PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Letter from the Suptg. Engineer,
 Circle, No. 504 U. N. dated 10 October
 1895:—

With reference to G. O. No. 2336 W.
 of 20 September 1895, I have the honor to
 report that the Executive Engineer,
 Vizagapatam Division, states that there is
 no other suitable site available for the
 Assistant Superintendents' Bungalow
 at Karsapatam.

2. With regard to the present site
 the Executive Engineer reports that a
 small culvert might be constructed
 over the road side channel which is
 very narrow and the path now in
 existence might also be converted into
 a road of approach at a very small cost.

3. As the amount of the estimate
 exceeds the limit admissible by the
 rules the plan and estimates were
 submitted direct and I therefore now
 request that they may be forwarded
 to the Inspector General of Police for
 his

his countersignature.

Judl. DEPARTMENT

C. No. 5725/95

FOR ORDERS.

Attention is invited to the notes & orders in G.O. No. 1799, Judl, of 29 Aug. last. In that G.O. Govt directed that enquiries should be made to find a more suitable site for the proposed residence for the Asst^g Supt of Police at Narsipatnam, so that the necessity for bridging a channel & constructing a road of approach may be avoided.

The P. W. D. now communicates the Suby. Engrs. ^{letter} reporting that there is no other suitable site available; & that with regard to the present site, a small culvert might be constructed over the road side channel which is very narrow & that the path now in existence might also be converted into a road of approach at a very small cost.

For orders as to whether the plans & estimates may now be finally approved & the Sg. of Police asked to countersign them?

MR 6.11.95 As the Govt. of India will anyhow have to be addressed, (as even the present estimate requires payment of a rent that is in excess of 1000 of an Asst. Supt's pay) there seems to be no particular

I think so
MS

Need for vigorous economy
in the matter of the road &
bridge. It seems rather matter
for consideration whether other im-
provements might not be made in
the design, such as the continuation
of the verandah round the outside
of the bedrooms. The South bedroom
is likely to get uncomfortably warm
with no verandah of any sort on
the Southern side. Govt. has,
however, already said that the
design seems suitable.
