SIR,

I have the honor to submit, that
in its order No. $\frac{1573 W. Pub. 150th}{7.6.90}$ Government was
pleased to make over the old Taluk Catcherry
building at Viravasaram to this Board "rent-
free for such time as it is used as a choultry."
The building ever since continued to be used
as a choultry. But on the reestablishment of
a Police Station at Viravasaram the Superinten-
ding Engineer, 1st Circle, on the motion of Police
Superintendent, required the building to be handed
over to Police. The building was accordingly made
over to the Police in September last, locating the
Choultry as a temporary measure in some-
erected building that could be procured. The
whole of the Catcherry building being however
quite

The Supt. Engineer
had apparently no
right to make this
requisition without
the sanction of Govt.
The point is, however,
immaterial as the
Taluk Board & the
Police Dept. agree

quite a superfluity for the police station, I proposed to the Superintendent of Police that only so much portion as is necessary might be occupied for the station house and that the rest which would still be sufficient to meet the requirements of a Choultry might be left to the Taluk Board. I submit that my proposal involves a saving to Government on account of the maintenance of the whole building, and an extreme convenience to travellers as providing a choultry at a spot most needed and most suitable for people travelling by the Attivadu - Palacole road as well as the Viravasaram - Tadepalligudem road. Further under the spirit and terms of the above Government Order, the Taluk Board may occupy the whole building and 'Ipso facto' any portion of it so long as the same is used as a choultry. I beg to enclose a plan of the building for favour of reference and return. It admits of division in two ways:-

- (1) The front thatched house may be occupied for the station house, and the back tiled portion for the choultry. Opening a separate gate-way for the choultry if necessary, and raising a complete boundary wall between

the two portions.

- (2) The whole building may be divided into two portions by running up a wall along the blue pencil line A B C D; the partition wall reaching to the roof; the western portion being occupied for the station house with a gate way opened at G, and the other portion being occupied for the Choultry.

The Taluk Board is prepared to meet the whole cost necessary in either case, i.e., on account of tiling the thatched roof strengthening the rooms &c in the first case, and on account of raising the wall &c in the second case. The thatched (palmyra) house in the back yard has been built for a kitchen. The two trees in the plan between the road and the building are big "Ravi" trees affording good shade to carts and animals &c brought by travellers. The special consideration with regard to the first mode of division is that it provides for altogether separate buildings and that therefore the police station, with the lock up in which all kinds and castes of men will be lodged, will be off from the travellers using the Choultry and

and will in no way affect a ~~separate~~ —
travellers. But after some correspondence on
the matter the 2nd mode of division has been
agreed upon between the Superintendent of
Police and the Taluk Board (vide Superintendent's
letter No. ¹⁵⁰⁰₁₄₋₁₁₋₉₄ Copy of which is herewith sub-
mitted). The Superintendent has accordingly
addressed the Inspector General of Police for
his sanction for so dividing and making over
the building. The latter has however replied
to say that the building cannot be made
over without Government sanction and
that the Taluk Board should address the
Government (vide copy of memo No. ¹³¹₁₅₋₁₋₉₅
enclosed). I also beg to enclose copy of the
Taluk Board's resolution. I need not enlarge
upon the necessity or usefulness of a
Choultry at this place. It will suffice
for me to say that the building lies
on the main ^{line} of the road and
has proved to be a quite convenient
halting place for travellers. I therefore
beg to solicit that under the above
circumstances the Government will be
pleased to accord its sanction for the
proposed

proposed appropriation of the building
between the Police and the Taluk Board.
