GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—Reports from District Magistrates and the Commissioner of Police, Madras, on the working of the Indian Arms Act, 1878, and the Explosives Act, 1884, during the year 1894.

ORDER—dated 10th July 1895, No. 1441, Judicial.

The returns read above relate to the working of the Indian Arms Act, 1878, and the Explosives Act, 1884, during the year 1894. The total number of licenses issued under these two Acts and the rules made thereunder, amounted, respectively, to 68,218 and 700 against 63,269 and 694 in 1893. Particulars of the principal forms of licenses issued under the Arms Act during the past five years are given below :—

Year.	Form VI.	Form VII.	Form VIII.	Form X.	Form XI.	Licenses to possess gunpowder and fuses for blasting.	Total of all classes of licenses.

1894	364	245	54,477	388	2,434	9,584	68,218

2. In the statement forming Appendix I to this Proceedings, particulars are given of the licenses issued during the year under review in each district; the principal variations between the figures in that statement and those for the preceding year are shown in the following table :—

* This exceeds by 427 the figure arrived at by comparison with that shown in the return for 1893, which should have been 6,894 instead of 6,476.

3. *Form VI.*—Three hundred and sixty-four licenses were issued in Form VI (authorizing manufacture, conversion, possession and sale of arms, ammunition and military stores) against 363 in the preceding year. As in last year, no licenses were

issued in this form in Bellary, Coimbatore, Cuddapah, Nellore and Nilgiris. The largest numbers of licenses were issued as usual in Tanjore (58) and South Canara (44). The number of corresponding licenses issued under the Explosives Act (Form A) in the districts (Madras, Malabar, Coimbatore and Nilgiris) where the rules made under that Act are in operation remained the same as in 1893, viz., 140.

4. *Form VII.*—As compared with the preceding year, there was a decrease of one in the number of licenses issued in this form, which covers possession and sale of arms, ammunition and military stores, the figure being 245 against 246. Details of the corresponding licenses granted under the Explosives Act (Form B) are shown in the margin. For the mere possession of explosives 175 (against 180 in 1893) licenses were granted under the Explosives Act in Forms C and D and eight licenses in Form E were granted by Government against 11 in 1893.

Coimbatore	71	66
Madras	143	163
Malabar	32	34
Nilgiris	27	19
Total ..	273	282

5. *Form VIII.*—In this form, which authorises the possession of arms and ammunition and going armed for purposes of sport, protection or display, 54,477 licenses were issued against 51,790 in the previous year. The number of licenses in this form increased in every district except Ganjám and Malabar. The general increase—particularly marked in Salem—was no doubt due to greater vigilance on the part of the police and the more general apprehension of the requirements of the law. The number of licenses in Nilgiris, Ganjám and Vizagapatam still continues to be extraordinarily low. The District Magistrates concerned should make a special enquiry into the matter and report the result.

6. *Form X.*—In this form, covering possession of fire-arms, ammunition and military stores in districts which have not been disarmed, 388 licenses were granted against 316 in 1893.

7. *Form XI.*—This form authorises the possession of ammunition for the purpose of destroying wild animals and 2,434 licenses were issued against 2,827 in 1893. In twelve districts no licenses were granted and South Canara again accounted for more than half the total number.

The number of licenses in Form XI which were produced before the magistracy for inspection as required by Rule 16 of the Arms Act rules was 2,632 against 3,147 in 1893. Strictly speaking, at least 11,263 licenses should have been so produced, being the number issued during the four years 1890–93; but it is hardly to be expected that the rule should be rigidly complied with as in G.O., dated 5th December 1888, No. 2517, Judicial, the Government remarked that it was not disposed to lay stress on the annual production of these licenses.

8. Nine thousand, five hundred and eighty-four licenses were issued under the Arms Act authorising the possession and transport of gunpowder and fuses for blasting purposes, against 7,096 in 1893 and 7,809 in 1892. Of these, 9,295 licenses were issued in Coimbatore against 6,358 in the previous year; they were granted for sinking and deepening wells and the enormous increase is explained as due to the pressure put upon borrowers under "the Agriculturists' Loans Act" to induce them to complete their wells, but the District Magistrate has evidently quoted the wrong Act; it is under the Land Improvement Loans Act that well loans are granted.

9. *Form II* (*Licenses to transport Arms, Ammunition or Military Stores within British India*).—There were 167 licenses granted in this form against 191 in 1893, the largest number being again in Madras. These licenses were issued only in three districts—South Canara, Madras and Malabar.

10. *Form III.*—Fifty-eight licenses were issued in this form by the Commissioner of Police, Madras, for the importation of arms, ammunition and military stores into the port of Madras and one was issued by the District Magistrate of Malabar for importation into the port of Calicut. The number of corresponding licenses granted under the Explosives Act (Form A) in 1894 was 90, viz., 56 in Madras and 34 in

Malabar, against 86 in the previous year. Nine licenses against four in 1893 were granted for the importation of arms, ammunition or military stores by river or land into British India.

11. *Form IV* (*Licenses to export Arms, Ammunition or Military Stores by Sea*).—Only one license was issued in this form in Madras during the year under review against two in the previous year.

12. *Form V.*—Of the 411 licenses to export arms, ammunition or military stores beyond the limits of British India either by land or river which were issued in 1894, 19 were granted by the Chief Secretary to Government, two by the District Magistrate of Malabar, and the rest by the Commissioner of Police, Madras. The exports are stated to have been mainly to Mysore, Hyderabad and Travancore.

13. *Form IX* (*Licenses to go armed on a journey*).—The number in this form rose from 55 in 1893 to 76 in 1894. No licenses were issued in this form in six districts.

14. The duty of inspecting the shops of licensed dealers during the year under review was, on the whole, well performed; shops should be visited once a quarter by an Inspector of Police and once a year by a Magistrate and a superior officer of Police, except in Madras where no inspection by the magistracy is prescribed. The subjoined statement shows to what extent the rule has been neglected in each district:—

Ganjám, Gódávari, Tinnevelly and Kistna are the only districts which call for particular remarks. This is the third consecutive year in which the Government has found it necessary to comment upon the neglect of orders in the two first-named districts; the duty of inspection appears to have been seriously neglected by the police in the past year, especially by the superior officers, whose explanation should be submitted to Government by the Inspector-General of Police. In Tinnevelly, for the second year in succession, there were numerous cases of neglect on the part of Police Inspectors, but these are explained as in many cases due to the shops having been closed for a time owing to the shopkeepers having failed to satisfy the conditions required before renewing their licenses. Kistna is the only district in which the magistracy have not performed the duty of inspection satisfactorily; the attention of the District Magistrate will be drawn to the matter. The Government notes with pleasure the marked improvement in this respect in the district of South Canara.

In compiling this statement no account has been taken of cases of failure to inspect under the following circumstances:—

(i) Where a license was issued for the first time during the last month of the quarter.
(ii) Where a license was cancelled during the quarter;
(iii) Where it is reported that the shop was not opened during the quarter, that the licensee was away from the place or that no transactions took place.

In many cases it is, however, not clear whether the inspecting officers are to blame or not, and in order to guard against this uncertainty in future returns, it is necessary to issue more definite instructions. The remark column of Schedule B should contain any valid explanation for failure to inspect a particular shop which may be forthcoming; in cases where the explanation falls under clause (iii) above, the date on which the inspecting officer visited the shop but was unavoidably prevented from conducting an inspection should be entered in the remark column. Again, more than one District Magistrate appears to consider that there is no need to inspect an old shop until after the license has been renewed, and accepts delay in the renewal of licenses as a satisfactory explanation for failure to inspect a shop in the first quarter. The Government cannot admit this contention; in the great majority of cases it is probable that old shop-keepers continue transacting their business between the close of the previous year and the date of renewal of their licenses, and it is incumbent on the police to inspect their shops in order to ascertain whether they have applied for renewal, and if necessary to prosecute them for failure to do so.

