Letter from The Executive Engineer,
Bellary Division to the Superintending Engineer,
3rd Circle, Bellary No: 4120, dated 3rd
September 1895.

I have the honor to bring to your
notice that the Subregistrar's office and
Police Station at Madakasira are both
unsuitable, and I have but little doubt
that buildings on the standard plan will
be required at an early date.

I would suggest that, if this is the
case, it would be for the convenience of this
department that they should be constructed
in the next official year, at the same
time as the Cutcherry now being built,
so that they may be properly and econo-
mically supervised.

SIR,

The Subregistrar's office at Madakasira in the registration district of Bellary Cum Chantapur is held in a rented building which is unsuitable for a public office, and the Executive Engineer of the Division recommends, for reasons given in the enclosed copy of his letter to the Superintending Engineer, 3rd Circle, the construction of an office building for the sub-registrar in the next official year 1896-97 along with the Taluk Butcheri, which is to be built in that year. Madakasira office now just pays its expenses,

as will be seen from the figures noted in the margin. A Government building, however, is very necessary. I have the honor
