Cotacaimm.

Sir,

In reply to your memorandum, Judicial Department, No. 2126 of the 11th instant, we beg to state that four of the Rifles referred to are sighted to 400 yards, why we cannot imagine, as they will not carry that distance. They only take a small cartridge, and are used, principally, for buck and such like game. They are useless for anything larger. The other rifle is sighted to 250 yards.

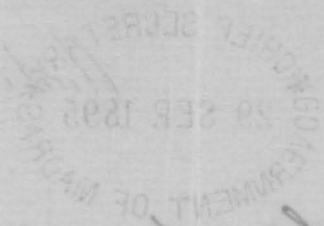

We have the honor to be,
Sir,

Your most obedient Servants,

P. Orr & Sons.

G.D.'s order is
not necessary in this case
as it is sighted less than
300 yds.

Sir, Home Dept.
Dated 19/10/95

Adverting to Mr. Hewett's letter dated 26th June 1895, No. 978, I am directed to request that an order may be issued sanctioning the grant of a license for the import by Messrs. P. Orr

Orre & Sons of four .440 bore. 601 is
repeating magazine rifles

LICENSE for the import of repeating
magazine rifles.

These weapons which were
imported for sale are sighted up to 900
yards, but the importing firm states
that they do not carry for so great a
distance as they only take a small
cartridge suitable for shooting black
buck and other small game. In these
circumstances H.E. the Governor in
Council considers that there is no
objection to the grant of the neces-
sary license.
