at Palamcottah when a cattle fair is held from about the 15th September to the 15th October in each year.

2. In Sahas Saluk, there are two cattle fairs held annually, one during the festival at Kamiseri from about the 5th to 16th June every year and the other during the festival at Muthalapuram from about the 6th to 26th July. In the former fair about 7000 cattle assemble and in the latter about 5000 cattle.

The cattle fairs generally continue for about a fortnight after the festival is over. It is thus desirable that the cattle diseases act should be put in force during the month of June at Kamiseri and during the month of July at Muthalapuram.

3. In Otapidanur Saluk, cattle fairs are held at Kalugumalai during the Maipusam and Panguni-uttirum festivals for about 10

10 days at each festival. The festivals for the year 1895 being now over, the act may be put in force from next year. The fairs for 1896 will commence on the 30th January and 25th March respectively.

4. In Tenkavai Saluk, the only important fair is that which is held at Tiruchendur, during the Masi festival about the 28th February every year. About 5000 cattle are collected together and stay there for some 20 days. The festival for 1895 being already over, the act may be put in force from next year. The festival is held on the 18th February 1896.

5. Draft notifications for introducing the cattle diseases act during the festivals for 1895 at Kamiseri and Muthalapuram are enclosed for the approval.

approval of Government and for publication in the Fort Saint George Gazette. Draft notification for bringing the act into force during the festival Palamcottah will be sent later on after ascertaining the exact date of the festival, and draft notification regarding the fairs of 1896 will be sent towards the close of 1895.

Resolution

Submitted to Government with the recommendation that the provisions of act II of 1866 (Cattle disease Prevention act) be put into force as proposed during the ensuing cattle fair at Kammiseri and Kintulapam in Tirunelveli.

2. If the proposal is approved, the Superintendent Civil Engineering Department will arrange to depute a

a stock Inspector to attend the two fairs, to assist in carrying out the provisions of the act.
