Sanitary Reports on Jails.

Referring, for decision, a question raised by the Inspector-General of Prisons as to whether it was the intention of that Government that *three* medical or — should be submitted annually by medical officers of jails to the Sanitary Commissioner with that Government.

JUDICIAL DEPARTMENT.

Letter—from

The CHIEF SECRETARY to the GOVERNMENT of
FORT ST. GEORGE,

To

The SECRETARY to the GOVERNMENT of INDIA,
Home Department.

Sir,

I am directed to refer, for favour of decision by His Excellency the Governor-General in Council, a question raised by the Inspector-General of Prisons of this Presidency, as to whether it was the intention of the Government of India that *three* medical or sanitary reports should be submitted by medical officers of jails (along with their annual returns of sickness and mortality in jails) to the Sanitary Commissioner with the Government of India.

2. In Home Department letter, dated 22nd July 1876, No. 12—1265, the Government of India directed that duplicate copies of the annual returns of jails in the Madras Presidency should be submitted to the Sanitary Commissioner with the Government of India, in the same form as was prescribed for Bengal.

3. In 1878, with a view to obtain complete information as to the causes which produce excessive mortality in jails, His Excellency the Governor-General in Council drew * up a form of sanitary sheet containing a few questions on the most important sanitary facts and desired that it should be appended to the annual jail return. The Government of India believed that the information supplied by this sheet would be more definite and valuable than that contained in the reports which were then furnished.

* *Vide* Home Department Resolution, dated 26th December 1878, No. 25—1653 to 1665, Judicial.

4. Later on—*i.e.*, in May 1887—Dr. Walker submitted to the Government of India a revised form of annual jail return and requested that it might be substituted for that then in use. His Excellency the Governor-General in Council, after consulting the various Local Governments and Administrations, altered that form slightly and prescribed it for general adoption in Home Department Resolution, dated 31st October 1887, No. 26—1742–53, Judicial. The instructions printed on the back of this revised form require that the annual jail return should be accompanied by a sanitary report in the form therein given.

5. In consequence of these orders, medical officers of jails in this Presidency have been submitting annually *three* medical or sanitary reports. As specimens, I am to enclose those actually received from the Cannanore Central Jail for 1894 for

favour of perusal and return. It will be seen that these three reports cover nearly the same ground and that their preparation involves what appears to be unnecessary repetition and labour. The Inspector-General of Prisons has therefore proposed that the practice of sending these three sanitary reports should be discontinued and that provision should be made for the submission of a single report containing all the necessary information. Both the Sanitary Commissioner and the Surgeon-General with this Government agree in this proposal and His Excellency the Governor in Council supports it.

6. It appears that the sanitary sheet prescribed in 1878 was intended to replace the sanitary reports of previous years and that it was in turn superseded by the sanitary report of 1887. But, in the absence of *express* directions to that effect, His Excellency the Governor in Council considers it desirable to solicit the instructions of the Government of India as to whether it will suffice to continue the preparation of the report in the form last prescribed, dispensing with the two returns which preceded it.

I have the honour to be,
Sir,
Your most obedient servant,

J. F. PRICE,
Chief Secretary.

The Government of India believed that the information supplied by this sheet would be more definite and valuable than that contained in the reports which were then furnished.

* *Vide* Home Department Resolution, dated 26th December 1878, No. 25—1653 to 1665, Judicial.

4. Later on—*i.e.*, in May 1887—Dr. Walker submitted to the Government of India a revised form of annual jail return and requested that it might be substituted for that then in use. His Excellency the Governor-General in Council, after consulting the various Local Governments and Administrations, altered that form slightly and prescribed it for general adoption in Home Department Resolution, dated 31st October 1887, No. 26—1742-53, Judicial. The instructions printed on the back of this revised form require that the annual jail return should be accompanied by a sanitary report in the form therein given.

5. In consequence of these orders, medical officers of jails in this Presidency have been submitting annually *three* medical or sanitary reports. As specimens, I am to enclose those actually received from the Cannanore Central Jail for 1894 for

favour of perusal and return. It will be seen that these three reports cover nearly the same ground and that their preparation involves what appears to be unnecessary repetition and labour. The Inspector-General of Prisons has therefore proposed that the practice of sending these three sanitary reports should be discontinued and that provision should be made for the submission of a single report containing all the necessary information. Both the Sanitary Commissioner and the Surgeon-General with this Government agree in this proposal and His Excellency the Governor in Council supports it.

