 Abdul Ghafur, an employé in the above firm: Ca of No 2.

The first is an exempted person; the other two applied for and obtained from me licenses to possess single-barrelled Rifles. These licenses have not been renewed for the current year and will not be renewed pending orders. Meanwhile the Arms are in the possession of the Police.

I asked the District Magistrate of Godavari to endeavour to ascertain how the late Rajah of Pittapore became possessed of the Rifles. He replied that the Manager of the Estate is unable

any distinct information on the subject
surmises that the Rajah purchased them
European gentlemen from time to time"

I do not think that in this Province the possession
non-sporting Rifles, by natives of India, is attended with any political danger

So far, therefore, there appears be no necessity to take measures regulate the transfer of such rifles by Europeans to Natives of India in this District; but I think it would be well to require persons entitled to hold weapons without license to make a return early of what they possess under penalty of cancellation of the privilege for non-return or false eturn.

Sir,

With reference to G. O., J. D, No 2 of 9th November last, and to reminde card, dated 21st Ultimo, I have the honor to report that, according to the repl received from three of the four Divisi-al officers to a reference made by m in the matter, it is clear that no rifle of a non-sporting character have come into the possession of natives i this part of the country. The Joint Mag-trate Mr Harding adds that he be-lieves there are no rifles of a sportin character. The Deputy Collector of

Kollegal states that the only instance of a rifle having got into the possession of a native that has come before him was one which came up before him in a case under the Arms Act. Mr. C. A. Mackenzie, a late deputy Collector, had a rifle, apparently a sporting one, which his widow, a native woman, mortgaged to a Muhammadan who held no license. The latter accidentally killed a man with it and was prosecuted under the Arms Act and the rifle confiscated.

2. In Malabar I received a few applications from natives for licenses for rifles. I refused all which came to my knowledge. An application for a transport license was made by the Public Prosecutor, Mkky K. Govindan Nambiyar, a volunteer, who was then and is now, I believe, acting as a District Munsiff. It was for some form of repeating rifle. I do not know whether he purchased it or not.

THE Chief Secretary to Government

SIR.

In reply to Government order no 270/9·11·9 Judicial, I have the honor to report that as to exempted persons, I have no means of knowing whether they possess rifles, non-sporting or otherwise; and without the distinct orders of Government I hesitate to make special enquiries;

that as to non-exempts, no license has been granted in this district for a rifle as such, though I am enquiring whether 5 repeating guns are not really rifles.

2. On the other hand, I have recen

Refused licenses for 2 new rifles, and have refused to renew for a Winchester rifle (8 magazine) a license which had originally been granted by the Mysore Resident under Form IX

3. On the whole I must say there are very few rifles with natives in this district. I may add however that licenses have been issued for 49 pistols and for 82 revolvers; and I think more licenses for these weapons cannot wisely be issued considering the character of this district

SIR,

Referring to confidential Government Order dated 9th November 1894 No 270 Judicial, I have the honor to submit a list of natives who are in possession of nonsporting Rifles in the District. It will be seen from it that such Rifles have come into the possession of twelve natives residing in Krishnagiri and Hosur Taluks and that the information obtained in the

enqui

enquiry started confidentially as to the time in which and the persons from whom the Rifles were got is not satisfactory and conclusive

2. As to the measures needed to regulate the transfer of nonsporting Rifles by Europeans to natives of India exempted from the operations of the Arms Act, I called for the opinion of the District Superintendent of Police and of the Divisional Magistrates. The General charge Deputy Magistrate has no opinion to offer. The Head Assistant Magistrate's opinion is that Officers of Government and nonofficial Europeans, when they sell or transfer the Rifles in

their

their possession to natives, should be required to report such sales or transfers to Government or such Officer as the Government may authorise on that behalf. The other Divisional Magistrates and the Superintendent of Police have not yet reported their views for which I am sending a third reminder today. On receipt of their replies, I shall submit a further report on the matter. In my opinion no measures are necessary at present to regulate this traffic

FOR ORDERS.

I have no confidence in the accuracy of these returns - It ems impossible that no ore than 20 non-sporting rifles hould be owned by natives in this Presy - Probably people have been misled by the term "non-sting" - If India wishes we e undertake further enquiries, n I should ask, not how many n-"sporting" rifles were owned by natives, but how many breechloading rifles of the calibre of ·500 or less are owned - But I think it may afely assumed that very ~~such~~ rifles of a kind likely useful for the purposes of - (an insurrection) are to d in this Presy, and I t think any precautions essary as to their transfer Europeans to Natives.

The Govt of India has called for a report as to:-

(a) the extent to which non-sporting rifles have come into the possession of Natives of India in this Presidency

(b) whether any measures are necessary to regulate the transfer of such rifles by Europeans to Natives of India who are not prohibited from possessing them.

2. As to (a) the replies received from Dist. Magts & the Commissioner of Police show that such rifles very seldom come into the possession of natives - only 20 undoubted cases are reported.

3. As to (b). the Dist. Magte of Tanjore is the only officer who proposes any measure to regulate the transfer of such rifles to natives. He proposes that orders should issue requiring "persons entitled to hold weapons without "license to make a return yearly of what "they possess under penalty of cancellation "of the privilege for non-return or false return". Other District Magtes either express no opinion or state that no restrictive measures are needed.

4. The replies from Godavari & Salem are

not quite complete but there appears no need to delay answering the Govt. of India as the information furnished is practically sufficient.

5. The Commissioner of Police reports that he is detaining two rifles (for which licenses were granted last year - but not renewed for the current year) "pending orders" as the owners are not exempted:- Submitted that the licenses shd. be renewed, as having once been granted; or that the Commissioner should be told to exercise his discretion in the matter

Sir

I am directed to acknowledge the receipt of Mr. Hewett's letter dated 31 Oct. 1894 No. 23 Public / 1803 enquiring ~~as~~ as to (a) the extent to which non-sporting rifles have come into the possession of natives of India in the Madras Presidency and (b) the necessity of taking measures to regulate the transfer of such rifles by Europeans to natives of India who are not prohibited ·X·

2. In reply I am to state that the returns furnished by Distt. Magtes & the Commr. of Police Madras shew, ~~that~~ some twenty non-sporting rifles are in the possession of natives of India in this Presi Certain returns are however admitted incomplete & the Govt. has reason to d the absolute accuracy of the information receiv the Govt. of India desires that further enq shall be ~~made~~ undertaken, H.E. the Govt. in Council wo suggest that endeavour shld. merely be to ascertain the number of breech-load of a calibre not exceeding .500 poss natives.

3. I am however to say that the that it may safely be assumed that rif a description suitable for military p are owned by natives of this Presidency ~~exceedingly~~ very few cases, and that is no necessity to adopt any preca to regulate the transfer of such from Europeans to natives
