READ—the following paper :—

From M.R.Ry. S. HARI RAO, Avargal, Registrar of Joint Stock Companies, to the Chief Secretary to Government, dated Madras, 15th May 1895, No. 244.

I have the honour to submit my report on the working of the Indian Companies Act, VI of 1882, during the official year 1894-95.

2. The prescribed abstract summarizing the general results of the year duly accompanies as enclosure No. I to this report.

3. Twenty-four companies against 22 last year were registered during the year (exclusive of the three societies registered under Act XXI of 1860, an Act for the incorporation of literary, scientific and charitable societies). None of these companies registered during this year too possesses any remarkably large capital. The liability of every one of them is limited by shares. Thirteen of these 24 companies are banking or loan companies, three are Trading companies, five Mills and Presses, one is a Planting Company, one is a Mining and Quarrying Company, and the remaining one is a Sugar Manufacturing Company. The nominal and paid-up capital and other particulars of all these companies are fully given in enclosure No. II.

4. The registered offices of four of these 24 companies are at the Presidency and of the rest in the provinces—two in Chingleput, three in Bellary, four in North Arcot, two in Madura, five in Tinnevelly and one in each of the districts of Cuddapah, Nellore, Trichinopoly and Kistna.

5. The nominal capital of the above 24 companies was Rs. 25,78,034 (as shown in the summary appended to enclosure No. II, against Rs. 22,83,914 or Rs. 2,94,120 more than last year and the paid-up capital so far as the same could be ascertained was Rs. 1,95,337-12-0 against Rs. 1,64,085-3-7 or Rs. 31,252-8-5 in excess of that of last year. Compared with last year the number of companies registered during the year increased by two.

6. A table giving fully the prescribed particulars of the increases made during the year by 17 companies of previous years forms enclosure No. IV to this report. As I have stated last year "the notices intimating these increases do not generally give the causes of such increases. I believe they are, owing to the very satisfactory working of the companies concerned and the popular consequent desire, to become members thereof."

7. No company reduced its nominal capital during the year as shown in enclosure No. V. The slight decrease in the paid-up capital of eight companies as well appear from enclosure No. I is chiefly due to the fact of the companies concerned having permitted some of their members to withdraw their shares.

8. Thirteen companies, whose nominal capital amounted to Rs. 36,24,278, were wound up during the year as shown in enclosure No. VI.

9. The number of companies working at the close of the last official year 1893–94 was 204. Thirteen of these inclusive of the Nilgiri Railway Company, with a nominal capital of Rs. 25 lakhs and a paid-up capital of Rs. 19,25,000, were wound up during the year under report. One hundred and ninety-one thus remaining of previous years and 24 of this year, making a total of 215 companies represent the total number working on the 31st March 1895 (exclusive of the 35 societies hitherto registered under Act XXI of 1860).

The following is the prescribed classification of them showing their nature, number, nominal and paid-up capital:—

Nature of companies.	Number.	Nominal capital.	Paid-up capital.
		Rs.	Rs. A. P
I. Banking Loan and Insurance	135	2,80,10,057	99,81,599 3 6
II. Trading	23	19,45,000	10,10,940 10 0
III. Mills and Presses	27	73,35,000	61,05,878 14 0
IV. Tea and other Planting Companies	8	10,25,000	9,10,960 0 0
V. Mining and Quarrying	9	31,42,000	11,73,652 0 1
VI. Ice Manufacture	..	..	..
VII. Sugar do.	3	8,75,000	37,250 0 0
VIII. Breweries	..	..	..
IX. (*a*) Others with capital	1	10,000	5,878 8 0
(*b*) Others without capital	9	..	..
Total ..	215	4,23,42,057	1,92,26,159 3 7

It will thus be seen that the nominal and paid-up capital of all the companies at work on the 31st March 1895 was Rs. 4,23,42,057 and Rs. 1,92,26.159–3–7 against Rs. 4,06,28,044 and Rs 1,94,60,819–9–4, respectively. Compared with last year the year under report shows an increase of Rs. 17,14,013 under nominal capital and a decrease of Rs. 2,34,660–5–9 under paid-up capital. This falling off in the amount of paid-up capital is chiefly due to a large company with a paid-up capital of Rupees 19,25,000 having been wound up during the year under report.

