Sir,

With reference to your letter No 2778, dated 4<sup>th</sup> instant, I have the honor to forward a copy of the letter No 291, dated 26<sup>th</sup> August 1895, from the District Munsif of Dindigul which will sufficiently show the nature of repairs and improvements required for his Court, and request that you will be good enough to move the Government to direct the Public Works Department to prepare the necessary plans and Estimates in consultation with the Munsif who will be able to point out the places and explain

Sir,

With reference to the Proceedings of the District Court, dated 22<sup>nd</sup> instant No. 365, I have the honor to state that no proposals have been made by the P. W. D. for any work to be carried out during the ensuing Official year but the undermentioned works require early attention under the following circumstances:—

1 The want of a record room is much felt, the one intended for the Custody of records being affected by damp in the rainy season and liable to mischief from white ants. The reports of this Court

marginally noted and submitted so early as 1893, will show what damage has been done by these insects to the records of the Court.

2. There is no proper accommodation for the Copyist Staff or the Nazir's Office.

3. If separate accommodation is arranged for each of these Staffs, the Regular Establishment section and the Process writers can work in a distinct portion of the Court house under the direct supervision of the Head Clerk.

4. A suitors' shed with a room therein for the accommodation of pleaders, a tiffin shed with a well near it for the use of the Court officers, pleaders and clients and a latrine for general use are also absolutely necessary.

5. The Court house being old and having been left without any repairs for the past 7 or 8 years, it is leaky in many places in the rainy season and requires retiling and white-washing and other petty repairs. The flooring is seriously damaged in many places and needs immediate attention. (Vide this Court's letter No. 206, dated 28<sup>th</sup> April 1894 and 243, dated 6<sup>th</sup> July 1894.)

6. Provision for Nos. 1 to 3 and for a

Tiffin shed in No. 4 can be made in the present <sup>building</sup> itself by knocking down some of the old cross-walls and putting up new ones and by opening gates and windows in certain places so as to screen off distinct portions for each section.

7. As to the other heads in No. 4 fresh arrangements will have to be made in consultation with the Executive Engineer of the District.

8. I, therefore, request that the District Court will be pleased to address the High Court as to the necessity for these additional improvements calling for plans and Estimates either from the District Engineer or the Sub-Engineer of this place to whom the places, &c., will be pointed out and the proposed improvements will be explained if so directed.

I have, &c.,

Honorable Sir,

I am directed to forward the ac-  
companying copies of the letter of the District Judge  
of Madura, No. 623, dated, 9<sup>th</sup> October 1895, and its  
enclosure regarding certain repairs and improve-  
ments required for the District Munsif's Court  
at Dindigal and to request that His Excellency the  
Governor in Council will be pleased to issue  
early orders for the preparation of plans and  
Estimates and the execution of the work by the  
Public Works Department.

I have the honor to be,  
Honorable Sir,

Your most obedient servant,

D. W. G. Corrie

Acting Registrar.