The inspection of shops licensed under the Explosives Act was good except in Nilgiris where the magistracy failed to visit two out of three shops, and in Coimbatore where, as in the previous year, a number of shops licensed in Form A were not properly inspected. The attention of the District Magistrates concerned is directed to this neglect of orders.

15. *Prosecutions.*—Six hundred and eight prosecutions were instituted for offences against the Arms Act and the rules made thereunder against 613 in 1893, the number of persons concerned being 646 against 658 in 1893. Of the total number of persons, charged 523 (against 552 in 1893) were convicted, 110 were acquitted or discharged, 12 were pending trial and proceedings against one were stayed. Twenty prosecutions, invloving 22 persons, were instituted for breaches of the provisions of the Explosives Act and the rules made thereunder against 21 in 1893 and in these 17 persons were convicted five being acquitted or discharged. The largest number of prosecutions under the Arms Act occurred as usual in Malabar (179), Tinnevelly coming next (99) and Bellary third (53). In South Arcot the number fell from 84 cases involving 108 persons in 1893 to three in 1894; this sudden decrease is attributed to the severe measures adopted in 1893–94. The penalties inflicted for offences under the Arms Act consisted for the most part of petty fines. In a few cases in Kurnool, Malabar and Salem, however, the offenders were sentenced to imprisonment. In Kurnool the accused was in one case sentenced to three months' simple imprisonment and the conviction and sentence were confirmed on appeal, and in Malabar two individuals were sentenced to six months' rigorous imprisonment, one to nine months' and another to two years' rigorous imprisonment. Some District Magistrates include particulars of cases pending at the end of 1893 in their reports; such information should be given separately.

16. The following instances of neglect of orders are observed in the preparation of these reports:—

North Arcot and South Canara.—In the case of both these districts Schedule A has again been submitted in the old form—a careless mistake which would not have occurred had attention been paid to the remark made in paragraph 16 of last year's review; in the latter district, however, a revised return in the new form was subsequently submitted but in manuscript instead of in the printed form. Schedule B from South Canara is also in manuscript. The summary of the inspections given in paragraph 5 of the North Arcot District Magistrate's covering letter contains several inaccurate statements if Schedule B has been correctly prepared.

Bellary.—Schedule A shows that 13 licenses were issued during the year under report, but Schedule B contains the inspections of only 12 of these. The omission in the latter statement should be explained. The marginal statement in paragraph 5 of the covering letter does not show the nature of the punishments awarded in cases of conviction for offences under the Arms Act.

Coimbatore.—In several cases in this district the date of the grant of licenses has not been entered in Schedule B. The District Magistrate's letter, dated 24th May 1895, No. 545-Magl. of 1895, which mentions in general terms inaccuracies in Schedule B, should have been accompanied by a revised schedule.

Cuddapah.—The license granted in 1893 to take effect from the beginning of 1894 has not been noted as such in the statement. Particulars of the sentences inflicted in cases of conviction under the Act have not been given.

Kistna.—The licenses issued in 1893 to have effect in 1894 should have been noted as such in Schedule B and not in Schedule A.

Kurnool.—Both the schedules A and B have been submitted in manuscript; and the licenses granted in 1893 to have effect in 1894 have not been shown as such.

Nilgiris.—The District Magistrate explains the small number of licenses in Form VIII by a reference to a previous letter of his the date of which he does not quote; his letter should have given the explanation itself in order to avoid the necessity of referring to other papers.

Salem.—Schedule A has been submitted in the old form; the licenses issued in 1893 to take effect from the beginning of 1894 have not been noted as such in the form. The name of the new licensee has not been entered in red ink.

Tanjore.—The District Magistrate's statement (paragraph 5 of his letter) that there was "*no* default in the way of inspection" is hardly correct, if the entries in Schedule B can be relied upon.

17. Twelve out of the 22 reports were received after the prescribed date; those from Coimbatore and Kurnool were over three weeks late.

18. The Government again has to note a want of promptitude in renewing licenses in Form VI and VII, particularly marked in the districts of Coimbatore, Ganjám, Gódávari and Tinnevelly. In Coimbatore the District Magistrate explains that the delay was due to the necessity for forwarding applications for renewal to Sub-Magistrates for enquiry and report—an excuse which cannot be accepted as the delay could have been avoided by the timely issue of notices directing applicants for renewal to submit their applications through the Sub-Magistrates concerned in the month of December. The District Magistrates of Gódávari and Ganjám offer no explanation of the delay, but the latter officer reports that he has been taking special measures to secure better results in the present year. In Tinnevelly the delay is in some cases ascribed to the inability of the licensees to comply with the condition—apparently newly introduced—that the place of manufacture should be at a reasonably safe distance from human habitation and in a building not constructed of inflammable materials. The results in other districts—*e.g.*, North Arcot, Salem, Tanjore, Malabar, South Canara and Madura—show how much the prompt renewal of licenses depends on the exertions of the officers concerned; it is noticeable that three of the

districts in which renewals were particularly late are districts in which inspections were also neglected. The Government is convinced that delay of this description can be obviated by increased care and system and must impress upon District Magistrates the necessity for paying special attention to the matter.

P.J.

The returns read above relate to the working of the Durian Arms Act, 1878, and the Explosives Act, 1884, during the year 1894. The total numbers of licenses issued under these two Acts & the rules made thereunder amounted respectively to 68,218 and 700 against 63,269 and 694 in 1893. Particulars of the principal forms of licenses issued under the Arms Act during the last five years are given below:-

3 Form VI — Three hundred and sixty against 7 licenses were issued in Form VI (authorising the manufacture, conversion, possession and sale of arms, ammunition and military stores) against three hundred and seventy three in the preceding year. As in last year no licenses were issued in this form in Coimbatore, Cuddapah, Nellore & Nilgiris. The largest numbers of licenses were issued in Tanjore (58) & S. Canara (44).

The number of corresponding licenses issued under the Explosives Act (Form A) in the districts (Madras, Malabar, Coimbatore & Nilgiris), where the rules made under that Act are in operation remained the same as in 1893, viz., 140.

4. Form VII —. As compared with the preceding year, there was a decrease of one in the number of licenses issued in this form, which covers possession and sale of arms, ammn., and military stores, the figures being 245 against 246. Details of the corresponding licenses granted under the Explosives Act (Form B) are compared in the margin. * For the mere possession of Explosives 175 licenses were granted under the Explosives Act in Malabar, against 86 in the previous year. in the previous year. ~~Except in Ganjam~~ the number of licenses in this form increased in every district except Ganjam & Malabar. ~~the Dist. Salem having risen from the~~ ~~lowest in 1893 to the largest in 1894.~~ The increase in all the districts is no doubt due to greater vigilance of the police & the more real appreciation of the requirements of the law. The number in Nilgiris is still small being only

(per license) marked in Salem

Ganjam & Vizagapatam are again abnormally low; the in Ganjam Collector's topographical report throws but little light on the matter & the working of the rules in the D.H.'s concerned is unsatisfactory. The D.H.'s concerned should make a special inquiry into the matter & report the result of it

6. Form X. In this form, covering possession of fire arms, ammunition and mily. stores in dts. which have not been disarmed, 388 licenses were granted against 316 in 1893 ~~against 295 in 1892~~.

7. Form XI. This form authorizes the possession of ammunition for the purpose of destroying wild animals and 2434 licenses were issued against 2827 in 1893 ~~against 2677 in 1892~~. In twelve dts. no licenses were granted & S. Canara again accounts for more than half the total number.