10. The number of companies having no capital divided into shares at the close of 1893–94 was nine and none of this nature having been registered or wound up during the year, the same (9) is the number thereof still at work on the 31st March 1895. A *nil* list of wound up companies of the kind accompanies the report as enclosure No. VII.

11. The subjoined table compares the registrations and collections of the department for the last two years:—

Years.	Registrations.	Collections.
		Rs. A. P.
1893–94	22	3,895 0 0
1894–95	24	4,502 12 0

Compared with last year the years' registrations increased by two and the collections by Rs. 607–12–0. This increase under both the heads seems certainly due mainly to the recent comparatively favourable season and the consequent slight fall in the prices of food-grains generally as already stated last year.

12. Almost all the companies have duly filed their balance sheets and lists of members during the year under report and even the few in default have also since done so. The five companies reported to have omitted to file their documents last year have likewise since submitted them before steps for their prosecution were taken by their respective district magistrates. There were, on the 31st March 1895, 215 companies at work in this Presidency. Of these, 80 are in Madras and 135 in the provinces. All the offices of the 80 companies in Madras were duly inspected by my two clerks during the year, the head clerk having inspected 58 and the second clerk 22. Those falling under section 69 of the Act were twice inspected by them—

26 by the head clerk and 20 by the second. Most of these companies inspected were found to have duly complied with the provisions of the Act, and the few that had not completely done so have now as usual readily supplied all the omissions pointed out to them. As directed in G.O., dated 15th September 1891, No. 1882 (Judicial), I have this year too duly notified to district magistrates lists of all companies working in their respective districts on the 30th November 1894 and also from time to time those subsequently registered during the year under report and the number of companies thereupon inspected by them is shown in the subjoined statement:—

Name of district.	Number of companies reported for inspection.	Number of companies inspected.	Number of companies not inspected.	Date on which the report was due.	Date on which the report was received.	Whether companies falling under section 69 of the Act were twice inspected.	Remarks.

Total ..	139	135	4				

From the foregoing statement it will be seen that out of 139 companies communicated to twenty district magistrates so many as 135 companies were duly inspected by nineteen of them and reports of the remaining four companies are still awaited from the District Magistrates of Gódávari, Bellary and North Arcot. The eight District Magistrates of Chingleput, North Arcot, Trichinopoly, Tanjore, Madura, Cuddapah, Salem and Nilgiris have all twice inspected the companies in their respective districts falling within the scope of section 69 of the Act during the year under report. The inspection reports received from the district magistrates generally show that most of their companies had complied with the requirements of the Act. In the very few cases in which certain companies had not, the magistrates concerned have either insisted on the omissions noticed being immediately supplied or warned them against the recurrence of such omissions in future. The report of the District Magistrate of Gódávari will also, on its receipt, be duly communicated to Government.

13. The registration fees collected during the year amounted to Rs. 4,502–12–0 against Rs. 3,895 last year and they have all been remitted into the treasury during the year. Of these fees those realized under Act VI of 1882 were Rs. 4,352–12–0 and under Act XXI of 1860, Rs. 150 as shown in enclosure No. X to this report. The charges for the office establishment, house-rent and furniture, &c., amounted to Rs. 1,412 against Rs. 1,427–1–7. Deducting this expenditure from the gross collections of the year, viz., Rs. 4,502–12–0, the net balance in favour of the department for the year is Rs. 3,090–12–0 against Rs. 2,467–14–5 last year.

14. The orders of Government with regard to the maintenance of service registers and their verification, &c., from time to time have been fully carried out by this department during this year also.

