Sir,

In order Local and Municipal Department. Dated the 10 January 1894, n^o 27 U. P. No. 1, the Government recorded, a letter from the Acting Collector of Nilgiris bringing to the notice of the Government the nuisance caused by allowing Cattle to roam free all over the Station of Ootacamund - with the remark that the matter is one for the Municipal Council to deal with.

2. The order having been laid before the Municipal Council, the following resolution was passed by it, on the 25 January 1894.

Resolved that the practice which obtained formerly of giving small reward to persons who informed cattle trespassing and

straying on public roads, parks and
unde provided, in view to suppress,
far as may be practicable, the
nuisance brought to the notice of the
Government by the collector."

3. The want of funds has pre-
cluded any action being taken upon
this resolution; and an application to
the collector of the District for the
transfer of the surplus of fines has also
been unsuccessful.

Under the circumstances I have
the honor to submit the matter for the
consideration of His Excellency the
Governor in Council in the hope that
His Excellency in Council may see fit
to grant the Municipality a portion of
the pound funds realized in this town to
enable it to concert measures for seizing
and impounding cattle now allowed to
roam about the town both day and night.

SIR,

11 ?
With reference to endorsement etc 1887, dated the 18th September 1894, referring to me for remarks letter from the Chairman of the Botacamund Municipality, requesting the grant of a portion of the Pound Fund realizations in the town, to meet measures for seizing and impounding stray cattle, I have the honor to say that Section 18(b) of Act I of 1871 would in my opinion cover the payment of rewards to impounders of cattle when the grant of such rewards is unavoidable. There is however nothing in the Correspondence to shew (1) why, with the issue of stringent orders and efficient supervision Section II of the Act should not meet the necessities of the case nor (2) why, if rewards are to be resorted to, their payments ~~of~~ ^{be} ~~be~~ ^{be} arranged by the Government.

Can be fairly said to exist when

Perhaps the Magistrate might be consulted.
It is reported that he negatived the
Chairman's application for money to
meet the contemplated rewards.

Sir,

In returning herewith endorsement
of the Under-Secretary, N^o. 2188 dated 10th November
1894, I have the honor to state that I
am of opinion that the sums received
from fines should, in the first instance,
be devoted, after paying salaries of pound
= keepers, to the construction of and main-
= tenance of pounds and that no surplus
can be fairly said to exist when

8
new ponds are required in many villages,
while most of the existing ponds need
repair and improvement. The Pond
Fund balance on 1st December 1894 was
Rs 1400, and Constructions costing

Rs 1516 are now under consideration.

Again, if ^{a certain percentage, say} 7 per cent. for instance, of
Collections ^{in the ponds within Cochin Municipal limits} were given as rewards, only

a small sum (about Rs 50) would be
available, an amount which would
be of no appreciable assistance. In

my opinion the proper remedy is that
pointed by the Accountant General

viz: the stringent enforcement of
Section 11 of Act I of 1871, and with
regard to Mr. Wolfe-Murray's letter
of 18th December 1893, No. 118. G.

contained in G.O.
10 Jan 1894.
No. 27 M. M.

I would observe that the residents
in the station seldom go so far as to

to shut their gates at night for their
own protection from the nuisance in
question. Double the ordinary pond
fess are already ~~being~~ levied in
Cochin.

I have the honor to be,
Sir,

Cattle trespass act I of 1871

Payment of rewards for impounders of cattle re

The D.M. does not seem to have considered that if measures are taken to stimulate the pouncing of cattle the proceeds of pound fees will rise. I would grant to the Munc. C. half the fees levied in pounds within the limits on condition that they send the whole grant so made on reward to persons pouncing cattle & the unfunded all they did so so spend

Order 24-1-95 10/105

The Govt. remarks that the Dist. Mag's does not seem to have considered that if measures are taken to stimulate the impounding of cattle, the proceeds from pound fees will rise. Under these circumstances the Govt. is prepared to grant to the Municipal Council one half of the fees levied in respect of pounds within municipal limits, on condition that the whole of each grant is applied to the payment of rewards to persons impounding cattle, any portion not so applied to be refunded