The number of licenses in Form XI which were produced before the magistracy for inspection as required by Rule 16 of the Arms Act rules was 2632 against 3147 in 1893. ~~No licenses~~ ~~in several districts~~

Strictly speaking, at least 11,267 licenses should have been produced, being the number issued during the four years 1890-93; but as has been ~~pointed out~~ that the rule should

The enormous increase is explained as due to the pressure put upon borrowers under the Agriculturists' Loans Act to increase to complete their wells.)

9. Form II — Licenses to transport Arms Ammunition or Mily. Stores within British India) There were 167 licenses granted in this form against 191 in 1893, the largest number as usual being again in Madras. These licenses were issued only in three dists - S. Canara, Madras & Malabar.

10. Form III. These fifty-eight licenses were issued in this form by the Commr. of Police, Madras for the importation of arms, ammn. & mily. stores into the port of Madras & one was issued by the Dist. of Malabar for import into the port of Calicut. The number of corresponding licenses granted under the Explosives Act (Form A) in 1893 & was 90, viz, 56 in Madras and 34 in Malabar, against 86 in the previous year. notes & statement on reverse.

(*) In compiling this statement, no account has been taken of omissions to inspect in cases where a fresh license was issued during the last month of a quarter, or where an old licensee was cancelled during the quarter, or the shop was reported closed (†) during the last month of the licence or otherwise.

(†) In all these cases the shops are reported to have been opened during the year.

(‡) ~~in cases where such, the licence~~

but these are explained as the shops not reopened

In many cases this is due to the shopkeeper having failed to satisfy the conditions required before renewing their licenses.

The Govt. notes with pleasure the marked improvement in this respect in the District of South Canara.

~~The Govt. thanks the Govt of South Arcot for~~

~~the~~ ~~para~~ ~~of the Govt. Govt.~~

~~The~~ ~~report~~ ~~it appears that~~ ~~to be considered~~ ~~failure to renew~~ ~~the fact that~~ ~~the existence of delay in renewing a~~ ~~licence~~ ~~is has not been renewed~~ ~~in the 1st quarter~~ ~~be a sufficient excuse~~ for failure to inspect the shop on the part of the police; this can only be accepted as a valid explanation in cases where the shop is not opened ~~in such~~ cases it is clearly the duty of the police to make any inspection ~~in order~~ to see whether a licensee of the previous year is continuing his transactions without renewing his license.

~~Govt. thanks~~

1894 | 607 | ~~60~~ | 41

— Ganjam, Godavari & Vizagapatam & Kistna are the only districts which call for particular remarks. — This is the third consecutive year in which the Govt has found it necessary to comment upon the neglect of orders in the two first-named districts; the duty of inspection has been ~~unsatisfactorily~~ neglected by the police in the past year, especially by the Superior officers whose explanations should be submitted to Govt by the D.G. of Police. In Vizagapatam for the second year in succession there were numerous cases of neglect on the part of police inspectors. Kistna is the only district in which the magistracy have not performed the duty of inspection satisfactorily; the attention of the Govt. should be drawn to the matter. —

The inspection of shops licensed under the Explosives Act was good except in Nilgiris where the magistracy failed to visit two out of three shops, and in Coimbatore where, as in the previous year, a number of shops licensed in Form A were not properly inspected. The attention of the D.G. of Police should be directed to this neglect of orders.

(Refer immediately after ~~the~~ in previous page.

(*) In compiling this statement no account has been taken of cases of failure to inspect under the following circumstances

(i) where a license was issued for the first time during the last month of the quarter

(ii) where a license was cancelled during the quarter,

(iii) where it is reported that the shop was not opened during the quarter, that the licensee was away from the place or that no transactions took place.

In many cases it is however not clear whether the inspecting officers were to blame or not, & in order to guard against this uncertainty in future returns, it is necessary to issue more definite instructions. Govt the remark column of Schedule B should contain any valid explanation for failure to inspect a particular shop which may be forthcoming; in cases where the explanation falls under clause (iii) above, ~~it should be added~~ ~~that it cannot be regarded as satisfactory~~ to state on which the inspecting officer visited the shop ~~should be entered in the remark, in order~~ but was unavoidably prevented from conducting an inspection should be entered in the remark column. — Again more than one Govt. begin appears to consider that there ~~inspectorate~~ is no need to inspect an old shop until after the license has been renewed; except delay in the renewal of licences as a satisfactory explanation for failure to inspect a shop in the first quarter, the Govt cannot admit this contention; in the great majority of cases it is probable that old shop-keepers continue transacting their business between the close of the previous year & the date of ~~the~~ renewal of their licenses in the current year.

Dy. Supdt of Police should still engage this drawback. Inspections of shops licensed under the Explosives Act ~~were~~ all satisfactory except in the case of those in Coimbatore where a number of shops licensed in Form A were not again regularly inspected.

15 Prosecutions. 608 prosecutions were instituted for offences against the Arms Act & the rules made thereunder against 613 in 1893 ~~1064 in 1892~~, the number of persons concerned being ~~630~~ 646 against 658 in 1893 ~~623 in 1892~~ 623. Of the total number of persons charged ~~574~~ (against 552 in 1893) were convicted, ~~103~~ 110 were acquitted or discharged, 12 were pending trial & proceedings were stayed against one ~~in one case~~.

Twenty prosecutions concerning 22 persons were instituted for breaches of the provisions of the Explosives Act and the rules made thereunder against 21 in 1893 and in 17 cases ~~the~~ ~~three~~ persons were convicted ~~conviction was obtained~~, 5 being acquitted or discharged. The largest number of prosecutions under the Arms Act occurred as usual in Malabar (179), Tinnevelly coming next (99) & Bellary third (53). In S. Arcot the number fell from 82 cases involving 108 persons in 1893 to 3 in 1894; this sudden decrease is attributed to the severe measures adopted in 1893–94. The penalties inflicted for offences under the Arms Act consisted for the most part of petty fines ~~or rigorous~~. In a few cases in Kurnool, Malabar & Salem, however

...ence were confirmed on appeal; & in Malabar ...individually were sentenced to 6 months' rigorous imprisonment, one to 9 months' & another to 2 years' rigorous imprisonment.

16 The licences in Forms VI & VII have on the whole been promptly renewed. But in Tinnevelly there was a delay noticeable delay which has been accounted for as due to the inability of the license holders to comply with the conditions in respect of the situation of the place of business at a safe distance etc. The working of the Acts has been generally good during the year under report & satisfactory. In the Tanjore District there was an explosion of gunpowder in which four lives were lost; the incident is reported to be purely accidental & the result of the negligent conduct of the licensee.

17. The following instances of neglect of orders are observed in the preparation of these reports:-

North Arcot & S. Canara. In the case of both these districts Schedule A has again been submitted in the old form; but in the latter district a revised return was subsequently submitted but in the new form has not been supplemented in Manuscript. In Canara has also been in Manuscript. The remarks against these districts in the review on last year's reports have apparently produced no effect; the Dists should duly notice this repeated carelessness.

Bellary. Schedule A shows that 73 licenses were

Some Dist. Magts in their particulars of pending at the end of 1893 in their reports; such information should form given seperately.

Some careless mistake which would not have occurred had attention been paid to the remark made in para 16 of last year's review

method of in the printed form

The summary of the inspections given in para 5 of the North Arcot D.M.'s covering letter contains several inaccurate statements of Schedule B has not been correctly prepared.

South Arcot The last statement made in para 5 of the covering letter

The Dist Magte's letter of 24 May 1895 No. 525/Regl forms which mentions in general terms inaccuracies in Schedule B should have been accompanied by a revised Schedule B.

Nilgiris

The Dist. Magte explains the the small number of licenses in form VIII by a ref.ce to a previous letter of his the date of which he does not quote; but the practice of letter should have given the explanation itself instead of in order to avoid the necessity of referring to other papers

Tanjore

The Dist Magte states (para 5 of his letter) that there were "no defaults in the way of inspection" in handing correct, unless the entries in Schedule B can be relied upon

Coimbatore: In several cases in this Dt the date of grant of licenses has not been entered in Schedule B.

