20TH JULY 1895, No. 1524, JUDICIAL.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble S. SRINIVASA RAGHAVAIYANGAR, Dewan Bahadur, C.I.E., Inspector-General of Registration, to the Chief Secretary to Government, dated Ootacamund, 6th July 1895, No. T.-3185.

I have the honour to submit, for the sanction of Government, proposals for opening two new registration offices, one at Payyannur and the other at Aliyur and for transferring the Ponmeri sub-registry office to Tiruvallur and for re-adjusting the limits of certain sub-districts in the Tellicherry district.

2. The sub-district of Payengati has at present thirteen amshoms comprised in it. Six of these amshoms being at considerable distances from Payengati, the inhabitants resorting to it for the registration of documents are put to much inconvenience, especially as there is no good road connecting the amshoms with Payengati and it is believed that in consequence many documents, including those of the optional class, are not at all brought for registration. To obviate inconvenience to the registering public, the District Registrar proposes to constitute a new sub-district to be designated "the sub-district of Payyannur" by transferring the six amshoms referred to above from Payengati office. Payyaunur, where it is proposed to locate the new office, is an important village having a post-office and a police-station. All the amshoms proposed to be attached to Payyannur are much nearer to it than to Payengati, as will be seen from the list of distances enclosed.

3. The registrations in Badagara, Ponmeri and Panur sub-registry offices amounted to 4,958, 4,661 and 4,800, respectively, during the last official year. In consequence of the heavy work devolving on them, the sub-registrars find themselves unable to attend carefully to the details of their office work and to receive for registration *all* the documents presented to them daily for the purpose. To remove these drawbacks, the District Registrar has proposed the formation of another sub-district to be designated "the sub-district of Aliyur" by taking two amshoms from Badagara, one from Ponmeri, one from Nadapuram and two from Panur. Aliyur, where the new office is proposed to be located, is an important village situated within easy reach of the amshoms proposed to be transferred to it.

4. The District Registrar has also proposed some further changes in the limits of the sub-districts, with a view to reduce further the work of the Ponmeri office and to afford some relief to the sub-registrar of Payyóli, whose work also has become heavy.

- These changes if carried out will result in the transfer of two amshoms from Ponmeri—one to Badagara and the other to Nadapuram—of one amshom from Nadapuram to Kuttiyati and of one from Payyóli to Ponmeri, as shown in the margin. The transfers will conduce to the convenience of the registering public.
- (1) Kartikapalli amshom from Ponmeri to Badagara sub-district.
 - (2) Ponmeri amshom from Ponmeri to Nadapuram sub-district.
 - (3) Velliot amshom from Nadapuram to Kuttiyati sub-district.
 - (4) Maniyur amshom from Payyóli to Ponmeri sub-district.

The village of Ponmeri is found to be entirely unsuitable for the head-quarter station of the sub-district, as access to it is very difficult, especially during the rainy season, there being no cartable road leading to it. The District Registrar accordingly proposes to locate the office at Tiruvallur, which is easily accessible by means of a canal at all times of the year and centrally situated with regard to the several amshoms proposed to be retained in the Ponmeri sub-district. The proposals for the transfer of the office to Tiruvallur and for the opening of two new offices have been approved of by the Collector of the district.

5. The effect of the proposals on the work of the several offices will be seen from the subjoined table:—

From the above it will be seen that the new offices will have sufficient work to start with. In the old offices also the pressure of work will be to some extent equalised. The Nadapuram office will, however, need relief later on if the work increases. Proposals for opening an additional office in this tract will, if necessary, be made after some experience has been gained of the working of the arrangements now proposed.

6. In these circumstances, I have the honour to request that Government may be pleased to sanction the opening of the two new offices, the transfer of the amshoms referred to in paragraph 4 and of the Ponmeri sub-registry office from Ponmeri to Tiruvallur with effect from the 1st September 1895 and the incurring of the following charges in connection therewith, provision for the same having been made in the budget estimate:—

The above expenditure is exclusive of the 20 per cent. commission on the collections payable to the sub-registrars, which will amount to Rs. 460 at Payyannur and Rs. 600 at Aliyur. The offices will be self-supporting from the commencement, and there is no doubt that the additional expenditure will be more than recouped in the course of two or three years by the expansion of registrations consequent on the increased facilities afforded to the public. It may be mentioned here that the new offices opened from time to time in Malabar have been very successful in that they have brought in additional revenue to Government.

