CHIEF OFFICE OF THE INSPECTOR-GENERAL OF POLICE,

Madras,

8th February 1895.

FROM

M. Hamrick Esq. I.C.S.

INSPECTOR-GENERAL OF POLICE,

TO

THE

Chief Secretary
to Government,
Fort St. George.

SIR,

Enclosures.

I have the honor to request that sanction of Government may be accorded for the purchase of two bicycles for my office orders at a cost not exceeding Rs 500.

2. The office of the Inspector General of Police is isolated from all Government offices and business centres and when prompt communication is called for juthas are employed to convey messengers to their destination; but it frequently happens that these conveyances are not to be found on the South beach road. So they cannot altogether regarded as a reliable means to ensure speedy delivery.

3. About Rs 90 is annually expended in jutha hire; the introduction of bicycles

NOTE FOR THE UNDER SECRETARY.

With reference to the purchase of bicycles is invited to the purchase of two bicycles in the month of June 1895, Rs 300 8 paise 1st class. The purchase of bicycles may it is submitted that it is more economical as being more economical. The same rule is reproduced in the Civil Account Code Chap. II.

It is being saved sooner than for the bicycles not from Europe.

NOTE FOR THE UNDER SECRETARY.

How about the rule regarding purchase of bicycles? What rule can sanction of this purchase be made?

bicycles. a much quicker mode of, would render this expenditure longer necessary. The men can readily taught to ride them, and they would on many occasions prove most useful while their cost, taking into consideration the saving effected in fakka hire, would be very small. Bicycles, if looked after properly, will last many years.

4. The proposed expenditure, if approved of, can be met out of the Contingent allotment of this office.

I have the honor to be,

Sir,

Your most obedt. servt.

Note for Order

Bicycles being articles of European manufacture cannot ordinarily be purchased in India. Under P.O. 35 & 41. then to purchase is permissible "1" any special reason it is, it is more economical" (not placed marked with red tape).

It is possible to obtain the meaning of this proviso so as to cover the present case, as the L.S. anticipated a ^{an immediate} saving in fakka hire if this saving will be deferred until the bicycles are bought. If therefore they are bought at home, fakka hire for another three months or so will have to be paid which might be saved if the purchase were made in the local market.

It is moreover probable that the local providers make better arrangements for the import of these bicycles, than Post would as a purchaser of only one or two machines.

I think that it would be well to get the bicycles out here but I think

I have no doubt that it will be cheaper to buy locally. There is an extraordinary trade discount given in bicycles - some 40 percent - just a half penny of which should we get the benefit if we sent home for the articles. Rs 200 = say £ 14 w^d be the price paid here. The home price is £ 18 to 20, & there w^d be the carriage out to say also - Rs. 100. which is a practically

X a good deal more than that.

Knowledge of bicycles - Let him buy here.

In my opinion we might well have some bicycles at the office for the use of the Ins. office persons. A bicycle even would well carry one of our biggest bones.

that it would be a drawing of the
 rules: this was the one which I
 took when a draft sanctioning
 the purchase was sent up.
 The paper here is apparently not
 more than about 7 or 8 weeks
 a month and there does not seem
 to be any urgent necessity for
 the bicycle.
