Godavari District
Special Assistant Agent's
office, Rajahmundry
Dated 26th August 1895

From

C. G. Spencer Esquire
Special Assistant Agent
Godavari District,

To

The Government Agent
Godavari District

Sir,

In reply to your endorsement
Ref: no 634 of 9th dated 11-7-95 on
agency
Proceedings of the Madras Government
no 1366, I have the honor to submit
27-6-95
herewith a sketch plan showing
the distances between the position
of the water sources and the
proposed residence of the Special
Assistant Agent.

2. The Kadamma channel, situated
at the foot of the hill on which
the residence and office of the
Special Assistant Agent has been
proposed to be built does not
contain water all the year round.

but only in the rainy season and some months in the winter season, and the water is not fit for human consumption.

3. Good drinking water may be obtained from the following sources in the village.

1. The river Godavari	—	400 yards	distance.
		varies from 400 yards to $\frac{1}{2}$ mile	according to the season of the year.
1. Private well on Kasi		200	This would be the best water supply 772 1544 5404 121611424 509
Gurayya's site —		427	
		145	
		<u>772</u>	
1. Do — Kasi Ramayya's		200	500 feet 170 yds
		427	
		500	
		<u>460</u>	
		1587	1587 links.
1. Do — on the old fort site.		200	over 1000 feet 330 yds
		250	
		1470	
		<u>200</u>	
		2120	2120 links.
1. Mango Garden; near the		500	over 1400 feet any 300 yds
present temporary residence		5350	
of the Special Asst. Agent.		167	
		<u>6017</u>	
		6017	6017 links.
			4000 feet = 1300 yds

4. The tank named well built by the Zamindar of Polavaram for the common use of the inhabitants of Polavaram, contains the best and

most abundant supply of good drinking water. For drinking purpose water may be taken from this well to the Special Assistant Agent's residence.

5. The water of the river Godavari is also fit for drinking but in time of freshes it requires to be filtered. In summer the distance of sandy river bed which would have to be traversed in conveying water therefrom would be considerable.

6. The best means of access to the buildings will be by the D. P. W. Embankment. Country carts can pass along it as far as the sluice over Kadamma channel at the foot of the hill but it would be improved by gravelling. The way over the sluice is only passable by foot passengers and has no rails at either side. I think it might be widened at no great cost by an additional girder on each side. Otherwise a

will not be able to approach to the very foot of the hill and all articles will have to be conveyed from this point by Coolies.

7. A good pathway up the face of the rock will have to be cut. This presents no difficulties and the stone removed in the operation will be useful for building purposes.

I have &c
ed C. G. Spencer
Special Asstt Agent

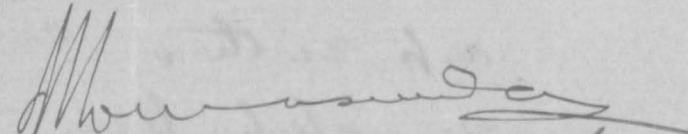

(True Copy) CURRENT No. 4418

Ref: no $\frac{634}{\text{agency}}$ of 94 dated 10th Sept 1895.

Submitted to Government in reference to G.O. dated 27-6-95 no 1366 Judicial.

2. An order transferring the plans and estimates to the Public Works Department for execution is requested.

Dated 10th

Despatched to Sep 1895.

Received

16 SEP 1895

SUBJECT.

Submitting report
re the supply of good
water re close to the
buildings proposed to
be built for the use
of the special Asst Agent's
office & his quarters
at Polavaram in
reference to G.O. no 1366
dated 27/6/95 Judicial.

801866 D 27.6.95 (ab)
80517 D 2.3.94 D.C.

For order.

Submitted to the Hon for perusal
with reference to his remarks in G.O. of 27 June 95,
no. 1366, Judl, mis.
This should not have been submitted by
indorsement but instead of returning it,
it is submitted that the agent may
be told D.O. that the practice of
communicating with Govt by indorsement
must be put a stop to.

The result of this report is that
bathing water will have to be
carried about 170 yds & drinking
& cooking water nearly 3/4 of
a mile - It does not seem
good arrangement - Can't a
better site be found? Just, the
estimate should include station
it would be to make the house &
office approachable by cart (v.
paras 6 & 7).

ORDER. 25 October 1895 No 2175

The great distance from which
it will be necessary to fetch water
constitutes a serious objection to
the proposed location of the
bungalow and office of the Special
Asst. Agent, Godavari. Enquiries
will be made in the P.W. D.
as to whether a more suitable
site cannot be found.
