Dated *Cotacamund, 30 June* 1895.

SIR,

I have the honor to submit, for the orders of Government, the following proposal for the removal of the Subregistrars office, viz. Tangachchiyammampatti, in the Madurai District, from that station to Chattrapatti.

2. When the sub-district was constituted as per G.O. dated 28 December 1893, No. 2690, Judicial, to give relief to the Subregistrars of Palni and Dindigul, especially the former, Tangachchiyammampatti was pitched upon for the head-quarter station owing to its central position and nearness to the villages comprising the sub-district. This was expected to increase the number of registrations a great deal, but the result is not as satisfactory as was expected. The registrations of the Palni sub-district

sub. district in 1892-93 were 4953, and the number of registrations in the 37 villages transferred to the new sub. district was 1103. But in 1893-94 towards the close of which (February 1894) the new office was opened, the registrations in the 2 offices were 3939; and they were only 4625 in 1894-95, though Tangachchiyammampatti comprises besides the 37 villages of Palni, 11 villages of the Dindigul and Veda sandur sub. districts. This is alleged by the inhabitants of some of the villages comprised in the new sub. district to be due to the unsuitability of Tangachchiyammampatti for the head-quarter station. Tangachchiyammampatti is a small village removed from the high road, and devoid of water convenience or accommodation for persons temporarily halting at the place. For these reasons, the Local Fund Dispensary and the Police Inspector's head-quarters were recently removed from that place to Virupakshi and Chatrapatti respectively. The District Registrar recommends the removal of the Subregistrar's office also to Chatrapatti, which is a pretty big village on the high road from Dindigul to Palni. It has a Police station and a Post office

Post office, a big Choultry for travellers and a largely attended weekly market. It is also the seat of the Zemindar of Velur and has a trading population. It is expected that the transfer of the Subregistrar's office to this station will increase the number of registrations, as the Nattukottai Chettis of Palni, who have transactions with the villagers and who are now unwilling to go to ~~such~~ an out of the way place like Tangachchiyammampatti to have their documents registered, will readily go to Chatrapatti, which is on the high road to Dindigul and is a place of considerable trade. Of the 48 villages comprising the sub. district, 19 are nearer to Chatrapatti than to Tangachchiyammampatti, while 29 are farther from the station; but it is the former villages that contribute the larger number of registrations, and the inhabitants of the latter villages will not have to travel any great distances to get to Chatrapatti, which is only 7 miles from Tangachchiyammampatti.

In these circumstances, I have the honor to request that the Government may be pleased to sanction the removal of the Subregistrar's

Subregistrar's office of Tangachiyamapath
from that station to Chattrapatti was
experimentally for 2 years from the 1st
September 1895.

I have the honor to be,
Sir,

Your most Obedient servant
Dammakapavayyan
Asst. Secy. of Regn.
