NELLORE COLLECTOR'S OFFICE, 4299

11 September 1895
From C. D. Macleane, Esq., Secy 12/95

Collector and District Magistrate
of Nellore.

To the
Chief Secretary to Government.
Judicial Department
Sir,

The Civil Apothecary in charge
of the Municipal Hospital Ongole,
sent some bills to the Stationary Sub
Magistrate Ongole for payment
on account of the sitting charges
of certain wounded men treated in
the Hospital. These men were sent
to the Hospital neither by the Police
nor by the Magistracy and the
Stationary Sub Magistrate refused
payment. The Civil Apothecary
claimed payment on the ground
that the persons treated subse-
quently became complainants in
cases before the Court.

[Eng. 20-1-91.]

2. The Joint Magistrate and the
District Medical Officer are of
opinion that it is unfair that the

Municipality should be made
to bear the whole charges simply
because the Apothecary happened
to admit the cases owing to emer-
gency without requisition either from
the Police or the Magistracy

3. The Joint Magistrate suggests
that charges of the kind referred
to may be borne by the Judicial
department from the time the case
is taken cognizance of by the Police
or Magistracy and I agree with him.

4. The orders of the Government are
solicited on the subject

I have the honor to be

Sir,

Your obedient servant,

By Magistrate

C. No. 4399.

For Orders.

In this current, the
St. Magte. of Mallore recommends
that Govt. should accept ~~the~~ charges
on account of the dieting of certain
wounded men treated in the Muni-
cipal Hospital, Ongole. This course
is justified by a reference to para
2 of G.O. & 3rd July 1879, No. 1254,
in which the Govt. authorized the
Accountant-General to admit
charges incurred for dieting wounded
persons sent to Municipal hospitals
by the Magistracy or the Police; This
Order which follows the precedent
of G.O. & 23rd April 1866, No. 601
and G.O. & 15th July 1878, No. 1409,
relates only to the case of wounded
persons who are sent to a muni-
cipal hospital for treatment by the
Police or the Magistracy and in no
way binds Govt. to accept charges
on account of wounded men who
receive treatment in a municipal
hospital

hospital, merely because they subsequently become complainants in a criminal case. In this particular instance, it is stated that the Apothecary admitted the case owing to emergency without requisition either from the Police or the magistracy, from which it may perhaps be inferred that but for this action on his part the necessary requisition would have been issued by the Police or the Sub. Magte. The grounds upon which ^{the} orders of 1866, 1878 and 1879 are based seem to be that in the majority of cases wounded men sent to the hospitals by the Police or the magistracy come from beyond the municipal limits and that consequently their treatment is not a legitimate charge upon municipal funds. In many cases such men must reside within the Municipality concerned and in all probability Govt. frequently pays charges which should be defrayed by the Municipality. This being so, it is submitted that there is no need to extend the application of the rule in the manner desired by the St. Magte.

I quote above with the spirit of the 17/10/95 11-5-95. So do I - Why?

ORDER. 24 October 1895 No 2171

The Government is not prepared to accept the St. Magte's recommendation that the Judicial Dept should be debited with the dieting charges of wounded men under treatment in Municipal hospitals who have not been actually sent thither by the Police or the magistracy. In this particular case it is not stated whether the wounded men should not be called upon themselves to pay for the cost of dieting
