GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

Read—the following paper:—

From J. P. HEWETT, Esq., c.i.e., Officiating Secretary to the Government of India, Home Department (Sanitary), to the Chief Secretary to the Government of Madras, dated Simla, the 12th August 1895, No. 234—8-Sany.

With reference to the Resolution recorded in the Military Department, No. 1910-D, dated the 29th April 1895, I am directed to invite the attention of His Excellency the Governor in Council to the rules under sections 26 and 27 of the Cantonments Act (XIII of 1889), which were brought into force in cantonments in India under Military Department Notification, No. 460, dated the 3rd May 1895.

2. Rule 7 gives power to the Cantonment Magistrate under certain restrictions to direct the removal within 24 hours from the cantonment of any person suffering from cholera, small-pox, diphtheria, or typhoid fever, and to prohibit such person from remaining in or re-entering it without the written permission of the medical officer.

3. I am directed to request that the attention of all Cantonment Magistrates in the Madras Presidency may be drawn to the fact that the powers conferred by this rule are permissive only and cannot be exercised except in respect of a person whose continued residence in the cantonment has been certified in writing by the medical officer in charge of the hospital to be likely to be attended with danger to the other inhabitants of the cantonment.

4. It is not intended that these powers should be exercised in respect of well-to-do and respectable persons who can and do arrange for their being attended, when suffering from one of these diseases, at their houses, and when all reasonable precautions to prevent the spread of the disease have been taken by those who are responsible for looking after them. I am to request that Cantonment Magistrates may be directed to exercise their power under this rule in accordance with the intention of the Government of India as above expressed.

Order—dated 29th August 1895, No. 1800, Judicial.

The foregoing letter from the Government of India will be communicated to the District Magistrates of Chingleput, Malabar, Nilgiris and Vizagapatam, with the request that the necessary instructions may be issued to the Cantonment Magistrates concerned for their information and guidance.

Approving the proposals for opening a new — office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district; directing the publication in the Fort St. George and Malabar District Gazettes of the draft notifications giving effect to the said proposals; and transferring the proposition statements to the Financial department.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble S. SRINIVASA RAGHAVAIYANGAR, Diwan Bahadur, C.I.E., Inspector-General of Registration, Madras, to the Chief Secretary to Government, dated 16th August 1895, No. 2524-G.

I have the honour to submit, for the sanction of Government, the following proposals for opening a new registration office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district.

2. The work in the sub-registry offices at Chévayúr and Kondotti has grown very heavy, the registrations in those offices having been 4,635 and 4,351 during the last official year. The sub-registrars find it therefore difficult to register and return promptly the documents presented to them for registration and pay sufficient attention to the details of their office work. The registrations in the Calicut registrar's office having amounted to 2,669 during 1894–95, the work in that office is also heavy and does not leave the registrar enough time to attend to the appeals presented to him and to effectually supervise the work of the large number of sub-registrars under his control. The parties resorting to the sub-registrar's and registrar's offices are put to inconvenience owing to the delay in the registration of their documents. To afford relief to the sub-registrar of Chévayúr and the registrar and to remove the hardship caused to the registering public, it is proposed to transfer the two amshoms of Kottuli and Makkada from the Chévayúr and the four amshoms of Edakkad, Elathur, Karannur and Talakolathur from the Calicut to the Panniankarai sub-district. It is also proposed to add to the latter sub-district the amshom of Tamracheri from the sub-district bearing that name for the purpose of affording increased facilities to the inhabitants of the amshom.

3. The sub-district of Panniankarai at present comprises nine amshoms. As this office cannot bear the additional work thrown upon it by the above proposals and some relief is required to be given to the sub-registrar of Kondotti also, the district registrar has proposed the information of a new sub-district to be designated "the sub-district of Ferok" by taking the six amshoms of Beypore, Cheruvannur, Mannur, Nallur, Palanchannur and Vallikunnu from the Panniankarai and the two amshoms of Alingilam and Chelembra from the Kondotti sub-districts. Ferok, where the the new office is proposed to be located, is an important station on the Madras Railway and a place of great trade, being only three miles from Beypore. All the amshoms referred to above, except one, are nearer to Ferok than to Panniankarai or Kondotti.

4. After the changes proposed in the limits of the Panniankarai sub-district are carried out, the village of Panniankarai will become unsuitable for the head-quarter station of the sub-district, as it will no longer occupy a central position. It is accordingly proposed to locate that office in the Calicut town itself and change its designation into the "Kasba office." The three old amshoms proposed to be retained in the Panniankarai sub-district and the six new ones proposed to be transferred to it from other sub-districts being situated at easy distances from the kasba amshom, where the office is proposed to be established, their inhabitants will find the "kasba office" to be a great convenience, especially as they can have also their business transacted in the taluk cutcherry and the Stationary Magistrate's court situated in that amshom.