The average capital of the working Companies continued to decrease, the average nominal capital being Rs. 1,96,940 against Rs. 1,99,157 in the previous year and the average paid-up capital being Rs. 89,424 against Rs. 95,396. This decrease was, however, entirely due to the winding up of the Nilgiri Railway Company with a nominal capital of 25 lakhs and a paid-up capital of Rs. 19,25,000.

2. The inspection of officers in the Madras City was as usual complete, and only four out of 139 mufassal offices were left unvisited. There were again several instances of failure to inspect twice during the year. Companies falling under section 69 of Act VI of 1882—a defect to which the attention of District Magistrates will once more be drawn as also to the necessity of submitting their inspection reports more punctually.

Sir

I have the honor to submit my report on the working of the Indian Companies Act VI of 1882 during the official year 1894-95.

2. The prescribed abstract summarizing the general results of the year duly accompanies as enclosure No. I to this report.

3. Twenty four companies against 22 last year were registered during the year (exclusive of the 3 Societies registered under Act XXI of 1860, an Act for the incorporation of literary, scientific and charitable societies). None of these companies registered during this year too possesses any remarkably large capital. The liability of every one of them is limited by shares. Thirteen of these 24 companies are Banking or loan Companies, three are

[illegible] Company, [illegible] each one is a Sugar Manufacturing Company. The nominal and paid-up capital and other particulars of all these companies are fully given in Enclosure No. II

4. The registered offices of four of these 24 Companies are at the Presidency and of the rest in the provinces — two in Chingleput three in Bellary, four in North Arcot, two in Madura, five in Tinnevelly and one in each of the Districts of Cuddapah, Nellore, Trichinopoly and Kristna.

5. The nominal capital of the above 24 Companies was Rs 25,78,034 (as shown in the summary appended to Enclosure No. II against Rs 22,83,914 or Rs 2,94,120 more than last year and the paid-up capital so far as the same could be ascertained was Rs 1,95,337-12-0 against 1,64,085-3-7 or Rs 31,252-8-5 in excess of that of last year. Compared with last year the number of companies registered during the year increased by 2.

6. A table giving fully the prescribed particulars of the increases made during the year by 17 Companies of previous years forms Enclosure No. III to this report

As

increases. [illegible] owing to the very satisfactory working of the companies concerned and the popular consequent desire to become members thereof."

7. No company reduced its nominal capital during the year as shown in Enclosure No. IV. The slight decrease in the paid-up capital of 8 Companies as well appear from Enclosure No. I is chiefly due to the fact of the companies concerned having permitted some of their members to withdraw their shares.

8. Thirteen Companies whose nominal capital amounted to 36,24,278 were wound up during the year as shewn in Enclosure No. VI.

9. The number of companies working at the close of the last official year 1893-94 was 204. Thirteen of these inclusive of the Nilgiri Railway Company with a nominal capital of Rs 25 lakhs and a paid-up capital of Rs 19,25,000 were wound up during the year under report. One hundred and ninety one thus remaining of previous years and 24 of this year making a total of 215 Companies represent the total number working for the 31st March 1895 (exclusive

of

The following is the prescribed classification of them shewing their nature, number nominal and paid-up capital.

Nature of Companies	number	Nominal Capital	Paid-up Capital		
I. Banking Loan and Insurances	135	280,10,057	9981599	3	6
II. Trading	23	1945,000	10,10,940	10	-
III. Mills and Presses	27	7335,000	61,05,878	14	-
IV. Tea and other Planting Companies	8	1025,000	9,10,960	"	-

VIII. Breweries	"	"	"	"	-
IX. (a) Others with capital	1	10,000	5878	8	-
(b) Others without capital	9	"	"	"	"
Total	215	42342057	19226159	3	7

It will thus be seen that the nominal and paid-up capital of all the companies at work on the 31st March 1895 was Rs 42342057 and Rs 19226159-3-7 against Rs 40628044 and 19460519-9-4 respectively — Compared with last year the year under report shews an increase of Rs 1714013 under Nominal Capital and a decrease of Rs 234660-5-9 under Paid-up Capital. This falling off in the paid-up capital is chiefly due to a large company with a paid-up capital of Rs 1925000 having been wound up during the year under report.

