24TH MAY 1895, No. 1118, JUDICIAL.

GOVERNMENT OF MADRAS.
JUDICIAL DEPARTMENT.

READ—the following paper:—

From J. P. HEWETT, Esq., C.I.E., Officiating Secretary to the Government of India, Home Department (Judicial), to the Chief Secretary to the Government of Madras, dated Simla, the 24th April 1895, No. 6-Judicial—622.

I am directed to forward a copy of a despatch from the Secretary of State, No. 18, Revenue, dated the 31st January 1895, and of a letter from the Dundee Chamber of Commerce (enclosed therein) giving cover to certain resolutions passed at a meeting of the Chamber regarding the long hours during which women and children may be employed in factories in India and the alleged want of adequate and systematic inspection of such factories, and, in inviting an expression of the opinion of His Excellency the Governor in Council upon the matters dealt with in the letter and resolutions, to say that the Governor-General in Council especially desires to ascertain whether, in the opinion of the Government of Madras, there is any necessity for amending the law so as to reduce the hours during which machinery upon which women and children are employed may be wrought in factories in India, and whether there is any ground for believing that the present system of inspection of factories is inadequate and unsystematic. His Excellency in Council will be glad if His Excellency the Governor in Council will, after consulting the Chambers of Commerce and Associations interested in the matter, and such officials and other persons as he may think fit to consult, favour the Government of India with his views upon the questions raised.

ENCLOSURES.

DESPATCH from the Right Honourable Mr. H. H. FOWLER, Her Majesty's Secretary of State for India, to His Excellency the Right Honourable the Governor-General of India in Council, dated India Office, London, 31st January 1895, No. 18, Revenue.

I forward, for such observations as your Excellency may wish to make, copy of a letter from the Dundee Chamber of Commerce, dated 27th December 1894, concerning the Indian Factory Act and the desirability of extending its restrictions.

SIR,

DUNDEE CHAMBER OF COMMERCE,
27th December 1894.

I am directed by the President of the Dundee Chamber of Commerce to forward to you a series of resolutions in regard to the hours of work in jute mills in India, which were passed at a meeting of this Chamber held yesterday.

These resolutions received the unanimous support of the meeting, and I am further directed to state that it is hoped they will be favourably considered by the Government of India, and that steps will be taken to remove the injustice complained of and to assimilate the provisions of the Act regulating factories in India to those of the Factory Act in this country, especially with regard to working hours and inspection.

I am, &c.,

(Signed) G. C. KEILLER,
Secretary.

The Secretary of State for India.

Enclosure in above.

Copy of Resolutions referred to, accompanied by Newspaper report of the meeting.

At a meeting of the Dundee Chamber of Commerce held on the 26th December 1894 it was unanimously resolved as follows, viz.—The Chamber desires to draw the attention of the Secretary of State for India—

- (1) to the injustice of the competition with the home textile industries, permitted by the laxity of the Indian Factory Act as regards the long hours during which machinery operated by women, young persons, and children may be wrought, 22 hours by women and young persons, and 15 hours by children, as against 10 hours at home;
- (2) to the want of adequate and systematic inspection by officials trained and appointed to the work as required in the United Kingdom, and whether, even if such Inspectors were set apart for this work, it would be possible to prevent the intentions of the Legislature, as regards the working hours of women and children, being exceeded where the shift system is in operation;
- (3) whether the evils naturally incident to, and experienced in this country from, the employment of women and young persons during long hours and all night, has been sufficiently considered in permitting, under the provisions of the shift system, a new industry so to develop itself.

On these grounds the Chamber submits that factories conducted by subjects of the Crown, and equally under the control of Parliament whether in India or at home, should be subject to similar conditions. Particularly that they should not be allowed to employ women, young persons or children before six o'clock in the morning or after seven o'clock at night.

ORDER—dated 24th May 1895, No. 1118, Judicial.

Communicated, for remarks, to the District Magistrates of Tinnevely, Bellary, Coimbatore, South Arcot, Ganjam and Malabar, the Commissioner of Police, Madras, the Public Works Department, the Chamber of Commerce, the Madras Trades Association, Messrs. Binny & Co., Messrs. Arbuthnot & Co., Messrs. Parry & Co. and Messrs. Dymes & Co.