5. The effect of the proposals on the working of the several offices will be seen from the subjoined table:—

	Registrations.	Receipts.

Add two amshoms from Kondotti (1894)	644	460
Total ..	2,521	2,352

From the above it will be seen that the new office at Ferok will have sufficient work to start with and that the pressure of work in the other sub-registry offices will be equalised to some extent. The work in the registrar's office also will not be as heavy as it was before.

6. In these circumstances, I have the honour to request that Government may be pleased to accord sanction for opening the new office at Ferok, for transferring the Panniankarai office to Calicut town, for changing its designation into "Kasba office" and for re-adjusting the limits of the sub-districts referred to, with effect from the 1st October 1895. I beg also to request that the following expenditure may be sanctioned, provision for the same having been made in the budget estimate:—

	rs.
One sub-registrar, 7th grade	30

Do.	15
One peon	15
One night watchman and sweeper	6
House-rent	5
	7
Total ..	115½ per mensem or 1,386 per annum.

The above expenditure is exclusive of the 20 per cent. commission on the collections payable to the sub-registrar, amounting to Rs. 470 per annum. The office will pay its way from the commencement and there is no doubt that the additional expenditure incurred will be recouped in the course of a few years by the rapid expansion of registrations, due to increased facilities afforded to the public.

7. I beg to submit, for approval and publication in the Fort St. George and Malabar District Gazettes, draft notifications giving effect to the above proposals. The usual proposition statement in respect of the charges and the list of distances are also enclosed.

From the above it will be seen that the new office at Ferok will have sufficient work to start with and that the pressure of work in the other sub-registry offices will be equalised to some extent. The work in the registrar's office also will not be as heavy as it was before.

6. In these circumstances, I have the honour to request that Government may be pleased to accord sanction for opening the new office at Ferok, for transferring the Panniankarai office to Calicut town, for changing its designation into "Kasba office" and for re-adjusting the limits of the sub-districts referred to, with effect from the 1st October 1895. I beg also to request that the following expenditure may be sanctioned, provision for the same having been made in the budget estimate:—

Total ..	115½ per mensem or 1,386 per annum.

The above expenditure is exclusive of the 20 per cent. commission on the collections payable to the sub-registrar, amounting to Rs. 470 per annum. The office will pay its way from the commencement and there is no doubt that the additional expenditure incurred will be recouped in the course of a few years by the rapid expansion of registrations, due to increased facilities afforded to the public.

7. I beg to submit, for approval and publication in the Fort St. George and Malabar District Gazettes, draft notifications giving effect to the above proposals. The usual proposition statement in respect of the charges and the list of distances are also enclosed.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble S. SRINIVASA RAGHAVAIYANGAR, Diwan Bahadur, C.I.E., Inspector-General of Registration, Madras, to the Chief Secretary to Government, dated 16th August 1895, No. 2524-G.

I have the honour to submit, for the sanction of Government, the following proposals for opening a new registration office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district.

2. The work in the sub-registry offices at Chévayúr and Kondotti has grown very heavy, the registrations in those offices having been 4,635 and 4,351 during the last official year. The sub-registrars find it therefore difficult to register and return promptly the documents presented to them for registration and pay sufficient attention to the details of their office work. The registrations in the Calicut registrar's office having amounted to 2,669 during 1894–95, the work in that office is also heavy and does not leave the registrar enough time to attend to the appeals presented to him and to effectually supervise the work of the large number of sub-registrars under his control. The parties resorting to the sub-registrar's and registrar's offices are put to inconvenience owing to the delay in the registration of their documents. To afford relief to the sub-registrar of Chévayúr and the registrar and to remove the hardship caused to the registering public, it is proposed to transfer the two amshoms of Kottuli and Makkada from the Chévayúr and the four amshoms of Edakkad, Elathur, Karannur and Talakolathur from the Calicut to the Panniankarai sub-district. It is also proposed to add to the latter sub-district the amshom of Tamracheri from the sub-district bearing that name for the purpose of affording increased facilities to the inhabitants of the amshom.

3. The sub-district of Panniankarai at present comprises nine amshoms. As this office cannot bear the additional work thrown upon it by the above proposals and some relief is required to be given to the sub-registrar of Kondotti also, the district registrar has proposed the information of a new sub-district to be designated "the sub-district of Ferok" by taking the six amshoms of Beypore, Cheruvannur, Mannur, Nallur, Palanchannur and Vallikunnu from the Panniankarai and the two amshoms of Alingilam and Chelembra from the Kondotti sub-districts. Ferok, where the the new office is proposed to be located, is an important station on the Madras Railway and a place of great trade, being only three miles from Beypore. All the amshoms referred to above, except one, are nearer to Ferok than to Panniankarai or Kondotti.

