15TH JUNE 1895, No. 1273, JUDICIAL.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following:—

Returns from District Magistrates and the Commissioner of Police, Madras, of sulphur licenses issued in 1894.

ORDER—dated 15th June 1895, No. 1273, Judicial.

These returns relate to the transactions in sulphur during 1894, a summary of which is given in the statement appended to this proceedings. The total quantity of sulphur covered by the licenses issued in 1894 amounted to 1,000 tons against 982 in 1893 and the stock in trade of each licensed vendor averaged 1·4 tons, while the average quantity sold by each licensee was 1·02 tons.

2. The number of licenses was largest in Gódávari. The quantity of stock in trade on the other hand was the highest in Madras (164 tons), and lowest in Kurnool (1·7 tons). The sales advanced in nine districts, but in Madras there was a noticeable fall from 154 tons in 1893 to 125 tons in 1894, for which no explanation has been furnished. There were no transactions in 25 shops in the whole Presidency during 1894.

3. As usual, sulphur was largely used in the manufacture of gunpowder and fireworks and to a less extent for medicinal, sanitary and bleaching purposes.

4. The statement in the appendix shows the variations in the opening and closing balances which have been explained in each case.

5. The Government again notices the following instances of neglect of orders in the preparation of these returns:—

(1) *South Arcot.*—Column 2 of the statement has not been filled up.

(2) *Bellary.*—The entries in column 2 of the statement are incorrect in several instances.

(3) *Coimbatore.*—In one case a license current in the year but issued in the previous year was not noticed as such in the return. There were several cases of excessive delay in the renewal of licenses.

(4) *Cuddapah.*—One license current during the year but issued in the previous year has not been noted as such at foot of the return.

(5) *Gódávari.*—The licenses in this district were in very few cases promptly renewed. The District Magistrate's attention will again be drawn to this point. The totals of columns 7, 14 and 23 as shown in the return are incorrect; the errors have been rectified in the appendix.

(6) *Kurnool.*—The return was not received till the 25th April and the delay has not been explained. The entry (13 quarters) in column 21 against shop No. 3 is an obvious mistake for 3 quarters.

(7) *Tinnevelly.*—The return includes several cases in which there was great delay in renewing licenses.

(8) *Vizagapatam.*—The entries in column 2 of the return from this district are again incorrect. The District Magistrate should take due notice of this want of care in his office. It is observed that his attention was drawn to this same matter in the last review.

6. Eleven returns were received on or before the due date and six more within ten days of it, but those relating to the districts of Coimbatore, Nellore, Kurnool, South Canara and Chingleput were discreditably late. The Government must once more insist upon greater punctuality in the submission of this return.

Current No. of 189 , dated from Returns from District Magistrates & the Comr. of Police, Madras, of sulphur licenses issued in 1894.

ORDER.

P. 1.

These returns relate to the transactions in Sulphur during 1894, a summary of which is given in the statement appended to this Proceedings. ~~In Nilgiris there were, as usual, no transactions in sulphur. In the remaining districts & in Madras City two hundred and seventy five licenses (the same figure as in 1893) were in force, of which twenty five were new.~~ The total quantity of sulphur covered by the licenses issued in 1894 amounted to 1000 tons against 982 in 1893. ~~The balance in hand at the close of the previous year was 170 tons 16 cwts 2 qrs 8 lbs. and the purchases during the year 1894 amounted to [illegible] tons 10 cwts. 3 qrs. 19 lbs.~~ and The stock in hand of each licensed vendor averaged 1.4 tons and the average quantity sold by each licensee was 1.02 tons.

2. The ~~total~~ largest number of licenses ~~were in~~ was largest in Godavari. The quantity [illegible]

(1.7 tons)
~~& the smallest~~ lowest in Kurnool. The sales advanced in ~~twelve~~ ~~eight~~ districts but in Madras there was again a noticeable ~~de~~ fall from 15 3/4 (tons) in 1893 to 12.5 tons in 1894. There were no transactions in 18 shops in the whole Presidency during 1894.

3. As usual, the sulphur was largely used in the manufacture of gunpowder & fireworks and to a less extent for medicinal, sanitary and bleaching purposes.

4. The statement in the appendix shows the variations in the opening & closing balances which have been explained in each case.

5. The Govt. again notices the following instances of neglect of orders in the preparation of these returns:–

(1) South Arcot: Col. 2 of the statement has not been filled up.

(2) Bellary: The entries in col. 2 of the statement are incorrect in several instances.