Cuddapah. The license granted in 1893 to take effect from the beginning of 1894 has not been noted as such in the statement. Particulars of the sentences inflicted in cases of conviction under the act have not been given.

Kistna. The licenses issued in 1893 to have effect in 1894 should have been noted as such in Schedule B & not in schedule A.

Kurnool. Both the schedules A & B have been submitted in Manuscript; & the licenses granted in 1893 to have effect in 1894 have not been shown as such.

Salem. Schedule A has been submitted in the old form; the licenses issued in 1893 to take effect from the beginning of 1894 have not been noted as such in the form. The name of the new licensee has not been entered in red ink.

18. Twelve out of the 22 reports have not again been received by the prescribed date; those from Coimbatore & Kurnool were over three weeks late.

19. The Govt again has to note a want of promptitude punctuality in renewing licenses in Forms VI & VII, particularly marked in the Districts of Coimbatore, Salem, & Godavari & Vizagapatam. In the Coimbatore

In Cuddapah the delay is in some cases ascribed to the inability of the licensees to comply with the conditions apparently newly introduced - that the place of manufacture shall be at a reasonably safe distance from human habitation & in a building not constructed of inflammable materials. - In the case of Bellary & Nellore it is reported that the reduction in the results of the prompt renewal of licenses in other districts e.g. North Arcot, Salem, Tanjore, South Canara & Madura show how much the prompt renewal of licenses depends on the secretary encouragement of the officers concerned; it is noticeable that 3 of the Bellary. the working of the Indian Arms Act, 1878, and the Explosives Act,
during the year 1894.

ORDER—dated 10th July 1895, No. 1441, Judicial.

The returns read above relate to the working of the Indian Arms Act, 18
the Explosives Act, 1884, during the year 1894. The total number of licenses
under these two Acts and the rules made thereunder amounted, respectively, to
and 700 against 63,269 and 694 in 1893. Particulars of the principal fo
licenses issued under the Arms Act during the past five years are given below

The number of licenses in Form XI which were produce
for inspection as required by Rule 16 of the Arms Act rules was
1893. Strictly speaking, at least 11,263 licenses should have
the number issued during the four years 1890–93; but it is
that the rule should be rigidly complied with seeing that in

~~Madras~~

Sir,

The Superintendent of Police has brought to my notice that several sulphur and gunpowder shops, which were shown as not having been inspected by Police Inspectors in Schedule I, which accompanied my report, dated 22nd April 1895, No 444/maga of 95, had really been inspected. I have the honor, therefore, to request that the whole of para 15 of the report except the last sentence may be omitted and the following substituted in lieu thereof.

"All the shops in which business had commenced were inspected by Police officers except No I, in Schedule B, which was not inspected by the Inspector in the second quarter, as he was engaged in a dacoity case; the Superior officers of Police inspected all the Shops but 5 which were not inspected, as at the time of inspection business had not commenced in those shops. The duty of inspection was satisfactorily done."

10. Explosives Act. Form A.

This form of license authorises the manufacture, sale and possession of explosives and has taken the place of form VI. Ninety-nine licenses were issued during the year against 98 in the preceding year. Eight of the licenses of the preceding year did not renew their licenses, and nine persons obtained fresh licenses during the year. There was increase of one license - one license did not commence transactions a one year. One, No 12, closed his shop on 1894 and it remained closed till of 1894, and in one there were only for a few days at the time festival—

7. Form XI.

Fifty-four licenses were issued during the year against 37 in the preceding year - out of these 54 licenses, 23 were taken out by ryots residing in the villages adjoining the hill tracts of the Bhavani Taluk and the remainder by the ryots of similar villages in the Pollachi Taluk and in the Méttupálai-yam Division of the Coimbatore Taluk. There is an increase of 17 licenses, which is due to the closer supervision of the Magistracy and the Police.

8. It does not appear whether any license in Form XI was produced before the Magistracy for obtaining action during the year as required by dynamite the rules issued under the Arms Act. There instructions have been issued in this 14. and the result will be reported in in the next report.

4. Form VIII.

The number of licenses issued in 1894 was 1,916 against 1,850 in 1893. The increase in the number of licenses over the previous year was 66, and is due to the greater activity of the Police and the Magistracy in making the requirements of the law more generally understood - Out of 1,916 licenses, 1,871 licenses were granted for the possession of firearms - Some of the licenses covered more firearms than one in the possession one individual - The provisions of the Act are gradually becoming more generally understood by the people and infringement of the law met by prosecutions whenever necessary.

Sir,

I have the honor to report on the working of the Indian Arms Act XI of 1878 during the year 1894.

2. The number of licenses issued in Form No VI during 1894 was 9 against 8 in the previous year, while the number of those in Form VII was 13 as in the previous year. The increase of one in the former is due to the opening of the Shop of Sita Brahmayya Naidu of Bezwada in 1894. The inspection of the Shops was regularly carried out both by the Magistrates and the Police except in

fact

Of the 3 cases pending at the close of the year, 2 have been since disposed of with the result that the two accused persons were fined, one Rs 10 and the other Rs. 7. In the other case, the accused is absconding and steps have been taken to enforce his attendance.

7. Prosecutions: The number of prosecutions instituted for breaches of the provisions of the law during the year under report was 39 against 36 in the previous year and the number of persons concerned was 43 — against 37 in the previous year showing a slight increase over the preceding year's figures. 36 of these cases were charged under Section 19 cl. 1, 2 under Section 22, and 1 under Section 19(a) of the Act. Of 43 persons charged, 24 were convicted and fined in sums — varying from Rs 2 to Rs 30. 16 were acquitted or discharged, and 3 persons concerned in 3 cases (on the file of the Deputy Magistrate, Madura) were awaiting trial at the close of the year, as will be seen from the following table.

Number of prosecutions	Persons Concerned	Cases Convicted	Persons Convicted	Cases discharged	Persons discharged	Cases pending	Persons pending	
39	43	24	24	12	16	3	3	1 Re. 2. 7 Rs. 1. 20 Rs. 6. 3 Rs. 2. 10 Rs. 7. 30 Rs. 1. 5 Rs. 4. 15 Rs. 1.

3. The increase under Form VIII is attributable to the greater attention paid by the Police and the magistracy to the proper working of the Act and more general apprehension by the people of the requirments of the law.

4. The slight variations under Forms VI, VII and X do not call for remarks.

5. Licenses to possess and transport gunpowder and fires are generally taken for well-sinking operations and licenses for this purpose having been taken in large numbers

in the two immediately preceding years and boring operations having been carried out, there was less demand for licenses of the kind in 1894 than in the previous year.

Inspection of Shops: 6. Shop No. 10 was closed in the latter half of the year and No. 39 was not opened during the year. Shops Nos. 26, 34, 42 and 43 were not inspected by Police Inspectors in the 4th quarter of the year and the attention of the Superintendent of Police will be drawn to this omission. The inspection of the shops was, on the whole, well-performed

preceding year as shown in the margin. There was a marked increase in the number of inspections by the Superintendent as well as by the Magistracy. And the decided improvements over the previous four years is that no shop was left uninspected by the Magistracy.

7. Prosecutions— The number of prosecutions instituted during the year amounted to 29 against 29 persons; whereas there were 32 cases against 42 persons during the year previous. The prosecutions were chiefly instituted for going armed without a licuse and for unlicensed possession of arms and ammunition. There were also a few cases of breach of the Conditions of the licuse. Out of the 29 persons tried 19 or about 65 per cent were convicted against 25 or 60 per cent in the previous yedr, and 10 persons were either acquitted or discharged. The fines imposed on the convicted persons ranged from Annas four to Rupees forty. No one was punished with imprisonment.

