Current No. 6547 of 8 December 1894 from the L.G. of Police.

For order.
With reference to para. (10) of G.O. of 22 Nov 1894 No. 2813, the L.G. of Police recommends that the physical standard prescribed should be 5' 7" in height with chest measurement 35". The ordinary standard required in the police is that of the native Army viz. height 5' 5" & chest 32", but in the case of Reserve men the height limit is 5' 7" & it is laid down that police employed in towns should as far as possible be up to this standard (Police Order No 181).

I think we may approve this