4. After the changes proposed in the limits of the Panniankarai sub-district are carried out, the village of Panniankarai will become unsuitable for the head-quarter station of the sub-district, as it will no longer occupy a central position. It is accordingly proposed to locate that office in the Calicut town itself and change its designation into the "Kasba office." The three old amshoms proposed to be retained in the Panniankarai sub-district and the six new ones proposed to be transferred to it from other sub-districts being situated at easy distances from the kasba amshom, where the office is proposed to be established, their inhabitants will find the "kasba office" to be a great convenience, especially as they can have also their business transacted in the taluk cutcherry and the Stationary Magistrate's court situated in that amshom.

5. The effect of the proposals on the working of the several offices will be seen from the subjoined table:—

	Registrations.	Receipts. Rs.
Chévváyúr (1894–95)	4,635	4,613
Deduct two amshoms transferred to Panniankarai (kasba) office (1894)	492	407

From the above it will be seen that the new office at Ferok will have sufficient work to start with and that the pressure of work in the other sub-registry offices will be equalised to some extent. The work in the registrar's office also will not be as heavy as it was before.

6. The registrations in the Calicut registrar's office having amounted to 2,669 during 1894–95, the work in that office is also heavy and does not leave the registrar enough time to attend to the appeals presented to him and to effectually supervise the work of the large number of sub-registrars under his control. The parties resorting to the sub-registrar's and registrar's offices are put to inconvenience owing to the delay in the registration of their documents. To afford relief to the sub-registrar of Chévâyúr and the registrar and to remove the hardship caused to the registering public, it is proposed to transfer the two amshoms of Kottuli and Makkada from the Chévâyúr and the four amshoms of Edakkad, Elathur, Karannur and Talakolathur from the Calicut to the Panniankarai sub-district. It is also proposed to add to the latter sub-district the amshom of Tamracheri from the sub-district bearing that name for the purpose of affording increased facilities to the inhabitants of the amshom.

3. The sub-district of Panniankarai at present comprises nine amshoms. As this office cannot bear the additional work thrown upon it by the above proposals and some relief is required to be given to the sub-registrar of Kondotti also, the district registrar has proposed the information of a new sub-district to be designated "the sub-district of Ferok" by taking the six amshoms of Beypore, Cheruvannur, Mannur, Nallur, Palanchannur and Vallikunnu from the Panniankarai and the two amshoms of Alingilam and Chelembra from the Kondotti sub-districts. Ferok, where the the new office is proposed to be located, is an important station on the Madras Railway and a place of great trade, being only three miles from Beypore. All the amshoms referred to above, except one, are nearer to Ferok than to Panniankarai or Kondotti.

4. After the changes proposed in the limits of the Panniankarai sub-district are carried out, the village of Panniankarai will become unsuitable for the head-quarter station of the sub-district, as it will no longer occupy a central position. It is accordingly proposed to locate that office in the Calicut town itself and change its designation into the "Kasba office." The three old amshoms proposed to be retained in the Panniankarai sub-district and the six new ones proposed to be transferred to it from other sub-districts being situated at easy distances from the kasba amshom, where the office is proposed to be established, their inhabitants will find the "kasba office" to be a great convenience, especially as they can have also their business transacted in the taluk cutcherry and the Stationary Magistrate's court situated in that amshom.

5. The effect of the proposals on the working of the several offices will be seen from the subjoined table :—

From the above it will be seen that the new office at Ferok will have sufficient work to start with and that the pressure of work in the other sub-registry offices will be equalised to some extent. The work in the registrar's office also will not be as heavy as it was before.

6. In these circumstances, I have the honour to request that Government may be pleased to accord sanction for opening the new office at Ferok, for transferring the Panniankarai office to Calicut town, for changing its designation into "Kasba office" and for re-adjusting the limits of the sub-districts referred to, with effect from the 1st October 1895. I beg also to request that the following expenditure may be sanctioned, provision for the same having been made in the budget estimate :—

Total ..	115½ per mensem or 1,386 per annum.

The above expenditure is exclusive of the 20 per cent. commission on the collections payable to the sub-registrar, amounting to Rs. 470 per annum. The office will pay its way from the commencement and there is no doubt that the additional expenditure incurred will be recouped in the course of a few years by the rapid expansion of registrations, due to increased facilities afforded to the public.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble S. SRINIVASA RAGHAVAIYANGAR, Diwan Bahadur, C.I.E., Inspector-General of Registration, Madras, to the Chief Secretary to Government, dated 16th August 1895, No. 2524-G.

I have the honour to submit, for the sanction of Government, the following proposals for opening a new registration office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district.