The working

noticeable being in form VIII. The number of licenses in forms VI and VII remained the same as last year. But there was decrease in the number under forms II and XI.

4. The increase noticed in the number of licenses issued in Form VIII may be due to the greater supervision exercised by the Sub Magistracy and the Police, and the cause of that under Form IX is not known.

5. The decrease in the number of licenses issued under Form II is too small to call for any explanation; but in the case of Form IV the licenses already issued being valid for 5 years, fluctuations in the number issued during the year are to be expected.

6. The total number of inspections of the stock, premises, books, &c, of the licensees in Forms II and VIII held by the Magistracy and the Police in the year under report was larger than that of the

1892	2,080	201 — "
1893	2,355	275 — "
1894	2,560	205 — "

There has thus been an increase of 205 in the number of licenses issued in the year under report over the figure of the previous year, a result which may be attributed chiefly to the careful inquiries made by the tahsildar Magistrates and the police about licensees, who failed to get their licenses renewed in time, and the issue of notices to them, warning them of criminal prosecution for default.

4. Three cases involving 4 persons were prosecuted during the year under the act, and all of them ended in conviction. In two cases involving one person each, the accused were sentenced to pay a fine of Rs. 3 each for going armed with a gun and possession of a gun, without license, respectively under section 19, clauses c and f. In the remaining case two persons were convicted for transporting more than 10 seers of sulp[hur] without a license under section 19, claus[e] sentenced to pay a fine of Rs. 5 each.

5. The usual sulphur statements are enclosed.

I have the honour to be,

Sir,

your most obedient servant,

C A Mounsey

Seven licenses against 10 in the previous were granted during the year under report possess and transport gunpowder and fuses for

in 1893. The arms covered by these licenses consisted of 5 guns brought into British territory from Native Cochin for use by persons holding licenses in Form VIII

4. The number of licenses issued in Form VI for manufacture and sale of arms etc was 7 against the same number in the previous year. One of these licenses was newly granted in Kurumbranad. Of the 7 persons licensed in 1893 one Kollan Kunhi Kutti of Manantoddy did not renew his license for the year under report.

5. The number of licenses granted in Form VII for possession and sale of arms and ammunition during the year 1894 was 29 against 28 in the previous year. A new license was granted to one Meethalayath Pakki of Badagara; but his license was subsequently cancelled at his own request. He is reported to have carried on no transaction during the year.

6. In Form VIII 9804 licenses (covering 7336 fire arms and 2722 other arms) were issued during the year under report against 10,212 in the previous year (covering 9662 fire arms and 2822 other arms). The decrease of 408, is due to the fact that some persons who were heirs of deceased licensees were not granted licenses during the year either because they did not apply in time or because they did not want-

There were 12 cases tried under the Arms Act against 7 in the previous year. Besides the above, there was the case of a Import licensee, who had brought a gun into Kodikonda Hindupur under report, as in the previous year. The only licensee in Form XI who lost his license granted to him in 1892 tenable for 5 years; was given a fresh license during the year under report.

7. Seven licenses were issued authorizing the possession and transport of fuses for blasting purposes against 1 in the previous year.

8. There was only one license issued in Form IX during the year under report which there was none last year.

9. Schedule B shows inspection of shops, licensed in Forms VI and VII.

The inspection of shops by the superior officers of Police and the Magistracy was fair, and no shop was left entirely uninspected

were issued in this form during the year under report against 851 of the previous year, the increase being 12·25 per cent. of these, 940 licenses were for fire arms, and the remaining 10 for other arms. The increase in the number of licenses issued in this form is due to the fact that Strict attention is paid to the working of the Act both by the Police and by the Magistracy, and to the fact that some licensees of the year 1892 who failed to renew their licenses for 1893, took out licenses during the year under report after prosecutions.

6. The number of licenses in Forms X and XI was 3 and 1 respectively during the year marked in the case of licenses issued in Form VIII, and of those granted for blasting purposes.

3. The number of licenses issued in Form VI authorizing manufacture, Conversion, possession and sale of arms and ammunition was two as in the previous year. These licenses were confined to the Tadpatri Taluq.

4. There was neither increase nor decrease in the number of licenses issued in Form VII. One licensee of the Madaksira Town under Form VII. is reported to have done nothing, beyond obtaining license.

5. By far the largest number of the licenses was, as usual, in Form VIII. 950 licenses

11. Inspection of Shops licensed in Forms II and VII

Both the Subordinate Police and the Magistracy were generally punctual in their inspection. The Superintendent of Police inspected 25 out of the 26 Shops in the Main Division and one was not inspected, while the Assistant Superintendent of Police inspected all the Shops in his Sub Division. Almost all the Shopkeepers maintained the prescribed accounts both neatly and correctly. Cases of carelessness in the maintenance of accounts, omission to put up

978 in the previous year. This large increase is probably due to the people having been better acquainted with the rules.

10. The number of prosecutions under the Arms Act during the year under report was 48 cases involving 57 persons against 22 cases involving 26 persons of the previous year. Details of offences and punishments are shown in the subjoined statement

were respectively 282 and 371. There is a fall in the number of licences issued in Form X and records - -
- founding in the licences in Form XI.
This is due to a tendency on the
part of the people to apply for
licences in Form XI in preference
to those in Form X knowing that
the former class of licences admits
of the possession of fire arms for
destruction of wild animals whereas
under the latter possession of fire arms
only is permitted.

9. The No. of licences issued in Form
XI in previous years which were produced
before the Magistracy for verification
with reference to rule 16 of the rules
framed the arms ten was 1079 against
978

Magistracy and the Police. The
Superintendents of Police inspected
9 Shops and the Assistant Superi-
intendents 7 Shops.

8. The total number of licences
issued under all the forms during
the year 1894 was 5,779 against
4,452 in 1893, showing an in-
crease of 1,327. The number of
"firearms" licenses was 5,729 against
4,399 in the previous year. In
cases licences for "other arms"
were issued during the year and 8 reports
The number of licences issued in
Form X and XI during 1894 was 150
and 596 respectively while those
issued in 1889 in these two forms,
which expired at the close of the year
1893 and ought to have been renewed
during the year under reports were

the average licensed quantity as compared with the figures of the previous year.

5. The several purposes for which the Sulphur sold was issued were the manufacture of fireworks, gunpowder and blasting powder, and it was used to some extent for medicinal and sanitary purposes.

6. There were no cases of possession of Sulphur without licence prosecuted during the year under report against 2 cases in the last year.

7. Inspections. At the 16 Sulphur Shops were inspected during the year under report, both by the Magistracy

the average quantity for which licence was taken out during the Year 1894 was 1 Ton - 2 cwts - 2 qrs - 5 lbs against 1 Ton - 4 cwts - 2 qrs - 25 lbs in the previous year.

4. The increase in the quantity of Sulphur licensed for sale is due to the increase in the number of Shops as well as to the increase of quantity licensed for sale in case of Shops viz. 16 x 16. The increase of 1 Ton - 1 cwt - 1 qr - 21 lbs in the quantity of Sulphur actually sold during the Year under report may [illegible] due to the increase in the number of Shops as well as [illegible] a large quantity of blasting powder having been used in sinking wells. There has been a decrease in the average Stock in Trade as well as in the

report, were issued. In one case

3 the licence issued in 1892 was omit-
-ted in the Statement of that year
as the licensee did not open his Shop
but it has now been included.

