Cataramund. Prisons
OFFICE OF THE INSPECTOR-GENERAL OF JAILS,
Dated 5th June 1895.

From

A. G. CARDEW, Esq., M.A.,

INSPECTOR-GENERAL OF JAILS, Prisons.

To

THE Hon'ble Mr. J. F. Price, C.S. J.

CHIEF SECRETARY TO GOVERNMENT,

SIR,

Enclosure.

I have the honour to request that the Government may be pleased to sanction the acquisition by the Revenue authorities of a piece of waste land measuring 5 acres in the Nar-sipuram village of the Belgannu Taluk-indari, Vizagapatnam District, as a camping ground for the Parvatipur Hill Tail.

2. The present encamping ground of the Tail is situated near Kouka-dada, a village about 3½ miles South East of the Tail Hill and is about an acre and a half in extent. This site belongs to the villagers in the Maringi estate and for several years a rental of Rs 6/- per annum has been paid to them for it. In 1890 Colonel

Parsons

Porter, as Inspector-General of Prisons, called for a report regarding the land, and it was then stated that there was a track leading to it which enabled carts to pass "at all times except the rainy season" and that there was a tank $1\frac{1}{2}$ miles from the land - giving an ample supply of good water.

This report was accepted, but when the question of placing the convicts in camp was raised in consequence of the sickness and mortality of August - October 1894, Mr. Henderson visited the land and found that the track was non-existent and the tank polluted by cattle and with a very scanty supply of water. The report furnished in 1890 is signed by the Tailor, an officer not now in the Department, on behalf of the then Senior Assistant Agent, and as it was written early in March, it was probably produced during the Senior Assistant Agent's absence and on the responsibility of the Tailor alone. In order to retain the present land a road to it would have to be constructed, and land taken up for the purpose and it seemed better to select a more accessible site. Various enquiries have accordingly been recently made with this object and the area now proposed to be acquired has been selected.

3. This ground which is high and dry is situated about 2 miles from the Narsipuram village, about 2 miles from Venkannapeta and $2\frac{1}{2}$ miles from Petha Boudapalli. It is $2\frac{1}{2}$ miles from the Tail and is approachable at all seasons of the year. There is a large tank near, the water from which could be used for ablutionary purposes only; but water for drinking purposes will have to be obtained from a well to be sunk on the site and this will be done as soon as the land is made over.

4. The names of the owners of this land are given in the margin and the cost of acquiring it is estimated by the Collector at Rs 60/- per acre. An additional 15 per cent under Section 23(2) of Act I of 1894 will have to be added to the estimated value which will bring the total amount of compensation payable to Rs 345/-. The Revenue authorities point out, however, that this land being a Nayakaram Service Inam permanently settled, the owners are entitled to the grant of other lands in lieu of that proposed to be acquired under Standing Order No. 14 of the Revised Edition of the Board's Standing Orders.

I have the honour to be,
Sir,

Your most obedient servant