2. The work in the sub-registry offices at Chéváyúr and Kondotti has grown very heavy, the registrations in those offices having been 4,635 and 4,351 during the last official year. The sub-registrars find it therefore difficult to register and return promptly the documents presented to them for registration and pay sufficient attention to the details of their office work. The registrations in the Calicut registrar's office having amounted to 2,669 during 1894–95, the work in that office is also heavy and does not leave the registrar enough time to attend to the appeals presented to him and to effectually supervise the work of the large number of sub-registrars under his control. The parties resorting to the sub-registrar's and registrar's offices are put to inconvenience owing to the delay in the registration of their documents. To afford relief to the sub-registrar of Chéváyúr and the registrar and to remove the hardship caused to the registering public, it is proposed to transfer the two amshoms of Kottuli and Makkada from the Chéváyúr and the four amshoms of Edakkad, Elathur, Karannur and Talakolathur from the Calicut to the Panniankarai sub-district. It is also proposed to add to the latter sub-district the amshom of Tamracheri from the sub-district bearing that name for the purpose of affording increased facilities to the inhabitants of the amshom.

3. The sub-district of Panniankarai at present comprises nine amshoms. As this office cannot bear the additional work thrown upon it by the above proposals and some relief is required to be given to the sub-registrar of Kondotti also, the district registrar has proposed the information of a new sub-district to be designated "the sub-district of Ferok" by taking the six amshoms of Beypore, Cheruvannur, Mannur, Nallur, Palanchannur and Vallikunnu from the Panniankarai and the two amshoms of Alingilam and Chelembra from the Kondotti sub-districts. Ferok, where the the new office is proposed to be located, is an important station on the Madras Railway and a place of great trade, being only three miles from Beypore. All the amshoms referred to above, except one, are nearer to Ferok than to Panniankarai or Kondotti.

4. After the changes proposed in the limits of the Panniankarai sub-district are carried out, the village of Panniankarai will become unsuitable for the head-quarter station of the sub-district, as it will no longer occupy a central position. It is accordingly proposed to locate that office in the Calicut town itself and change its designation into the "Kasba office." The three old amshoms proposed to be retained in the Panniankarai sub-district and the six new ones proposed to be transferred to it from other sub-districts being situated at easy distances from the kasba amshom, where the office is proposed to be established, their inhabitants will find the "kasba office" to be a great convenience, especially as they can have also their business transacted in the taluk cutcherry and the Stationary Magistrate's court situated in that amshom.

5. The effect of the proposals on the working of the several offices will be seen from the subjoined table:—

Approving the proposals for opening a new office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district; directing the publication in the Fort St. George and Malabar District Gazettes of the draft notifications giving effect to the said proposals; and transferring the proposition statements to the Financial department.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble S. SRINIVASA RAGHAVAIYANGAR, Diwan Bahadur, C.I.E., Inspector-General of Registration, Madras, to the Chief Secretary to Government, dated 16th August 1895, No. 2524-G.

I have the honour to submit, for the sanction of Government, the following proposals for opening a new registration office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district.

2. The work in the sub-registry offices at Chéváyúr and Kondotti has grown very heavy, the registrations in those offices having been 4,635 and 4,351 during the last official year. The sub-registrars find it therefore difficult to register and return promptly the documents presented to them for registration and pay sufficient attention to the details of their office work. The registrations in the Calicut registrar's office having amounted to 2,669 during 1894–95, the work in that office is also heavy and does not leave the registrar enough time to attend to the appeals presented to him and to effectually supervise the work of the large number of sub-registrars under his control. The parties resorting to the sub-registrar's and registrar's offices are put to inconvenience owing to the delay in the registration of their documents. To afford relief to the sub-registrar of Chéváyúr and the registrar and to remove the hardship caused to the registering public, it is proposed to transfer the two amshoms of Kottuli and Makkada from the Chéváyúr and the four amshoms of Edakkad, Elathur, Karannur and Talakolathur from the Calicut to the Panniankarai sub-district. It is also proposed to add to the latter sub-district the amshom of Tamracheri from the sub-district bearing that name for the purpose of affording increased facilities to the inhabitants of the amshom.

3. The sub-district of Panniankarai at present comprises nine amshoms. As this office cannot bear the additional work thrown upon it by the above proposals and some relief is required to be given to the sub-registrar of Kondotti also, the district registrar has proposed the information of a new sub-district to be designated "the sub-district of Ferok" by taking the six amshoms of Beypore, Cheruvannur, Mannur, Nallur, Palanchannur and Vallikunnu from the Panniankarai and the two amshoms of Alingilam and Chelembra from the Kondotti sub-districts. Ferok, where the the new office is proposed to be located, is an important station on the Madras Railway and a place of great trade, being only three miles from Beypore. All the amshoms referred to above, except one, are nearer to Ferok than to Panniankarai or Kondotti.