3. The quantity of Sulphur
licensed for Sale during the
Year 1894 was 18 Tons - 4 cwt -
2 qrs - 24 lbs against 17 Tons -
10 cwts - 2 qrs - 19 lbs in 1893 but the
actual quantity Sold during the
Year accounted only to 5 Tons - 2 cwts -
2 qrs - 10 lbs against 4 Tons - 1 cwt - 1 qr -
17 lbs in 1893. The average Stock in
trade of each licensed vendor was
9 cwts - 0 qrs 17 lbs against 10 cwts -
1 qr 5 lbs in the Year 1893, while the

(2) Sulphur

The number of Shops
licensed in Form VI and VII for the
Sale of Sulphur during the year
under report was 16, of which 4
had been licensed in 1893 for 1894,
against 11 in the previous Year.

of applications for licenses for possession of explosives put in by Municipal and District Board Contractors. There has been a decrease of licenses in forms B + E. The inspections of stock, premises, and books of persons licensed to sell arms and ammunition were conducted both by the Police and the Magistracy and the accounts were found Correct. There were no prosecutions under these rules.

remained the same as in the previous year. As regards the small number of licenses issued in form 8, the explanation contained in my letter R. to G. No 710794 in connection with last year's report holds good also this year. The number of guns and licenses produced before Magistrates under rule 16 was 390 as against 506 in the previous year. The decrease is due to a large number of licenses in form XI, (which are quinquennially issued), having ceased to be in force during 1896.

3. During the year under report there were five prosecutions under the Arms Act. There were none during the previous year. In these cases five men were concerned and of these one was acquitted and the remaining four were convicted. The Convicted individuals were sentenced to pay fines of Rs 27 in all.

4. Explosives Act.

37 licenses of all kinds were issued during 1896 against 35 in 1893. The increase occurs owing to the greater number

Sir,

I have the honor to submit the following report on the working of the Arms and Explosives Act in this district during the year 1894 together with the prescribed statements.

2. The total number of licenses of all kinds issued under the Arms Act during 1894 was 314 As compared with 262 during 1893. The increase is due to the receipt of a greater number of applications for licenses of all descriptions except the number of applications for licenses in form 7 which

CURRENT No. 1634

Tanjore District Magistrate's
Office, Camp Mannârgudi,
28th March 1895.

No. G

From,

T. Thomson Esqre.,
Ag. District Magistrate,
Tanjore.

To,

The Honourable Mr. F. F. Price,
Chief Secretary to Govt.,
Judicial Department,
Madras.

Sir,

I have the honour to report on the working of the Indian Arms act XI of 1878 for the year 1894 and to submit the prescribed Schedules A & B and the Sulphur return.

2. The total no. of licenses ob-

all descriptions issued during the year was 3246 against 3234 in the previous year. Particulars are noted in the subjoined table.

Form	no. issued in 1893	no. issued in 1894.
VI.	56	58
VII	10	8
VIII	3168	3177
IX	"	2
License to possess & transport Gun-powder and fuzes for bonâ fide blasting purposes	"	1
Total	3234	3246.

3. The following is a Comparative Statement of the number of licenses issued during the past 5 years.

Year	Total no. of licenses under the Act	no. of licenses in Form VIII	no. of licenses of all other descriptions
1890	2183	2120	63
1891	2488	2420	68
1892	2852	2788	64
1893	3234	3168	66
1894	3246	3177	69

4. Of the 3177 licenses in Form VIII issued during the year 1894, eleven were for swords, 32 for pistols, 185 for revolvers, 3 for rifles and the remainder for single and double barrel shot guns.

5. The Shops of holders of licenses in Forms VI & VII were regularly inspected by the Inspectors of Police in all the quarters of the year. They have also been duly inspected by the Superintendent or the Assistant Superintendent of Police and by the Subordinate Magistracy. There has been no default in the way of inspections.

6. The results of inspections we

on the whole satisfactory, no serious irregularities being brought to light. The licensees have received warnings where necessary over the way of keeping accounts &c. The shops of licensees are situated in safe and suitable premises sufficiently removed from human habitations, and the licensees have been warned to take all possible precautions to prevent accident. In spite of these precautions, I regret to report that during the year the licensee No. 12 Sami Padayachi of Tirukattupalli, by negligent conduct in the manufacture of Gunpowder — the use of a light in the night time — brought on an explosion which resulted in himself and three of his relations losing their lives. This incident was reported by the Divisional Magistrate to be purely accidental and it did not affect the outside public.

7. The No of sulphur licenses issued for the year 1894 was 6 as against 8 in 1893. Two of the licensees of 1893 have discontinued their business. The total quantity of sulphur for the sale of which licenses were granted was 30. 3. .. 24 (T. Cwt qr lbs) against 33. 13. .. 24 in 1893. (T. Cwt qr lbs)

The total quantity sold was
T. Cwt. Qr. lbs. T. Cwt. Qr. lbs.
15- 15- 2- 10 against 13- 10- ..- 23
in 1893. These figures approximately
represent the actual transactions
in Sulphur during 1894; Anna
Pillai (licensee No. 7 in the
general return) died on 9th
of December 1894 and as his home
& G. were sealed it has been
possible to ascertain his transactions
only upto 21st November
1894 when the Police Inspector
examined his shop for the
last time.

8. Sulphur was, as usual, used
chiefly in the manufacture
of fireworks-Gunpowder, and
in smaller quantities for
making Sporting Gunpowder,
for medicinal purposes, and in
the Railway Workshop at
Negapatam.

9. Including those pending from
1893, twenty three cases were
prosecuted against twenty
four persons under the Arms
Act during 1894; in which
19 persons concerned in 18
cases were convicted, one
case ended in acquittal,
two others in the discharge
of the accused, and the
remaining two cases are pending
arrest of the accused concerned.
This shows an increase of
eight prosecutions as compared
with the previous year. No special
reason can be assigned for
this slight increase. The
prosecutions were chiefly

for offences under Sec: 19 Clauses E, F & I. The punishments imposed were generally fines varying from Rs 2 to Rs 50. No case of any special importance was prosecuted during the year.

I have the honour to be,
Sir,
Your most obedient servant,

Enclosure in a letter

from

The results of the prosecutions instituted under the Act are shown in the subjoined statement.

Offence	No. of persons prosecuted	No. of persons convicted	No. of persons discharged or acquitted
Sec: 19 cl. (f)	71	67	4
Sec: 19 cl. (b)	14	10	4
Sec: 19 cl. (c)	9	7	2
Sec: 19 cl. (a)	4	4	"
Sec: 19 cl. (d)	1	1	"
Total	99	89	10.

There were 99 prosecutions during the year against 72 in 1893 and 28 in 1892. The increase is due to the activity of the police in detecting unlicensed possession of arms.

I have the honor to be,

Sir,

of inspection of their shops by the police and magistracy. All the shops were regularly inspect-ed except as shown in the subjoined statement where the number of shops in respect of which the proper number of inspection was not made by the magistracy and the police is indicated. The failure on the part of Police Inspectors is in most instances accounted for by the fact that the license holders did not commence their business in the Quarter in which licenses were issued. The taluk magistrate, Tinnevelly has not inspected 3 shops and the taluk magistrate of Salur has not inspected one shop and they have been called upon to explain their neglect.

were renewed and the non renewal of 83 licenses is due partly to the sale of arms by the old licensees to other men and partly to the departure of the license holders to Travancore and in some instances to their death.

Special rules: The license issued free under special rules for possession of dynamite for blasting a wreck stranded on the sea coast in 1893 was renewed for 1894. Applications are very rarely received for this license and it is probably due to the fact that ryots are not aware that licenses are granted free. Steps will be taken to give publicity to the rules on the point. A license in form IX for going armed on journey was also issued in the year.

5. The schedule A appended to the report shows the forms in which licenses were issued and also the number of licenses issued. Schedule B shows the

made should be at a reasonably safe distance from human habitations and that the building should not be constructed of inflamable material. This condition had to be insisted upon to prevent accidents from careless manufacture. This accounts also for the delay in renewal of the licenses in some cases.

Form VII: 23 licenses were issued against 22 in the preceding year; of the holders of these licenses 20 dealt in sulphur.

