W
Society for Prevention of Cruelty to Animals,
MADRAS.

2d December 1894.

From

W. S. Gantz, Esq.,

Honorary Secretary.

To

The Commissioner of Police,

Madras.

Sir,

With reference to G.O.No. 2810 dated 21st November - 1894 I have the honor, at the request, of the Committee, to enquire whether in the event of the Society accepting the proposal therein made it will have any means of pressing a charge brought forward by an Agent, but which the Station House Officer has considered not a fit case for the submission of a charge sheet. In other words assuming an Agent to produce an animal at a Police Station, could the Station House Officer decline to enter the case in his charge sheet because, in his opinion, there are no grounds for so entering it as a cruelty case. Both the Agent and the Station House Officer may be perfectly bona fide in their respective views of the case: but you will I trust concur with the Committee that the power of decision should rest with the Magistrate.

Yet another question which it is well to be clear upon in time arises in connection with para 5 of your letter No. 70 dated 16th June last to the Chief Secretary Viz-whether you make it a sine qua non that the Society's Agents should be compelled to work on the "beat" system, by which I understand that each Agent is to have a certain area assigned to him and that he cannot arrest a case outside the prescribed limits. The Committee would venture to hope that

5
restriction may be imposed, because it must inevitably tend to many a case possibly very bad cases too-being allowed to go scot free. So far as the Committee can judge it appears to it that an Agent reporting himself to the Divisional Inspector is a superfluous formality when it is borne in mind that under the proposed change every Agent's name must necessarily appear in the records of your Department and further than that there can be no danger of false personation because Agents are henceforth to wear a distinctive uniform or badge.

As the Committee ^{purposes} ~~purpose~~ meeting again on Monday the 10th Instant I hope that you may find it convenient to submit your reply before that date.

I have the honor to be

Sir,

Your most obedient servant,

Cox's letter appears
reasonable one, & as the
