CONDITIONS

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools, or implements for, work connected with the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves, and fittings therein shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean: and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor.

6. Before repairs are done to, or in any part of a room or magazine, it shall, as far as is practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part: and after such cleaning, these conditions shall cease to apply to explosive until such room or, part of the magazine is again taken into it.

7. Except after such cleaning, all tools and implements used in or in any repairs to any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and otherwise, or by some such means, for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel, or grit: but this rule shall not prevent the introduction of an artificial light of such construction, position, or character, as not to cause any danger of fire or explosion.

9. No person shall smoke in any part of the magazine.

10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown-up person.

11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications:—

- The various explosives of classes 1 (gunpowder), 2 (nitrate-mixture), 3 (nitro-compound), and 4 (chlorate-mixture) safety fuze belonging to the 1st division of class 6 (ammunition), and such of the various explosives of the 2nd division of class 6 (ammunition), as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.
- The various explosives of the 1st division of class 6 (ammunition) may be kept with each other without any intervening partition or space.
- Such of the various explosives of the 2nd division of class 6 (ammunition) as contain any exposed iron or steel may be kept with each other without any intervening partition or space.
- The various explosives of the 3rd division of class 6 (ammunition) may be kept with each other without any intervening partition or space.
- The various explosives of class 7 (firework) may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorized persons having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

District Magistrate

Nilgiris

The Chief Secretary to Government

Judicial Department

Madras.

Sir

I have the honor to submit for the orders of Government applications from the undermentioned persons for the grant of licenses in Form E (Rule 17 of the Explosives Act Rules).

(1) Messrs. Cooke and Co. Cotacamund

(2) Messrs. Spencer and Co. Cotacamund.

2. The magazines used by the above Companies have just now been inspected by the Sub. Magistrate

of Cotacumund, as required in
para 2 of Government order dated
2-6-1894 No 1346. I have also
inspected them this year, and the
defects referred to in my letter no
11 of dated 7-5-1894 in respect of
Messrs. Spencer and Co's magazine
have been remedied, and Mr. Allamby's
bungalow is still unoccupied. I beg
to recommend that the licenses for 1895
may be issued.

3. Draft licenses in Form E, are herewith
submitted

I have the honor to be
Sir
Your most obedient servant
McPherson
Jd District Magistrate.
