Sir,

I have the honor to forward herewith a copy of letter No. 216, dated the 24th ultimo, from the District Munsif of Arcot and to request that the High Court will be pleased to sanction the preparation of an Estimate. This seems to be required by the D. O. W. Code. Upon such sanction the Executive Engineer will prepare an Estimate and it will depend upon the amount of the Estimate what further steps are prepared.

Every letter, whether printed or in manuscript, should be docketed and abstracted on the back; and the abstract should state clearly the purport of the letter and not merely its title subject.

Enclosures and statements also, whether sent with letters, or merely under cover, should be numbered, docketed and abstracted. The headings of statements should be written in full to prevent mistakes. (G. O. 8th April 1893, No. 289, Public.)

No. 316.

District Munsif's Court,
Arni, 24th July 1895.

From,

M. S. Dy. I. M. Rengachariar Esq., B.A.,
District Munsif, Arni.

To

The District Judge,
North Arcot.

Sir,

I have the honor to report that the buildings of this Court are much out of repair. The floorings and plasterings generally throughout the buildings, and especially in the Verandahs, parties' room, Sale room, and the Nazir's room have become much worn out and the pieces of bricks in the floorings having been floating over the surface to the discomfort of the people that walk thereon. The roofs have become very leaky.

An Estimate for a sum of Rs. 1300 was prepared through the Overseer, D. P. W., and submitted with my letter No. 75, dated the 16th February '94. The High Court thereupon asked me through the District Court in its letter No. 1450, dated 2nd May 1894, to state if the Department of Public Works obtained sanction for the amount of the Estimate.

I have asked the Sub-Engineer of this place
in my letter No. 190 dated 18th June 1894 to let
me know whether funds have been allotted in the
budget of the D. P. W. but that officer, after
reminder, intimated to me by his letter No. 49
dated 19th April 1895, that the repairs cannot
be undertaken by the D. P. W. without the sanc-
tion of the Government.

The buildings are in a more dilapidated
condition than before and I am afraid that
they will become quite unfit for use if the
repairs are not executed early.

I therefore request that the Executive Engi-
neer may be asked to obtain the necessary
sanction of the Government and to repair the
Court buildings as early as possible.

I have, etc.,