Form VIII: In this Form 2089 licenses were issued against 1871 licenses in the previous year. The increase of 188 licenses is due to the wide publicity given to the penal provisions of the act by means of a notification in the district gazette and to the strict enforcement of the Act. The Station House Officers were specially instructed to inform the applicants while delivering licenses to them of their liability to prosecution for possession of arms without license. Of the 1871 licenses

4. Form VI: 27 licenses were issued in Form VI for manufacture, possession, and sale of arms, ammunitions, and military stores against 36 in the preceding year. The gunpowder manufactured was for fire works and blasting purposes. The large decrease in the number of licenses issued in the year is to be attributed to the fact that many of the old licensees did not renew their licenses for the year 1894 owing to their inability to comply with the conditions that the place where manufacture was to be

3. The decrease in the number of licenses in form VII is due to two holders of the previous year, omitted in Schedule B accompanying not having renewed their licenses for 1894.

4. Inspections. Schedule B.

All the shops in the district were inspected by the police and Magistracy with the exception of the one at Produtor in the first two quarters. The license was granted in May 1894, and transactions were commenced evidently in the latter part of the 2d quarter.

5. Under rule 16 of the revised rules under the Arms Act, the exhibition of licenses in form XI to the local Magistrates has not been insisted on with reference to G.O. No. 2517 of the 5th December 1888, though a small percentage of the holders did produce them in pursuance of the practice of previous years.

6. Prosecutions. Out of 33 cases reported, involving 33 persons, there were convictions in 30 cases involving 30 persons. The remaining three were all discharged under section 253 C.C.P. The number of cases and of persons prosecuted, convicted and acquitted or discharged in 1893 was 45, 47, 43 and 4 respectively. The decrease I am of opinion is due to the fact that almost all the arms have been registered, and that the printed registers of licensees maintained in each of the Taluq offices have contributed towards the attainment of the object they were intended to serve, and thereby diminish the number of prosecutions. The prosecutions during the year were all for unlicensed possession of arms. Section 19 clause f.

SIR,

I have the honor to submit the report on the working of the arms Act for the Calendar year 1894. The usual statements, schedules A and B, are forwarded.

2. Schedule A. The number of licenses issued during the year was 3688 against 3540 in the previous year — showing a net increase of 148, which is the result of a gross increase of 194 in the number of licenses in form no VIII, and a gross decrease of 46 in the number of those in forms nos. VII, IX and XI (2, 1 and 43). The most noticeable increase in the number of licenses in form VIII may be attributed to improved registration. The decrease, mostly in the licenses in form XI, is due to the fact that these are quinquennial and must go on decreasing, as most of the arms have been licensed in previous years, and also because the holders choose to have licenses in form VIII instead, with a view to being at liberty to go armed for purposes other than those mentioned in form no. XI.

From J. Andrew Esquire,

Ag. District Magistrate of
Trichinopoly

To

The Chief Secretary to Government,
Judicial Department,

MADRAS.

Sir,

I have the honor to report on the working of the Indian Arms Act XI of 1878 during the year 1894 and to submit the usual statements.

2. The Schedule A. which is sent herewith shows the number of licenses issued in forms VI, VII, VIII and IX. There was a decrease of one in the number of licenses issued in form No. VI, and an increase of two in those issued in form No. VII as compared with the previous year. Under form No. VIII the number of licenses issued during the year was 161 in excess of those in the previous year, which in turn showed an increase of 224 as compared with the year preceding. The number issued in form No. IX was the same as in the previous year. There was an increase of 162 in the total number of licenses issued during the year under report.

3. Schedule B. shows the inspection of stock, premises and books of persons licensed under forms VI and VII. All the shops were duly inspected both by the

2. In the returns submitted by the District Magistrate of Malabar and the Commissioner of Police, Madras

3. Fire-arm are required to be shown separately from other arms.

License in Form No: IX.

7. Only one license was issued in Form No IX, as in last year. This was granted in respect of 3 guns, 1 revolver, and 2 pistols to the Head of the Tiyan Koilas Built who resided to travel from Kolas Built who resided to travel from Kolas Built who resided to travel from Tellicherry to Trichinopoly & back Trichinopoly & back to Tellicherry. No licenses issued under the Sanjore Act is in force for 4 months and was to be in force for 4 months from 5th September 1894 to 4th January 1895.

License in Form No: XI.

8. There were no licenses received in Form X and XI.

Dis was any license issued for the possession and transport of gunpowder and fuses for bona fide blasting purposes.

Prosecutions.

9. The number of prosecutions declined from 108 in the previous year to 3 in the year under report. The Thay measures taken in the year 1893 94 have produced the desired effect and the increase in the number of licenses

licenses in the year under report side by side with the large decrease in the number of prosecutions is a highly satisfactory feature of the year's work under this head.

Indian Arms Act Report on the working of the ——— during the year 1894

Taluk	1893	1894
Cuddalore	290	334
Villupuram	223	270
Tindivanam	309	354
Tiruvannamalai	553	629
Tirukoilur	164	191
Kallakurichy	954	870
Virdachalam	138	137
Chedambaram	193	242
Total	2824	3027
To persons in other Districts	14	16
To French native Subjects	11	20
Grand total	2849	3063

There was an increase in all cases except against Virdachalam and Kallakurichy. The decrease against Virdachalam is trifling and calls for no remark. The decrease against Kallakurichy is considerable and the reason assigned for it viz. that fire arms have either become useless or have been sold to persons in other Taluks does not, in my opinion, sufficiently account for the fact. I have therefore

unless late applications are refused, which does not appear necessary or desirable.

The improvement observed last year in the inspection of shops by the Magistracy was maintained in the year under report. Of the three shops shewn in Schedule B as not inspected, only two are ascertained to be real omissions, for which the Taluk Magistrate Veridachallam who has been suspended on certain grave charges was responsible. The other is due to non submission of return by the Deputy Magistrate Tirukoilur (vide remark against item No: 5 of Schedule B)

Licenses in Form No: VIII.

6. 3063 licenses involving 3112 arms of all descriptions were issued under Form No: VIII in the year under report, as against 2849 involving 2906 arms in the previous year, the increase being 214 licenses. The following statement compares the numbers issued for the several Taluks in the District in the year under report with those issued in the previous year:—

Licenses in Form No: VII

4. The number of licenses in Form No: VII issued in the year continued the same as in the preceding year, it being 3. They were all renewals.

Inspection.

5. The inspection of shops licensed under Forms VI and VII by the Inspectors of Police and the Superintendent and Assistant Superintendent of Police was satisfactory during the year. There was no inspection during one quarter (1st Qr.?) of four shops under Form No: VI by the Inspectors but from the remarks entered against each shop in Schedule B, it will be observed that the officers concerned were not to blame.

The Superintendent of Police did not inspect 2 shops for which licenses were issued in April and May in the year, owing to the delay on the part of one of the licensees in applying for renewal and of the other in applying for a license. The former has not repeated the delay this year, as he had his license renewed on 29.1.95. Delay on the part of fresh applicants cannot be prevented, unless

Sir,

I have the honour to submit my report on the working of the Indian Arms Act-XI of 1878 during the year 1894, together with Schedules A and B and two statements, one shewing the number of licensed dealers in sulphur and the extent of their transactions during the year, and the other giving particulars of prosecutions under the Act.

Licenses in Form No: II or under Rule 6(c)

2. No licenses in Form No: II or under Rule 6(c) of the Rules framed under the Act were granted during the year under report.

Licenses in Form No: VI.

3. 36 licenses were issued in Form No: VI in the year under report against 35 in the preceding year. Of these, 33 were renewals and the remaining three were new cases. Only 2 of the licensees of the previous year did not renew their licenses in the year under report.

MADRAS.