4. After the changes proposed in the limits of the Panniankarai sub-district are carried out, the village of Panniankarai will become unsuitable for the head-quarter station of the sub-district, as it will no longer occupy a central position. It is accordingly proposed to locate that office in the Calicut town itself and change its designation into the "Kasba office." The three old amshoms proposed to be retained in the Panniankarai sub-district and the six new ones proposed to be transferred to it from other sub-districts being situated at easy distances from the kasba amshom, where the office is proposed to be established, their inhabitants will find the "kasba office" to be a great convenience, especially as they can have also their business transacted in the taluk cutcherry and the Stationary Magistrate's court situated in that amshom.

5. The effect of the proposals on the working of the several offices will be seen from the subjoined table:—

	Registrations.	Receipts. Rs.
Chéváyúr (1894–95)	4,635	4,613
Deduct two amshoms transferred to Panniankarai (kasba) office (1894)	492	407
Remainder ..	4,143	4,206
Calicut (1894–95)	2,669	4,615
Deduct four amshoms transferred to Panniankarai (kasba) office (1894)	923	848
Remainder ..	1,746	3,767
Panniankarai (1894–95)	3,639	4,127
Add two amshoms from Chéváyúr (1894)..	492	407
Total ..	4,131	4,534
Add four amshoms from Calicut (1894)	923	848
Total ..	5,054	5,382
Add one amshom from Tamracheri (1894)	163	134
Total ..	5,217	5,516
Deduct six amshoms transferred to Ferok (1894).. ..	1,877	1,892
Kasba office Remainder ..	3,340	3,624
Kondotti (1894–95)	4,351	4,298
Deduct two amshoms transferred to Ferok (1894) ..	644	460
Remainder ..	3,707	3,838
Ferok office--		
Add six amshoms from Panniankarai (1894)	1,877	1,892
Add two amshoms from Kondotti (1894)	644	460
Total ..	2,521	2,352

From the above it will be seen that the new office at Ferok will have sufficient work to start with and that the pressure of work in the other sub-registry offices will be equalised to some extent. The work in the registrar's office also will not be as heavy as it was before.

6. In these circumstances, I have the honour to request that Government may be pleased to accord sanction for opening the new office at Ferok, for transferring the Panniankarai office to Calicut town, for changing its designation into "Kasba office" and for re-adjusting the limits of the sub-districts referred to, with effect from the 1st October 1895. I beg also to request that the following expenditure may be sanctioned, provision for the same having been made in the budget estimate:—

	Rs.
One sub-registrar, 7th grade	30
One clerk	20
Do.	17½
Do.	15
Do.	15
One peon	6
One night watchman and sweeper	5
House-rent	7
Total ..	115½ per mensem or 1,386 per annum.

The above expenditure is exclusive of the 20 per cent. commission on the collections payable to the sub-registrar, amounting to Rs. 470 per annum. The office will pay its way from the commencement and there is no doubt that the additional expenditure incurred will be recouped in the course of a few years by the rapid expansion of registrations, due to increased facilities afforded to the public.

7. I beg to submit, for approval and publication in the Fort St. George and Malabar District Gazettes, draft notifications giving effect to the above proposals. The usual proposition statement in respect of the charges and the list of distances are also enclosed.

Add two amshoms from Kondotti (1894)	644	460
Total ..	2,521	2,352

From the above it will be seen that the new office at Ferok will have sufficient work to start with and that the pressure of work in the other sub-registry offices will be equalised to some extent. The work in the registrar's office also will not be as heavy as it was before.

6. In these circumstances, I have the honour to request that Government may be pleased to accord sanction for opening the new office at Ferok, for transferring the Panniankarai office to Calicut town, for changing its designation into "Kasba office" and for re-adjusting the limits of the sub-districts referred to, with effect from the 1st October 1895. I beg also to request that the following expenditure may be sanctioned, provision for the same having been made in the budget estimate :—

	rs.
One sub-registrar, 7th grade	30
One clerk	20
Do.	17½
Do.	15
Do.	15
One peon	6
One night watchman and sweeper	5
House-rent	7
Total ..	115½ per mensem or 1,386 per annum.

The above expenditure is exclusive of the 20 per cent. commission on the collections payable to the sub-registrar, amounting to Rs. 470 per annum. The office will pay its way from the commencement and there is no doubt that the additional expenditure incurred will be recouped in the course of a few years by the rapid expansion of registrations, due to increased facilities afforded to the public.

7. I beg to submit, for approval and publication in the Fort St. George and Malabar District Gazettes, draft notifications giving effect to the above proposals. The usual proposition statement in respect of the charges and the list of distances are also enclosed.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble S. SRINIVASA RAGHAVAIYANGAR, Diwan Bahadur, C.I.E., Inspector-General of Registration, Madras, to the Chief Secretary to Government, dated 16th August 1895, No. 2524-G.