(3) Coimbatore: In one case a license current in the year but issued in the previous year was not noticed as such in the return. – There were several cases of excessive delay in the renewal of licenses ~~The licence issued on the 2[?]th Decr. 1893 to take effect from the beginning of 1894 should have been noted at foot of in the return as such in the returns.~~ ~~In spite of the remark in the review on ... years' reports there yet appears ... great delay in obtaining the ... of licenses. has not been noted as such at foot of the return.

(5) Godavari: ~~There appears~~ licenses in this Dt. were in very few case promptly ~~also do not seem to have been~~ renewed promptly. The Dn's attention will again be drawn to ~~this~~ the defect. The totals of Cols. 7, 14 & 23 ~~are~~ as shown in the returns are incorrect; the errors have been rectified in the appendix.

(6) Kurnool: The return was not received till the 25th April & the delay has not been explained. The entry (13) qrs. in col. 21 against shop no. 3 ~~seems to be~~ is an obvious mistake for 3 qrs.

~~(7) Malabar. There do not appear to have been any transactions in two shops. The reason for this should have been explained in the Remarks Column.~~

(~~8~~) Vizagapatam. The entries in col. 2 of the return from this Dt. are again incorrect. The Dn. should take due notice of repeated ~~duly notice this~~ carelessness.

~~6. The returns from Anantapur, S. Canara, Chingleput, Coimbatore, Kurnool, & the complete returns from Nellore were again received very late. This delay in spite of repeated Govt. orders on the subject is most discreditable to the officers concerned.~~

~~(7) Salem. The name of the one new licensee was not entered in~~ red ink

(7) Kumool[?]

The return includes several cases in which there was great delay in renewing licenses

[illegible]

6. ~~Eleven~~ ~~twelve~~ returns were received on or before the due date, & six more within ... days of it – but those relating to the districts of Coimbatore, Nellore, Kurnool, South Canara & Chingleput were discreditably late. – The Govt. must once more insist upon greater punctuality in the submission of these returns

15TH JUNE 1895, No. 1273, JUDICIAL.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following:—

Returns from District Magistrates and the Commissioner of Police, Madras, of sulphur licenses issued in 1894.

ORDER—dated 15th June 1895, No. 1273, Judicial.

These returns relate to the transactions in sulphur during 1894, a summary of which is given in the statement appended to this proceedings. The total quantity of sulphur covered by the licenses issued in 1894 amounted to 1,000 tons against 982 in 1893 and the stock in trade of each licensed vendor averaged 1·4 tons, while the average quantity sold by each licensee was 1·02 tons.

2. The number of licenses was largest in Gódávari. The quantity of stock in trade on the other hand was the highest in Madras (164 tons), and lowest in Kurnool (1·7 tons). The sales advanced in nine districts, but in Madras there was a noticeable fall from 154 tons in 1893 to 125 tons in 1894, for which no explanation has been furnished. There were no transactions in 25 shops in the whole Presidency during 1894.

3. As usual, sulphur was largely used in the manufacture of gunpowder and fireworks and to a less extent for medicinal, sanitary and bleaching purposes.

4. The statement in the appendix shows the variations in the opening and closing balances which have been explained in each case.

5. The Government again notices the following instances of neglect of orders in the preparation of these returns:—

(1) *South Arcot.*—Column 2 of the statement has not been filled up.

(2) *Bellary.*—The entries in column 2 of the statement are incorrect in several instances.

(3) *Coimbatore.*—In one case a license current in the year but issued in the previous year was not noticed as such in the return. There were several cases of excessive delay in the renewal of licenses.

(4) *Cuddapah.*—One license current during the year but issued in the previous year has not been noted as such at foot of the return.

(5) *Gódávari.*—The licenses in this district were in very few cases promptly renewed. The District Magistrate's attention will again be drawn to this point. The totals of columns 7, 14 and 23 as shown in the return are incorrect; the errors have been rectified in the appendix.

(6) *Kurnool.*—The return was not received till the 25th April and the delay has not been explained. The entry (13 quarters) in column 21 against shop No. 3 is an obvious mistake for 3 quarters.

(7) *Tinnevelly.*—The return includes several cases in which there was great delay in renewing licenses.

Right
21/6

(8) *Vizagapatam.*—The entries in column 2 of the return from this district are again incorrect. The District Magistrate should take due notice of this want of care in his office. It is observed that his attention was drawn to this same matter in the last review.

6. Eleven returns were received on or before the due date and six more within ten days of it, but those relating to the districts of Coimbatore, Nellore, Kurnool, South Canara and Chingleput were discreditably late. The Government must once more insist upon greater punctuality in the submission of this return.
