[Despatch Abstract.]

TREATMENT OF WHIPPED CONVICTS IN JAILS.

Recording letter from the Inspector-General of Prisons explaining the reason why convicts have been more frequently admitted to hospital in the Salem Central Jail than in other jails, and stating that certain orders of Government which have been communicated to the Superintendent and Medical Officer will doubtless correct this tendency

From

A. G. CARDEW, Esq., M.A.,

INSPECTOR

OFFICE OF THE INSPECTOR-GENERAL OF
JAILS, Prisons.

To

THE

Honble Mr. T. T. Price, C.S. I.

CHIEF SECRETARY TO GOVERNMENT,

SIR,

No Enclosure.

In reply to paragraph 2 of
G.O. 9th May 1895, No 961, I have the
honour to state that, though no
definite information is available, it
is probable that the reason why
convicts have been more frequently
admitted to Hospital in the Salem
Central Jail than in other Jails is
to be found in the fact that, as
recorded in G.O. 18th August 1892 No
1519, a convict who had been whipped
in that Jail died of gangrene of
the buttocks shortly after his transfer
to the Penitentiary, Madras. The occur-
-rence of this case doubtless drew
special attention to the possibility of
danger resulting from the wounds
inflicted by whipping being neglected,

and

an
 on the ... officer to ...
 G.O. 19th February 1895 N. 371 and of
 that under reply have been communi-
 -cated to the Superintendent and
 Medical Officer, and will doubtless
 correct this tendency.

I have the honour to be,
 Sir,

Your most obedient servant

A. G. Carden
 Inspector-General of Prisons.