I have the honour to submit, for the sanction of Government, the following proposals for opening a new registration office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district.

2. The work in the sub-registry offices at Chévayúr and Kondotti has grown very heavy, the registrations in those offices having been 4,635 and 4,351 during the last official year. The sub-registrars find it therefore difficult to register and return promptly the documents presented to them for registration and pay sufficient attention to the details of their office work. The registrations in the Calicut registrar's office having amounted to 2,669 during 1894–95, the work in that office is also heavy and does not leave the registrar enough time to attend to the appeals presented to him and to effectually supervise the work of the large number of sub-registrars under his control. The parties resorting to the sub-registrar's and registrar's offices are put to inconvenience owing to the delay in the registration of their documents. To afford relief to the sub-registrar of Chévayúr and the registrar and to remove the hardship caused to the registering public, it is proposed to transfer the two amshoms of Kottuli and Makkada from the Chévayúr and the four amshoms of Edakkad, Elathur, Karannur and Talakolathur from the Calicut to the Panniankarai sub-district. It is also proposed to add to the latter sub-district the amshom of Tamracheri from the sub-district bearing that name for the purpose of affording increased facilities to the inhabitants of the amshom.

3. The sub-district of Panniankarai at present comprises nine amshoms. As this office cannot bear the additional work thrown upon it by the above proposals and some relief is required to be given to the sub-registrar of Kondotti also, the district registrar has proposed the information of a new sub-district to be designated "the sub-district of Ferok" by taking the six amshoms of Beypore, Cheruvannur, Mannur, Nallur, Palanchannur and Vallikunnu from the Panniankarai and the two amshoms of Alingilam and Chelembra from the Kondotti sub-districts. Ferok, where the the new office is proposed to be located, is an important station on the Madras Railway and a place of great trade, being only three miles from Beypore. All the amshoms referred to above, except one, are nearer to Ferok than to Panniankarai or Kondotti.

4. After the changes proposed in the limits of the Panniankarai sub-district are carried out, the village of Panniankarai will become unsuitable for the head-quarter station of the sub-district, as it will no longer occupy a central position. It is accordingly proposed to locate that office in the Calicut town itself and change its designation into the "Kasba office." The three old amshoms proposed to be retained in the Panniankarai sub-district and the six new ones proposed to be transferred to it from other sub-districts being situated at easy distances from the kasba amshom, where the office is proposed to be established, their inhabitants will find the "kasba office" to be a great convenience, especially as they can have also their business transacted in the taluk cutcherry and the Stationary Magistrate's court situated in that amshom.

5. The effect of the proposals on the working of the several offices will be seen from the subjoined table:—

	Registrations.	Receipts. Rs.
Chévayúr (1894–95)	4,635	4,613

It is also proposed to add to the latter sub-district the amshom of Tamracheri from the sub-district bearing that name for the purpose of affording increased facilities to the inhabitants of the amshom.

3. The sub-district of Panniankarai at present comprises nine amshoms. As this office cannot bear the additional work thrown upon it by the above proposals and some relief is required to be given to the sub-registrar of Kondotti also, the district registrar has proposed the information of a new sub-district to be designated "the sub-district of Ferok" by taking the six amshoms of Beypore, Cheruvannur, Mannur, Nallur, Palanchannur and Vallikunnu from the Panniankarai and the two amshoms of Alingilam and Chelembra from the Kondotti sub-districts. Ferok, where the the new office is proposed to be located, is an important station on the Madras Railway and a place of great trade, being only three miles from Beypore. All the amshoms referred to above, except one, are nearer to Ferok than to Panniankarai or Kondotti.

4. After the changes proposed in the limits of the Panniankarai sub-district are carried out, the village of Panniankarai will become unsuitable for the head-quarter station of the sub-district, as it will no longer occupy a central position. It is accordingly proposed to locate that office in the Calicut town itself and change its designation into the "Kasba office." The three old amshoms proposed to be retained in the Panniankarai sub-district and the six new ones proposed to be transferred to it from other sub-districts being situated at easy distances from the kasba amshom, where the office is proposed to be established, their inhabitants will find the "kasba office" to be a great convenience, especially as they can have also their business transacted in the taluk cutcherry and the Stationary Magistrate's court situated in that amshom.

5. The effect of the proposals on the working of the several offices will be seen from the subjoined table:—

	Registrations.	Receipts.
		Rs.

From the above it will be seen that the new office at Ferok will have sufficient work to start with and that the pressure of work in the other sub-registry offices will be equalised to some extent. The work in the registrar's office also will not be as heavy as it was before.

6. In these circumstances, I have the honour to request that Government may be pleased to accord sanction for opening the new office at Ferok, for transferring the Panniankarai office to Calicut town, for changing its designation into "Kasba office" and for re-adjusting the limits of the sub-districts referred to, with effect from the 1st October 1895. I beg also to request that the following expenditure may be sanctioned, provision for the same having been made in the budget estimate:—

	Rs.