7. I beg to submit, for approval and publication in the Fort St. George and Malabar District Gazettes, draft notifications giving effect to the proposals made in this letter. The usual proposition statement in respect of the extra cost imposed on the State is also enclosed for the sanction of Government.

CHIEF SECRETARY TO GOVERNMENT,

Dated Cotacaimund, 6 July 1895.

SIR,

I have the honor to submit, for the sanction of Government, proposals for opening 2 new registration offices, one at Payyannur and the other at Shijur and for transferring the Panneri Subregistry office to Tiruvallur and for re-adjusting the limits of certain sub-districts in the Tellicherry District.

2. The sub-district of Payengati has at present 13 amshoms comprised in it, 6 of these amshoms being at considerable distances from Payengati, the inhabitants resorting to it for the registration of documents are put to much inconvenience, especially as there is no good road connecting the amshoms with Payengati, and it is believed that in consequence many documents including those of the optional class are not at all brought for

To obviate inconvenience to the registering public, the District Registrar proposes to constitute a new sub-district to be designated "the sub-district of Payyannur" by transferring the amshoms referred to above from Payengati Office. Payyannur, where it is proposed to locate the new office, is an important village having a Post Office and a Police Station. All the amshoms proposed to be attached to Payyannur are much nearer to it than to Payengati, as will be seen from the list of distances enclosed.

3. The registrations in Badagara, Ponnéri and Panur Subregistry Offices amounted to 4958, 4661 and 4800 respectively during the last official year. In consequence of the heavy work devolving on them, the Subregistrars find themselves unable to attend carefully to the details of their office work and to receive for registration all the documents presented to them daily for the purpose. To remove these drawbacks, the District Registrar has proposed the formation of another sub-district to be designated "the sub-district of Alipur" by taking 2 amshoms from Badagara, one from Ponnéri, one from Kadapuram and 2 from Panur. Alipur, where the new office is proposed to be located, is an important village situated within easy reach of the amshoms proposed to be transferred to it.

4. The District Registrar has also proposed some further changes in the limits of the sub-districts, with a view to reduce further the work of the Ponnéri Office and to afford some relief to the Subregistrar of Payyoli, whose work also has become heavy. These changes, if carried out will result in the transfer of 2 amshoms from Ponnéri, one to Badagara and the other to Kadapuram, of one amshom from Kadapuram to Kuttiyati and of one from Payyoli to Ponnéri as shown in the margin. The village of Ponnéri is found to be entirely unsuitable for the head-quarter station of the sub-district, as access to it is very difficult, especially during the rainy season, there being no cartable road leading to it. The District Registrar accordingly proposes to locate the office at Tiruvallur, which is easily accessible by means of a canal at all times of the year and centrally situated with regard to the several amshoms proposed to be retained in the Ponnéri sub-district. The proposals for the transfer of the office to Tiruvallur and for the opening of 2 new offices have been approved of by the collector of the district.

[1 Night watchman

1 Night watchman and sweeper	Rs. 5
House rent	5
Total Rs 113 1/2 per mensem or Rs 1362 per annum	

The above expenditure is exclusive of the 20 percent commission on the collections payable to the Subregistrars, which will amount to Rs 460 at Payyannur and Rs 600 at Alipur. The offices will be self-supporting from the commencement and there is no doubt that the additional expenditure will be more than recouped in the course of 2 or 3 years by the expansion of registrations consequent on the increased facilities afforded to the public. It may be mentioned here that the new offices opened from time to time in Malabar have been very successful in that they have brought in additional revenue to Government.

7. I beg to submit for approval and publication in the Fort St George and Malabar District Gazettes draft notifications giving effect to the proposals made in this letter. The usual proposition statement in respect of the extra cost

imposed on the state is also enclosed for the
instruction of Government.

I have the honor to be,
Sir,

Your most obedient servant.