10. The number of companies having no capital divided into shares at the close of 1893-94 was 9 and none of this nature having been registered or wound up during the year, the same (9) is the number thereof still at work on the 31st March 1895. A nil list of wound up companies of the kind accompanies the Report as Enclosure No. VII.

11. The subjoined table compares the registrations and collections of the department for the last 2 years.

Years	Registrations	Collections
1893-94	22	38,5
1894-95	24	1

increased by 2 and the collections by Rs 607-12-.
This increase under both the heads seems certainly
due mainly to the recent comparatively favorable
season and the consequent slight fall in the prices
of food grains generally as already stated last
year.

12. Almost all the companies have duly
filed their balance sheets and Lists of members
during the year under report and even the
few in default have also since done so. The five
companies reported to have omitted to file their
documents last year have likewise since sub=
mitted them before steps for their prosecution
were taken by their respective District Magistrates.
There were on the 31st March 1895, 215 companies
at work in this Presidency. Of these 80 are in
Madras and 135 in the provinces. All the offices
of the 80 companies in Madras were duly inspected
by my two clerks during the year, the Head clerk
having inspected 58 and the Second clerk 22.
Those falling under Section 69 of the Act were
seen inspected by them.— 26 by the Head clerk
& 20 by the Second. Most of these companies
inspected were found to have duly complied with
the provisions of the Act, and the few that had

readily supplied all the omissions pointed out
to them. As directed in G.O. dated 15th September
1891 No 1882 (Judicial) I have this year too duly
notified to District Magistrates lists of all
companies working in their respective districts
on the 30th November 1894 and also from time to
time those subsequently registered during the
year under report and the number of companies
thereupon inspected by them is shewn in the
subjoined statement.

The 8 District Magistrates of Chingleput, North Arcot, Trichinopoly, Tanjore Madura, Cuddapah, Salem and Nilgiris have all twice inspected the companies in their respective districts falling within the scope of Section 69 of the Act during the year under report. The inspection reports received from the District Magistrates generally show that most of their companies had complied with the requirements of the Act. In the very few cases in which certain companies had not, the Magistrates concerned have either insisted on the omissions noticed being immediately supplied or warned them against the recurrence of such omissions in future. The report of the District Magistrate of Godavari will also on its receipt be duly communicated to Government.

13. The registration fees collected during the year amounted to Rs 4502-12-0 against Rs 3895 last year and they have all been remitted into

into the treasury during the year. Of these fees those realized under Act VI of 1882 were Rs 4,352-12-0 and under Act XXI of 1860 Rs 150 as shewn in Enclosure No. X to this report. The charges for the Office establishment, house-rent and furniture &c amounted Rs 1,412 against Rs 1,427-1-7. Deducting this expenditure from the gross collections of the year viz Rs 4502-12- the net balance in favor of the department for the year is Rs 3090-12-0 against Rs 2467-14-5 last year.

14. The orders of Government with regard to the maintenance of Service registers and their verification &c from time to time have been fully carried out by this department during this year also.

C.No. 2490.

ORDER, P.S. d/ 13th June 1895 No. 1248

The increase in the number of new registrations of companies, which was noticed in the Govt Order reviewing the last report, was continued in 1894-95, 24 companies being registered as against 33 in 1893-94. Particulars of the number and capital of the companies newly formed and at work during the last nine years are given in the following statement:-

Year.	Companies registered in the year.			Number of Companies wound up.	Companies working at the end of the year.			Collections.
	No.	Nominal capital	Paid-up capital		No.	Nominal capital	Paid-up capital

1894-95.	24	2578034	195888	18	315	42842057	19226159	4,503

The average capital of the working Companies continued to decrease, the average nominal capital being Rs. 1,96,940 against Rs. 1,99,157 in the previous year and the average paid up capital being

Rs.

Rs. 89,434 against Rs. 95,896. This decrease was however entirely due to the winding up of the Nilgiri Railway Company with a nominal capital of 25 lakhs and a paid up capital of Rs. 19,35,000.