Do.	15
Do.	15
One peon	6
One night watchman and sweeper	5
House-rent	7
Total ..	115½ per mensem or 1,386 per annum.

The above expenditure is exclusive of the 20 per cent. commission on the collections payable to the sub-registrar, amounting to Rs. 470 per annum. The office will pay its way from the commencement and there is no doubt that the additional expenditure incurred will be recouped in the course of a few years by the rapid expansion of registrations, due to increased facilities afforded to the public.

7. I beg to submit, for approval and publication in the Fort St. George and Malabar District Gazettes, draft notifications giving effect to the above proposals. The usual proposition statement in respect of the charges and the list of distances are also enclosed.

Approving the proposals for opening a new office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district; directing the publication in the Fort St. George and Malabar District Gazettes of the draft notifications giving effect to the said proposals; and transferring the proposition statements to the Financial department.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble S. SRINIVASA RAGHAVAIYANGAR, Diwan Bahadur, C.I.E., Inspector-General of Registration, Madras, to the Chief Secretary to Government, dated 16th August 1895, No. 2524-G.

I have the honour to submit, for the sanction of Government, the following proposals for opening a new registration office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district.

2. The work in the sub-registry offices at Chévayúr and Kondotti has grown very heavy, the registrations in those offices having been 4,635 and 4,351 during the last official year. The sub-registrars find it therefore difficult to register and return promptly the documents presented to them for registration and pay sufficient attention to the details of their office work. The registrations in the Calicut registrar's office having amounted to 2,669 during 1894–95, the work in that office is also heavy and does not leave the registrar enough time to attend to the appeals presented to him and to effectually supervise the work of the large number of sub-registrars under his control. The parties resorting to the sub-registrar's and registrar's offices are put to inconvenience owing to the delay in the registration of their documents. To afford relief to the sub-registrar of Chévayúr and the registrar and to remove the hardship caused to the registering public, it is proposed to transfer the two amshoms of Kottuli and Makkada from the Chévayúr and the four amshoms of Edakkad, Elathur, Karannur and Talakolathur from the Calicut to the Panniankarai sub-district. It is also proposed to add to the latter sub-district the amshom of Tamracheri from the sub-district bearing that name for the purpose of affording increased facilities to the inhabitants of the amshom.

3. The sub-district of Panniankarai at present comprises nine amshoms. As this office cannot bear the additional work thrown upon it by the above proposals and some relief is required to be given to the sub-registrar of Kondotti also, the district registrar has proposed the information of a new sub-district to be designated "the sub-district of Ferok" by taking the six amshoms of Beypore, Cheruvannur, Mannur, Nallur, Palanchannur and Vallikunnu from the Panniankarai and the two amshoms of Alingilam and Chelembra from the Kondotti sub-districts. Ferok, where the the new office is proposed to be located, is an important station on the Madras Railway and a place of great trade, being only three miles from Beypore. All the amshoms referred to above, except one, are nearer to Ferok than to Panniankarai or Kondotti.

4. After the changes proposed in the limits of the Panniankarai sub-district are carried out, the village of Panniankarai will become unsuitable for the head-quarter station of the sub-district, as it will no longer occupy a central position. It is accordingly proposed to locate that office in the Calicut town itself and change its designation into the "Kasba office." The three old amshoms proposed to be retained in the Panniankarai sub-district and the six new ones proposed to be transferred to it from other sub-districts being situated at easy distances from the kasba amshom, where the office is proposed to be established, their inhabitants will find the "kasba office" to be a great convenience, especially as they can have also their business transacted in the taluk cutcherry and the Stationary Magistrate's court situated in that amshom.

5. The effect of the proposals on the working of the several offices will be seen from the subjoined table :—

Approving the proposals for opening a new office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district; directing the publication in the Fort St. George and Malabar District Gazettes of the draft notifications giving effect to the said proposals; and transferring the proposition statements to the Financial department.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble S. SRINIVASA RAGHAVAIYANGAR, Diwan Bahadur, C.I.E., Inspector-General of Registration, Madras, to the Chief Secretary to Government, dated 16th August 1895, No. 2524-G.

I have the honour to submit, for the sanction of Government, the following proposals for opening a new registration office at Ferok, for transferring the sub-registry office at Panniankarai to Calicut town and for re-adjusting the limits of certain sub-districts in the Malabar district.

