CHIEF OFFICE OF THE INSPECTOR-GENERAL OF POLICE,
Madras, 2^d April 1895.

FROM

M. Hammick Esq. P. C. S.

INSPECTOR-GENERAL OF POLICE,

TO

THE Chief Secretary

to Government

Fort Saint George

SIR,

Enclosures.

With reference to G. O. dated 16 December 1893
No. 26368 sanctioning the allotment of the space
of ground formerly occupied in Mangalore as
Sepoy lines, as a site for the huts for the Police
of Mangalore Town and the Reserve, I have the
honor to state that it is now proposed by the
Department of Public Works to take up a
portion of the site measuring 300' x 330' as a site
for the Port Officers Quarters. The Superintendent
ent strongly objects to this land being handed
over.

2. I submit a map of the land which will
show what a large piece of the original site it
is proposed to hand over to the Port authorities.
I have inspected the spot very carefully and
after speaking on the subject to the Superin-
tendent and the Collector I venture very strong-
ly to support the Superintendent in his objection.
3. I do not consider the space left for streets
in the plan of the proposed police lines I
sufficient. They are alternately 12 & 24'. I consider
they

they should be 18' and 30'. The huts will be 188 in
 number and I do not consider that it will be
 healthy to have them packed as close as the
 Department of Public Works apparently considers right.
 The monsoon is very heavy and a very narrow
 back Street is objectionable. The drains will
 have to be larger than is ordinarily the case.
 The lines are to be built in the middle of the
 town and I consider the space there should be as
 ample as possible.

4. The Port Officer's proposed house will certainly
 not be a pleasant one, situated, as it will be,
 in a small compound with 200 Police huts
 at his gate. I should think any European
 officer would have strong objection to occupying
 a house so situated. The site is moreover
 out of the way for the Port Officer who, I should
 imagine, should be near the Sea and the Collector's
 Office.

5. The present Collector, I believe, agrees with
 me that it will be better to let the Police have
 the whole of the site, originally set apart for
 them, and I venture to object strongly to
 permitting the area to be now curtailed.

I have the honor to be,
 Sir,

Yours Most Obedt. Servant.

Mammick

Inspector General of Police.

w

From,

J. Hannan, Esq.,
Supg. Engineer, 4 Circle,

To,
The Chief Engineer,
P.W. Department.

Sir,

With reference to your endorsement
No. 1624C, dated 23rd April 1895 on the Inspector
General of Police's letter No. 1902, dated 2nd
April 1895 to the Chief Secretary to Govern-
ment, I have the honor to report as
follows:-

2. I consider the spaces left for streets
in Police lines ample, as the site is on high
hard sloping ground, drainage will run
off freely.

3. The site of lines is not in the centre
of the native town but in the European
Quarters on the edge of the Maidan.

4. The Divisional Officer reports that
there is no other site available for

a Port Officer's house. I think that with a high Compound wall between the Police lines and the proposed Quarters for the Port Officer no inconvenience will be felt by him from his proximity to the lines.

5. The Divisional Officer reports that there is now a house for sale at Mangalore which he considers would suit admirably as Quarters for the Port Officer and that he has directed the Sub Divisional Officer to submit a plan and valuation for same. These might be awaited.

I have the honor to be,
Sir,
Your most obedt. Servant,
W. Minner
Supg. Engineer, &c. &c.
