Read the following

Proceedings, Judicial Department, No. 2301 dated 11th November 1895.

Note by the Chief Engineer, P.W. Department 8/26/11/95.

The estimate has been increased from Rs. 360 to Rs. 380 by the provision of foundations to the partition wall and by substituting concrete to ground level for part concrete - and part laterite masonry in the foundations of the latrine.

2. In a note on the plan the Inspector General of Prisons objects to the sink attached to the latrine unless it is intended for purposes of ablution. As it is intended for such purposes it may be retained.

Order thereon: No: 3035 Wd 28 Nov: 1895

The estimate as corrected by the Chief Engineer is returned to the Superintending Engineer IV Circle for sanction and execution.
