As long as the kitchen is not actually unserviceable I don't see why we should build a new one - what if convicts' mess is broken? MS
Note - Perhaps it is not the best to wait the return of the 25/7/94 when the order for Standard kitchen is put up. I think this is unnecessary.

INSPECTOR-GENERAL OF JAILS, Prisons.

To

THE Hon'ble Mr. J. F. Price, C.S.I.

CHIEF SECRETARY TO GOVERNMENT,

SIR,

Enclosure.

With reference to the orders of Government contained in the first line of para 25 of G.O. dated 6th November 1891, No. 2286, I have the honour to request the sanction of Government to the preparation in the Public Works Department of estimates for providing the Nellore District Jail with a new kitchen on the Standard Plan for District Jails.

2. The Surgeon General on inspecting the Jail wrote as follows:—

"Jail premises in good sanitary condition except kitchen which is a very wretched shed with no proper exit for smoke."

3. The kitchen is of antiquated construction

construction having no chimney, no range; the pot-holes are of mud and do not fit the pots so that the smoke comes up round the pots. On both occasions, on which, on my last inspection in September 1894, I tasted the curry it was smoked and this must be very likely to occur so long as the present kitchen is used.

4. As the whole of the kitchen building is of most kutcha description it would not be worthwhile to attempt to improve it.

Shance the honour to be,
Sir,
Your most obedient servant,

Sy. Gordon
Inspector General of Prisons.
