READ—the following paper :—

From F. C. HARRISON, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 14th September 1895, No. 2498.

With reference to the concluding portion of paragraph 2 (a) of G.O., No. 1511, dated 17th July 1895, I have the honour to state that proposition statements are not required when medical subordinates attached to an institution are promoted or replaced by men of higher or lower grades.

2. There is no objection to the Surgeon-General being empowered to change the appointments so long as the sanctioned number is not exceeded. This being so, there is apparently nothing to be gained by omitting the appointments from proposition statements for individual institutions and showing them all in a single proposition statement for the whole Presidency. Moreover, their omission from such statements would prevent the total cost being correctly exhibited therein.

ORDER—No. 2030, Judicial, dated 1st October 1895.

The Accountant-General's letter will be communicated to the Surgeon-General, who will be empowered to employ in the Lunatic Asylum and other Government institutions apothecaries and hospital assistants of such grades as he may consider fit, provided always that he does not entertain more than the sanctioned number of each.

From

J. C. Harrison Esquire,

Offg. ACCOUNTANT-GENERAL TO THE
GOVERNMENT OF MADRAS,

To

THE Chief Secretary to Government,
Judicial Department.

SIR,

With reference to the concluding
portion of paragraph 2 (a) of Govern-
ment Order No 1511 dated 17th July 1895,
I have the honour to state that pro-
position statements are not required
when Medical Subordinates attached to
an institution are promoted or replaced
by men of higher or lower grades.

There is no objection to the ^{Surgeon} ~~Surgeon~~
General being empowered to change
the appointments, so long as the
sanctioned

sanctioned number is not exceeded.

This being so there is apparently nothing to be gained by omitting the appointments from proposition statements for individual institutions and shewing them all in a single proposition statement for the whole Presidency.

Moreover their omission from such statements would prevent their total cost being correctly exhibited therein.

But in any proposition statement in any case the cost of the institution is as much as a separate proposition statement and to be added among the most subordinate items.

I have the honour to be,

Yours most obedt. Servant,

H. M. M. M.
Offg. Accountant General