2. The inspection of officers in Madras City was as usual complete, and only 4 out of 189 mufassal offices were left unvisited. There were again several instances of failure to inspect twice during the year companies falling under Section 69 of Act VI of 1882 — a defect to which the attention of District Magistrates will once more be drawn as also to the necessity of submitting their inspection reports more punctually.

JUNE 1895, No. , JUDICIAL.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. S. HARI RAO, Avargal, Registrar of Joint Stock Companies, to the Chief Secretary to Government, dated Madras, 15th May 1895, No. 244.

I have the honour to submit my report on the working of the Indian Companies Act, VI of 1882, during the official year 1894-95.

2. The prescribed abstract summarizing the general results of the year duly accompanies as enclosure No. I to this report.

3. Twenty-four companies against 22 last year were registered during the year (exclusive of the three societies registered under Act XXI of 1860, an Act for the incorporation of literary, scientific and charitable societies). None of these companies registered during this year too possesses any remarkably large capital. The liability of every one of them is limited by shares. Thirteen of these 24 companies are banking or loan companies, three are Trading companies, five Mills and Presses, one is a Planting Company, one is a Mining and Quarrying Company, and the remaining one is a Sugar Manufacturing Company. The nominal and paid-up capital and other particulars of all these companies are fully given in enclosure No. II.

4. The registered offices of four of these 24 companies are at the Presidency and of the rest in the provinces—two in Chingleput, three in Bellary, four in North Arcot, two in Madura, five in Tinnevelly and one in each of the districts of Cuddapah, Nellore, Trichinopoly and Kistna.

5. The nominal capital of the above 24 companies was Rs. 25,78,034 (as shown in the summary appended to enclosure No. II, against Rs. 22,83,914 or Rs. 2,94,120 more than last year and the paid-up capital so far as the same could be ascertained was Rs. 1,95,337-12-0 against Rs. 1,64,085-3-7 or Rs. 31,252-8-5 in excess of that of last year. Compared with last year the number of companies registered during the year increased by two.

6. A table giving fully the prescribed particulars of the increases made during the year by 17 companies of previous years forms enclosure No. IV to this report. As I have stated last year "the notices intimating these increases do not generally give the causes of such increases. I believe they are, owing to the very satisfactory working of the companies concerned and the popular consequent desire, to become members thereof."

7. No company reduced its nominal capital during the year as shown in enclosure No. V. The slight decrease in the paid-up capital of eight companies as well appear from enclosure No. I is chiefly due to the fact of the companies concerned having permitted some of their members to withdraw their shares.

8. Thirteen companies, whose nominal capital amounted to Rs. 36,24,278, were wound up during the year as shown in enclosure No. VI.

9. The number of companies working at the close of the last official year 1893–94 was 204. Thirteen of these inclusive of the Nilgiri Railway Company, with a nominal capital of Rs. 25 lakhs and a paid-up capital of Rs. 19,25,000, were wound up during the year under report. One hundred and ninety-one thus remaining of previous years and 24 of this year, making a total of 215 companies represent the total number working on the 31st March 1895 (exclusive of the 35 societies hitherto registered under Act XXI of 1860).

The following is the prescribed classification of them showing their nature, number, nominal and paid-up capital:—

Nature of companies.	Number.	Nominal capital.	Paid-up capital.
		Rs.	Rs. A. P
I. Banking Loan and Insurance	135	2,80,10,057	99,81,599 3 6
II. Trading	23	19,45,000	10,10,940 10 0
III. Mills and Presses	27	73,35,000	61,05,878 14 0
IV. Tea and other Planting Companies	8	10,25,000	9,10,960 0 0
V. Mining and Quarrying	9	31,42,000	11,73,652 0 1
VI. Ice Manufacture	..	..	..
VII. Sugar do.	3	8,75,000	37,250 0 0
VIII. Breweries	..	..	..
IX. (*a*) Others with capital	1	10,000	5,878 8 0
(*b*) Others without capital	9	..	..
Total ..	215	4,23,42,057	1,92,26,159 3 7