6. It appears that the sanitary sheet prescribed in 1878 was intended to replace the sanitary reports of previous years and that it was in turn superseded by the sanitary report of 1887. But, in the absence of *express* directions to that effect, His Excellency the Governor in Council considers it desirable to solicit the instructions of the Government of India as to whether it will suffice to continue the preparation of the report in the form last prescribed, dispensing with the two returns which preceded it.

I have the honour to be,
Sir,
Your most obedient servant,

J. F. PRICE,
Chief Secretary.

Referring, for decision, a question raised by the Inspector-General of Prisons as to whether it was the intention of that Government that *three* medical or — should be submitted annually by medical officers of jails to the Sanitary Commissioner with that Government.

JUDICIAL DEPARTMENT.

Letter—from

The CHIEF SECRETARY to the GOVERNMENT of FORT ST. GEORGE,

To

The SECRETARY to the GOVERNMENT of INDIA, Home Department.

Sir,

I am directed to refer, for favour of decision by His Excellency the Governor-General in Council, a question raised by the Inspector-General of Prisons of this Presidency, as to whether it was the intention of the Government of India that *three* medical or sanitary reports should be submitted by medical officers of jails (along with their annual returns of sickness and mortality in jails) to the Sanitary Commissioner with the Government of India.

2. In Home Department letter, dated 22nd July 1876, No. 12—1265, the Government of India directed that duplicate copies of the annual returns of jails in the Madras Presidency should be submitted to the Sanitary Commissioner with the Government of India, in the same form as was prescribed for Bengal.

3. In 1878, with a view to obtain complete information as to the causes which produce excessive mortality in jails, His Excellency the Governor-General in Council drew * up a form of sanitary sheet containing a few questions on the most important sanitary facts and desired that it should be appended to the annual jail return. The Government of India believed that the information supplied by this sheet would be more definite and valuable than that contained in the reports which were then furnished.

* *Vide* Home Department Resolution, dated 26th December 1878, No. 25—1653 to 1665, Judicial.

4. Later on—*i.e.*, in May 1887—Dr. Walker submitted to the Government of India a revised form of annual jail return and requested that it might be substituted for that then in use. His Excellency the Governor-General in Council, after consulting the various Local Governments and Administrations, altered that form slightly and prescribed it for general adoption in Home Department Resolution, dated 31st October 1887, No. 26—1742–53, Judicial. The instructions printed on the back of this revised form require that the annual jail return should be accompanied by a sanitary report in the form therein given.

5. In consequence of these orders, medical officers of jails in this Presidency have been submitting annually *three* medical or sanitary reports. As specimens, I am to enclose those actually received from the Cannanore Central Jail for 1894 for

favour of perusal and return. It will be seen that these three reports cover nearly the same ground and that their preparation involves what appears to be unnecessary repetition and labour. JUDICIAL DEPARTMENT.

LETTER—from

THE CHIEF SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to refer, for favour of decision by His Excellency the Governor-General in Council, a question raised by the Inspector-General of Prisons of this Presidency, as to whether it was the intention of the Government of India that *three* medical or sanitary reports should be submitted by medical officers of jails (along with their annual returns of sickness and mortality in jails) to the Sanitary Commissioner with the Government of India.

2. In Home Department letter, dated 22nd July 1876, No. 12—1265, the Government of India directed that duplicate copies of the annual returns of jails in the Madras Presidency should be submitted to the Sanitary Commissioner with the Government of India, in the same form as was prescribed for Bengal.

3. In 1878, with a view to obtain complete information as to the causes which produce excessive mortality in jails, His Excellency the Governor-General in Council drew * up a form of sanitary sheet containing a few questions on the most important sanitary facts and desired that it should be appended to the annual jail return. The Government of India believed that the information supplied by this sheet would be more definite and valuable than that contained in the reports which were then furnished.

* *Vide* Home Department Resolution, dated 26th December 1878, No. 25—1653 to 1665, Judicial.

4. Later on—*i.e.*, in May 1887—Dr. Walker submitted to the Government of India a revised form of annual jail return and requested that it might be substituted for that then in use. His Excellency the Governor-General in Council, after consulting the various Local Governments and Administrations, altered that form slightly and prescribed it for general adoption in Home Department Resolution, dated 31st October 1887, No. 26—1742–53, Judicial. The instructions printed on the back of this revised form require that the annual jail return should be accompanied by a sanitary report in the form therein given.

5. In consequence of these orders, medical officers of jails in this Presidency have been submitting annually *three* medical or sanitary reports. As specimens, I am to enclose those actually received from the Cannanore Central Jail for 1894 for
