SIR,

Enclosures.

With reference to your 2nd Reminded & marked 'urgent' calling for a report on G. O., No. 578, dated 15th March 1895 as to the advisability of putting Madras Act III of 1882 into force near the Anuli flood tank, Buckingham Canal. I have the honor to state that the Superintendent's report on the subject after some correspondence with the P. N. D. has just been received - and it has been forwarded to the District Magistrate for his opinion, and his reply is awaited.

I have the honor to be,
Sir,

in these cases, because the Villagers combine to prevent proper evidence as to the criminals being given in the Magisterial Courts. In such a case the establishment of a punitive police force seems to be the proper means to take to put an end to further mischief.

3. The Superintendent's proposal is to employ a force of one Head Constable and six men from October to December and to erect a shed for the men to live in. Two men [with their] patrol by day and four men by night. The District Magistrate considers that the Villagers of Vallur, Mannur, Alakurpaud and Aiolapalayam should be made to pay for the force. If the Government approves of the proposal it can be carried out.

4. I enclose the Superintendent's and the District Magistrate's letters for information.

5. I regret the delay in replying to the reference of Government. The Superintendent delayed a long time in replying to

to my reference and when his reply was received, I asked the District Magistrate for his opinion on the subject, which reached me on the 24th ultimo. The Superintendent waited apparently to see the judgment of the Magistrate in the case he tried which I enclose for the information of Government.

I have the honor to be,
Sir,

your most obedient servant,

Mammith