It will thus be seen that the nominal and paid-up capital of all the companies at work on the 31st March 1895 was Rs. 4,23,42,057 and Rs. 1,92,26,159–3–7 against Rs. 4,06,28,044 and Rs 1,94,60,819–9–4, respectively. Compared with last year the year under report shows an increase of Rs. 17,14,013 under nominal capital and a decrease of Rs. 2,34,660–5–9 under paid-up capital. This falling off in the amount of paid-up capital is chiefly due to a large company with a paid-up capital of Rupees 19,25,000 having been wound up during the year under report.

10. The number of companies having no capital divided into shares at the close of 1893–94 was nine and none of this nature having been registered or wound up during the year, the same (9) is the number thereof still at work on the 31st March 1895. A *nil* list of wound up companies of the kind accompanies the report as enclosure No. VII.

11. The subjoined table compares the registrations and collections of the department for the last two years:—

Years.	Registrations.	Collections.
		Rs. A. P.
1893–94	22	3,895 0 0
1894–95	24	4,502 12 0

Compared with last year the years' registrations increased by two and the collections by Rs. 607–12–0. This increase under both the heads seems certainly due mainly to the recent comparatively favourable season and the consequent slight fall in the prices of food-grains generally as already stated last year.

12. Almost all the companies have duly filed their balance sheets and lists of members during the year under report and even the few in default have also since done so. The five companies reported to have omitted to file their documents last year have likewise since submitted them before steps for their prosecution were taken by their respective district magistrates. There were, on the 31st March 1895, 215 companies at work in this Presidency. Of these, 80 are in Madras and 135 in the provinces. All the offices of the 80 companies in Madras were duly inspected by my two clerks during the year, the head clerk having inspected 58 and the second clerk 22. Those falling under section 69 of the Act were twice inspected by them—

26 by the head clerk and 20 by the second. Most of these companies inspected were found to have duly complied with the provisions of the Act, and the few that had not completely done so have now as usual readily supplied all the omissions pointed out to them. As directed in G.O., dated 15th September 1891, No. 1882 (Judicial), I have this year too duly notified to district magistrates lists of all companies working in their respective districts on the 30th November 1894 and also from time to time those subsequently registered during the year under report and the number of companies thereupon inspected by them is shown in the subjoined statement:—

From the foregoing statement it will be seen that out of 139 companies communicated to twenty district magistrates so many as 135 companies were duly inspected by nineteen of them and reports of the remaining four companies are still awaited from the District Magistrates of Gódávari, Bellary and North Arcot. The eight District Magistrates of Chingleput, North Arcot, Trichinopoly, Tanjore, Madura, Cuddapah, Salem and Nilgiris have all twice inspected the companies in their respective districts falling within the scope of section 69 of the Act during the year under report. The inspection reports received from the district magistrates generally show that most of their companies had complied with the requirements of the Act. In the very few cases in which certain companies had not, the magistrates concerned have either insisted on the omissions noticed being immediately supplied or warned them against the recurrence of such omissions in future. The report of the District Magistrate of Gódávari will also, on its receipt, be duly communicated to Government.

13. The registration fees collected during the year amounted to Rs. 4,502–12–0 against Rs. 3,895 last year and they have all been remitted into the treasury during the year. Of these fees those realized under Act VI of 1882 were Rs. 4,352–12–0 and under Act XXI of 1860, Rs. 150 as shown in enclosure No. X to this report. The charges for the office establishment, house-rent and furniture, &c., amounted to Rs. 1,412 against Rs. 1,427–1–7. Deducting this expenditure from the gross collections of the year, viz., Rs. 4,502–12–0, the net balance in favour of the department for the year is Rs. 3,090–12–0 against Rs. 2,467–14–5 last year.

14. The orders of Government with regard to the maintenance of service registers and their verification, &c., from time to time have been fully carried out by this department during this year also.
