CURRENT 295
REVENUE DEPARTMENT.

F 3,000-14-7-94.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Res. of the

Board of Revenue (Land Revenue), dated 18th Decr. 1894, Forest No. 1653 Ins. on the following letter from the Government Agent Godavary, dated 6th Oct. 1894, No. 389 Ref.

In reference to para 3 of Board's Proceedings, dated 21st July last, Forest No. 119, I have the honor to state that the joint report made by the special Assistant Agent and the District Forest Officer in the reserves in Yellavaram Division has already been submitted to the Board with this office No. 189, dated 16 July last. Mr. Jackson the permanent District Forest Officer having gone on leave after the inspection of only one reserve in Palavaram Division, the special Assistant Agent is awaiting his return and says that, as by that time the rainy season will be over, he will arrange with Mr. Jackson and complete the inspection of the reserves in the Palavaram Division by the end of the current month.

I have directed the District Forest Officer to prepare a list of the checking stations in consultation with the special Assistant Agent.

Agent which I enclose -

3. As regards para 6 of the Board's Proceedings under reply, I have the honor to state that no funds are available in the current year's budget to admit of the cost of any establishment that may be newly entertained. From the enquiries that the special Assistant Agent and myself have made, I am of opinion that it is vain to look to the entertainment of a supervisor in Rampa on a salary of Rs. 60 per mensem or double that amount. As the work in the Bhadrachalam and Solapur Agencies, can, as hitherto be safely executed under the supervision of the Revenue Inspectors, it is only for the remaining portion of the Agency consisting of the Yellavaram and Chodavaram Divisions that some working Agency is needed. The special Assistant Agent says that the present Revenue Inspector of the Yellavaram Division possesses some professional knowledge, having been trained in the Public Works Department. It is proposed that this Revenue Inspector may be entrusted solely with the Agency work's business of both divisions Chodavaram and Yellavaram, while

while the Revenue Inspector of Chodavaram Division does the Revenue Inspectors' business of the said tracks, and that 3 maistries on Rs. 20 per mensem each may be entertained to work under the supervision of the Yellavaram Revenue Inspector and it is considered that this system is likely to produce satisfactory results. The special Assistant Agent says that, if the maistries are made permanent and allowed to draw ~~any~~ single batta in addition to their salaries, he will be able to procure, as maistries, men possessing some professional skill and knowledge and that as a Revenue Inspector will be allowed extra batta during the period he spends on duty beyond his range or division, the present Revenue Inspectors of the Chodavaram and Yellavaram Divisions will find sufficient remuneration in that way for the trouble they have to undergo in travelling over an extensive area of the two Divisions. I agree with him, and if the Board concurs the required

requisite proposition statements for
the entertainment of the 3 main bills
3. will be submitted.

B. Resolution.

Without a map showing the
abstracts brought under the rules approved
there by G.O. 108^{July 1 520} and 411^{23 94}, the number
of are situated, and the situation of the
stations themselves, the Board is not
in a position to express any opinion
save the list of checking stations submitted
there with the foregoing letter. The Agent is
requested to forward a map furnishing
the information above referred to and
to state which of the proposed stations
are intended for each of the several
sets of rules above referred to.

2- In para 36 of the Houtle Mr.
Brundel's report, the marginally-
noted stations were named as places
which should be included among
revenue stations. The Agent proposes
to make them merely checking stations.
He is requested to state why the

1. Dummagudam
2. Polavaram.
3. Dowleswaram
lock.

Houtle Mr. Brundel's recommendation
was departed from.

3. Para 3 of the Government Agent's
letter will be submitted to Government
with reference to para 12 of G.O. 108^{7 108}
and para 6 of B.V. 4119²⁴⁻²⁹⁴. The Agent
proposes to make use of the Revenue
Inspectors solely responsible for
road work in the two divisions, viz
Yellavaram and Chodavaram, and
to assign all the revenue work in the
two divisions to the other, and suggests
that 3 assistants at Rs. 20 each per
month may be entertained perma-
nently to work under the supervision of
the Revenue Inspector. The Board con-
siders that the main lines may be
employed temporarily for one year
for the present, and the Agent's proposed
system given a trial, its continuance
depending on the result of the report
which should be submitted at the
end of that period. If the proposal
meets with the approval of Government
the

did not
in August
in March
in March

The Agent will be called upon to submit a proposition shewing

to. As for the Revenue Inspectors the Agent considers that the extra batta in which they will be entitled to draw when touring outside their proper divisions will compensate them amply for the extra touring included. The Board is of opinion that this plan is a free to the objection that these officers will spend as much of their time as possible outside their proper divisions to make batta, and that it would be preferable to comm- make the extra batta in which the Revenue Inspectors might expect to earn, into a monthly addition to their salary.

Order thereon 21st Aug 1895 N:231.

The Government approves of the Board's proposals contained in paras 3 & 4 of its proceedings read above.