SIR,

In continuation of my Arms Act report for the year 1894, No. 241 dated 28-3-95, I have the honour to report that from the Schedule B since received from the Deputy Magistrate Tirukoilur it is observed that the shop of Moideen Sahib of Pakkambody Kallakurichi Taluq (item No. 5 on Schedule B accompanying my report) was not inspected by any magistrate during the year 1894. It was the duty of the Tahsildar Magistrate to have

have inspected all the shops outside the Cusbah. The omission appears to have been due to the frequent changes in the personnel of the Taluq owing to a reduced Tahsildar from Trichinopoly having been sent to this District.

No. 53 Magts-

From C. L. Mein Esquire
Acting District Magistrate Cuddapah

To The Chief Secretary to Government
Revenue Department
Madras.

Dated Chittapur 14 March 1895.

Sir, I have the honor to submit my report on the working of the Indian Arms Act XI of 1878 in this District during the year 1894 together with the District Register of arms and the statement showing the number of licensed dealers in sporting guns and gunpowder in the District.

The following statement compares the number of licenses issued during the year under report with those issued during the previous year.

Form of license	1893	1894	Increase and decrease
	Number of licenses issued	Number of licenses issued	
II	16	15	-1
III	9	14	+5
VII	528	487	-41
VIII	7	15	+8
IX	"	"	"
X	96	107	+11
XI	"	"	"

The increase in the number of licenses issued in Form VI is due to the issue of licenses who had forfeited their licenses for arms which had been destroyed by fire during the year.

The decrease in the number of licenses issued in Form VII is due to the fact that no licenses in Form VII were issued in the year under report for licenses in

subsequently when they had built or secured buildings of the required description, they also had licenses in form no VI. There are no shops for the manufacture of arms in this district and persons take out licenses in form no. VI, only to secure the privilege of manufacturing fire works. There was a decrease of 41 in the number of licenses issued in form no. VIII. The number of licenses issued in this form certainly does not represent the number of arms in the district, that should have been licensed. More has hitherto been no enquiry why the licenses issued in one year had not been renewed in the following year. A few instances have also been noticed where subordinate magistrates had not promptly submitted to the district magistrate applications for licenses in form no VIII presented to them. In order to prevent similar mistakes and to make the Police responsible for checking the unlicensed possession of arms, list of licenses issued in 1894 have been printed and supplied to all station House officers and the Superintendent of Police and arrangements also made to keep the Police informed of all new licenses issued and all old licenses renewed. A circular embodying the Revised Rules under the Arms Act regarding the licenses ordinarily issued in this District, and the orders of Government regarding prosecutions for unlicensed possession of arms, with detailed instructions to Police

and Magistracy in dealing with the applications for licenses, has been widely published. I expect a vast improvement in this respect during the current year.

3. The executive Engineer, Rushikulya Project works has twice obtained permission to obtain from Madras gun powder, fuses &c for bona fide blasting purposes.

4. For possessing and carrying guns without licenses, 11 prosecutions were instituted during the year and 2 were pending from the preceding year. In these 13 cases, 13 persons were involved and all were convicted. Three were fined Rs 8 each two Rs 3 each, 4 Rs 2 each, 2 Re 1 each, 1 Rs 4 and 1 half a rupee

From K. C. Manavedan Raja
~~C. D. Madoras~~, Esq.,
Collector and District Magistrate
of Nellore.

To the
Chief Secretary to Government, Judicial Department
Madras.

Sir,

I have the honor to submit the report on the working of the Indian Arms Act during the year 1894, together with Schedules A and B showing the number of licenses issued and the inspections made by the Police and Magistracy of the shops opened to deal in Sulphur and ammunition during the year.

2. In the year under report 9 licenses in form VII and 1131 in form VIII were issued against 11 and 1007 respectively in 1893. The 13 licenses issued in form IX in 1892 for destroying wild animals were in force during 1894, and no fresh licenses were issued in that form during the year.

The person who obtained a license in form VII to open a Sulphur shop at Angole in 1893 did not renew his license for 1894 as he never opened the shop at all and

[Encl.; 26-4-90.]

another dealer in Sulphur of Nellore Town closed his shop in 1894. Hence the decrease in the number of licenses. The increase in the number of licenses issued in form VIII was due to the close Supervision on the part of the Police under stringent orders issued from this Office

3. Only one license was issued for the possession of gunpowder and fuses &c for blasting purposes in 1894 against 2 in 1893 This license was obtained by a Contractor of Mica Mines in the Kapur Taluk.

4. There was only one case tried under the Act during the year for going armed with Swords without licenses in which 5 persons were convicted with a fine of Rs 2 each and 3 acquitted. There were no cases pending at the end of the year under report.

in default to undergo rigorous imprisonment for 2
the remaining three were charged before the Asst
Magistrate, two for going armed without a license and
for possessing arms without a license under clauses c & f
respectively of Section 19. Of the 2 charged under clause, c,
one was discharged and the other fined Rs 10 - with 1 weeks
simple imprisonment in default. The one charged under clause
f, was sentenced to pay a fine of Rs 3. In all these cases
the fines were levied and credited to Government.

6. On the whole the working of the Arms Act was
satisfactory during the year under report, but it appears to
me that the number of arms registered in the District
is remarkably small. Hitherto my attention has not been
much directed to this state of affairs in consequence of the
crush of other work, but I will now inquire and see about it.

I have the honor to be,
Sir,
Your most obedient Servant,

eh the shops except Nos. 8 & 17 (vide statement (B)) were
by the Magistracy during the year - most of them being
so more than once. Shop No. 8 was not inspected by the
Magistracy during the 1st & 2nd Quarters there being a change
in the personnel of the Taluk Magistrate of Vizianagram
and owing to the constant touring of the then Divisional
Officer. During the 3rd and 4th Quarters the shop was
attached under a decree of the Civil Court and consequently
either the Police or the Magistracy had no necessity to
inspect it there being no transactions during the time.

For shop No. 17 a temporary license was granted
for the preparation of fireworks for the Diparali festival only.
Hence it was not inspected by the Police or Magistracy.

Shops Nos. 9 and 10 were not inspected by the
Inspectors of Police during the 2nd and 4th quarters respectively
and those of Nos. 12, 13 & 16 during the 3rd quarter. The
attention of the Superintendent of Police is drawn to the
omission. The Superintendent himself inspected all the
shops with the exception of No. 8.

5. There were four prosecutions under the Act.
One was charged before the Head Assistant Magistrate
for manufacturing and converting arms under clause, d,
of Section 19 and was sentenced to a fine of Rs 40,

tions of shops

In most cases the inspections of shops by magistrates was more than the required minimum. Shop no 11 alone as per schedule B was not inspected, probably because it was not opened during the year, as the absence of transactions indicates

3 of the shops were also inspected by the Superintendent and 5 by the assistant Superintendent of Police

7. Prosecutions.

There were 11 prosecutions involving 11 persons during the year against 5 prosecutions involving 8 persons in 1893. The offence in 5 of these cases was the possession of a musket, in 1, the possession of ammunition &c without a license and in 2 cases it was going armed with a musket without a license and in the other 3 cases it was failure to deposit muskets possessed without

9 Shops, 8 in Form VII & 1 in Form VIII were newly opened while 6 old shops, 5 in Form VII & 1 in Form VII were closed during the year. The shops closed had no balance of ammunition at the beginning of the year 1894, greater than of 4 & 8 lbs in the case of two shops.

6. Form VIII: To possess fire arms and to go armed for sport and protection. There were 1364 licenses issued under this head during the year under report, against 1336 licenses in 1893, showing an increase of 28 or 2·05 per cent. Ninety nine per cent of the old licenses were renewed during the year. The slight increase in the total no of licenses issued calls for no special remarks.

7. Form IX: To go armed on a journey. No such licenses were issued during the year and only one such license was issued during 1893.
