Judicial Department

Proceedings of the Madras Government.

Read again G.O. dated 31st August 1894,
No. 2126.

Read also the following paper.

From the Inspector General of Police Madras
dated 12th December 1894 No. 7329.

Order 18th May 1895 No. 1066.

Colonel Porten's scheme for the reorganization
of the village Police Establishment does not meet with
the approval of Government. In the first place
the proposal to transfer part of the village establishment
from the control of the collector and District Magistrate
to that of the Police Department is open to serious
objection, not only because it is a measure which
would tend to disintegrate the village system, but
also because it is probable that Police Superintendents
are already sufficiently occupied with the supervision
of the regular police, in which case it would be unwise
to entrust them with additional duties until the
regular police has reached a higher degree of efficiency.
There are however many villages in which one talukdar
might be relieved altogether from revenue work and
the Government is not averse to taking into considera-
- tion the question whether such talukdars might
not be placed more directly under the Police Superintendents.
Before deciding the question however, the Government desires
to be in possession of detailed information as to the number
of talukdars that could be spared from the ordinary
village establishment exclusively for police duties.

The Inspector General should therefore arrange for the preparation by District Superintendents in consultation with District Magistrates of statements giving this information.

From paragraph 4 of the Inspector General's letter, it appears that in 9 districts no fewer than 1187 taluaries are already employed solely on police duties. It is understood that the majority of these are ghat taluaries and it is doubtful whether so many are really required. The circumstances of so many districts have been altered of late years of the opening of railways that it is difficult to suppose that all the ghats which required guarding a few years ago need not now. For instance the ghats between Hurmool and Lumbum and between Chittora and the Gadapah Sub Division are now traversed by railways; these are no doubt the places in which ghat taluaries used to be required, but these are probably now unnecessary. The Inspector General will therefore be requested to report the exact duties upon which these 1187 taluaries are employed, and to state his opinion as to the necessity of retaining them. When the information called for in this order has been received, the Government will be in a better position to decide what action to take, but for the present the reorganization of the village police must lie over.

CUDDAPAH DISTRICT MAGISTRATE'S OFFICE,
Dated 2^d July 1895.

ENCLOSURES, one

From

J. H. C. Esquire,
Acting Collector and DISTRICT MAGISTRATE,
CUDDAPAH.

To

THE Secretary to the Commissioners of
Land Revenue,
Madras.

SIR,

I have the honor to forward a copy of G.O. No. 1066, Judicial, dated the 18th May, which has been sent to me by the Superintendent of Police. The Board will observe that the Superintendent has been ordered to prepare in consultation with the District Magistrate a statement showing the number of taluaries that can be spared exclusively for police duties.

2— Now the taluaries is the village police men and the Vetti or Village menial should do miscellaneous revenue work. Government, however, appear to assume that at present taluaries are largely employed on revenue duties to the detriment of their police work. No doubt this is so in practice, but it could be largely

prevented if the police brought instances of neglect
of police duty to the notice of the Divisional
Officer. In Timmerelly this is largely ^{done} and
taliaries are suspended or otherwise punished
for neglect to go night rounds and other faults.

I do not see then how some taliaries can be
detailed for police duty exclusively: to do so
would be to legalise the present abuse.

3. I suppose the Government mean to take
such taliaris from the control of their Village
Magistrates and put them under the Police Super-
-intendent. It seems to me that this would
lower the position of the Village Magistrate and
make it difficult to hold him responsible
for the peace and good order of the village.
Moreover how would the police work of the
village be divided between the Superintendent's
taliaries and the Village Magistrate's taliaries?

4. As it seems to me that any scheme of this
sort should be worked out by all Collectors
on the same principles, I have the honor to make
this reference and to request that the Board will
issue orders on the subject.

I have the honor to be
Sir
Your most obedient servant.

C. No. 3918/95

FOR ORDERS.

I don't follow this in
the least

With refce to G.O. of 15 May 1895-
No. 1066 the Dist. Magistrate of Cuddapah
points that the taluquas are properly
speaking the village police men, that
it is only by an irregular practice that
they are employed on other duties. - He
therefore infers that to detach certain
talukars for police duties exclusively
would amount to a condonement of the
irregular practice of employing them
as revenue servants. Mr. Heronson
next represents the idea of placing
talukars immediately under Police
Supts as tending to lower the status
of the village magistrate & solicits in-
structions as to the general principles
which the scheme of selecting "police talukars"
is to be worked out. -
Provided that a talukar performs his
present police duties satisfactorily, the
is, I submit, no objection to his doing
revenue & miscellaneous work as well
the question to which Govt. requires an
answer is, how many villages can
oversee purposes & without a talukar
Some villages have not enough talukars

Just so - As to how they might
be employed more directly under
the Police Supt. is the matter on
which we invited suggestions.

miscellaneous work.

Papers to be read in proceedings:—

Again G.O., dated 18th May 1895, No. 1066.

Again G.O., dated 189 , No.

Current No. 3918 of 1895, dated 3-8-95 from the Board of Rev. (Land Rev)

Current No. of 189 , dated from

ORDER. 24-10-95 No 2051

In G.O. dated 18th May 1895,
No 1066, Govt. expressed its readiness
to consider the question how taliares
might be employed more directly
under Police superintendence and
until the replies to that Order
have been received, it is not in a
position to lay down the principles
upon which any scheme for the
subordination of taliares to the
Police authorities should be worked
out. While it is true that taliares
are frequently irregularly ^{engaged} employed
on miscellaneous revenue duties, it
is probably the case that in many
villages the absence of a ^{sufficient number of} vetti
renders it necessary that they
should be so employed, and the
question to which Govt. requires
an

miscellaneous work.

A ^{2nd} answer is how many villages possess a sufficient establishment of other minor officials to permit the exclusive employment of taluaries attached to them upon Police duties
