SIR,

Enclosures.

(Six)

With reference to G.O. No 1638, Judicial, dated 6th August 1895, I have the honor to enclose a rough plan of the Hospital Compound at Kollegal, showing where it is now proposed to build the Police Hospital.

2. The Superintendent proposes to leave the Southern side of the building without a verandah. As the building was as designed to face originally, I intended the Eastern side (the back of the building) to have no verandah. "West" was a mistake in my letter. Now the building has been turned round and faces North with its Southern side against a jungle stream. I do not agree that this side should be left without a verandah.

St

It will make the building very hot to leave it so. My only idea in altering the original design, which gave a verandah on all sides was to save expense, the difference being ^{between} Rs 5320 and Rs 4250. Under the present circumstance I think the original estimates for verandahs on all sides should be sanctioned. If the Government agrees, I will obtain and forward them.

I have the honor to be,
Sir,

Your most obedt. Servant,

H. C. C.
A. G. Asst. Insp. Genl. of Police

FOR ORDERS.

Has spoken to Mr. Hammick about this. He agrees that the building may be erected as designed in the new place marked on the plan with no verandah on the South side towards the nullah.

Supp. No. 772 of 29 March 1894, Govt. approved of the proposal of the 28-4 Police for the construction of a Police ward in the compound of the new Civil Dispensary at Kollegal in the Coimbatore Dist. I directed the issue in the P. W. & of the necessary orders for the preparation of plans & estimates.

When the 28. submitted for sanction in July '95, plans & estimates aggregating Rs 4250 for the work, the Govt. observed in G.O. No. 1638 of 6 Aug. '95 that there would be only a space of 6'9" between the Police hospital & the Civil Dispensary & that hospital building should not be crowded together so closely. Govt. also remarked therein that if it was necessary to omit any verandah in view to reduce the estimate it should be that on the northern side.

of the building & not that on the western side upon which the monsoon beats, and returned the plans & estimates to the Sg for revision.

Mr. Hamuick now forwards a rough plan of the hospital compound showing where the Police hospital is now to be constructed & thinks that the original estimate for verandahs on all sides should be sanctioned. This would involve an additional expense of (Rs 5320 = original estimate - Rs 4250 revised estimate) Rs 1070. For orders as to whether the Sg's proposal may be approved & the original estimates for Rs 5320 may be called for?

Situation

The Govt. approves of the proposed construction of the building as designed ^{now} chosen & in the new place marked on the plan but there appears to be no necessity for a verandah on the south side

toward the nullah; and the plans & estimates will be transferred to the P. R. D.

and this should be omitted. In other respects the design is approved,