2. The work in the sub-registry offices at Chéváyúr and Kondotti has grown very heavy, the registrations in those offices having been 4,635 and 4,351 during the last official year. The sub-registrars find it therefore difficult to register and return promptly the documents presented to them for registration and pay sufficient attention to the details of their office work. The registrations in the Calicut registrar's office having amounted to 2,669 during 1894–95, the work in that office is also heavy and does not leave the registrar enough time to attend to the appeals presented to him and to effectually supervise the work of the large number of sub-registrars under his control. The parties resorting to the sub-registrar's and registrar's offices are put to inconvenience owing to the delay in the registration of their documents. To afford relief to the sub-registrar of Chéváyúr and the registrar and to remove the hardship caused to the registering public, it is proposed to transfer the two amshoms of Kottuli and Makkada from the Chéváyúr and the four amshoms of Edakkad, Elathur, Karannur and Talakolathur from the Calicut to the Panniankarai sub-district. It is also proposed to add to the latter sub-district the amshom of Tamracheri from the sub-district bearing that name for the purpose of affording increased facilities to the inhabitants of the amshom.

3. The sub-district of Panniankarai at present comprises nine amshoms. As this office cannot bear the additional work thrown upon it by the above proposals and some relief is required to be given to the sub-registrar of Kondotti also, the district registrar has proposed the information of a new sub-district to be designated "the sub-district of Ferok" by taking the six amshoms of Beypore, Cheruvannur, Mannur, Nallur, Palanchannur and Vallikunnu from the Panniankarai and the two amshoms of Alingilam and Chelembra from the Kondotti sub-districts. Ferok, where the the new office is proposed to be located, is an important station on the Madras Railway and a place of great trade, being only three miles from Beypore. All the amshoms referred to above, except one, are nearer to Ferok than to Panniankarai or Kondotti.

4. After the changes proposed in the limits of the Panniankarai sub-district are carried out, the village of Panniankarai will become unsuitable for the head-quarter station of the sub-district, as it will no longer occupy a central position. It is accordingly proposed to locate that office in the Calicut town itself and change its designation into the "Kasba office." The three old amshoms proposed to be retained in the Panniankarai sub-district and the six new ones proposed to be transferred to it from other sub-districts being situated at easy distances from the kasba amshom, where the office is proposed to be established, their inhabitants will find the "kasba office" to be a great convenience, especially as they can have also their business transacted in the taluk cutcherry and the Stationary Magistrate's court situated in that amshom.

5. The effect of the proposals on the working of the several offices will be seen from the subjoined table:—

	Registrations.	Encolpts.
		Rs.
Chéváyúr (1894–95)	4,635	4,613
Deduct two amshoms transferred to Panniankarai (kasba) office (1894)	492	407
Remainder ..	4,143	4,206
Calicut (1894–95)	2,669	4,615
Deduct four amshoms transferred to Panniankarai (kasba) office (1894)	923	848
Remainder ..	1,746	3,767
Panniankarai (1894–95)	3,639	4,127
Add two amshoms from Chéváyúr (1894)..	492	407
Total ..	4,131	4,534
Add four amshoms from Calicut (1894)	923	848
Total ..	5,054	5,382
Add one amshom from Tamracheri (1894)	163	134
Total ..	5,217	5,516
Deduct six amshoms transferred to Ferok (1894).. ..	1,877	1,892
Kasba office Remainder ..	3,340	3,624
Kondotti (1894–95)	4,351	4,298
Deduct two amshoms transferred to Ferok (1894) ..	644	460
Remainder ..	3,707	3,838
Ferok office—		
Add six amshoms from Panniankarai (1894)	1,877	1,892
Add two amshoms from Kondotti (1894)	644	460
Total ..	2,521	2,352

From the above it will be seen that the new office at Ferok will have sufficient work to start with and that the pressure of work in the other sub-registry offices will be equalised to some extent. The work in the registrar's office also will not be as heavy as it was before.

6. In these circumstances, I have the honour to request that Government may be pleased to accord sanction for opening the new office at Ferok, for transferring the Panniankarai office to Calicut town, for changing its designation into "Kasba office" and for re-adjusting the limits of the sub-districts referred to, with effect from the 1st October 1895. I beg also to request that the following expenditure may be sanctioned, provision for the same having been made in the budget estimate:—

	Rs.
One sub-registrar, 7th grade	30
One clerk	20
Do.	17½
Do.	15
One peon	15
One night watchman and sweeper	6
House-rent	5
	7
Total ..	115½ per mensem, or 1,386 per annum.

The above expenditure is exclusive of the 20 per cent. commission on the collections payable to the sub-registrar, amounting to Rs. 470 per annum. The office will pay its way from the commencement and there is no doubt that the additional expenditure incurred will be recouped in the course of a few years by the rapid expansion of registrations, due to increased facilities afforded to the public.

7. I beg to submit, for approval and publication in the Fort St. George and Malabar District Gazettes, draft notifications giving effect to the above proposals. The usual proposition statement in respect of the charges and the list of distances are also enclosed.
