Chief Secretary to Government

24 Feb 1895

Respected Sir,

The Head of the Judicial Department
has proposed to Government for the removal
of the Police station from Illipili to Elachi.
I am directed to say that the
station was in the village for 4
years.

2 The matter of removal is now pending
disposal before Government.

3 I and other magistrates of Illipili are
against such removal for there are
sound and valid objections against doing
so. A memorial to Government against
removal is now under preparation.

4 I request that the question of removal of the
station be not disposed off till the receipt
of the Memorial in question by Govt. so that
the Govt. may see what the objections have to say
against it.

I beg to remain
Respected Sir

THE HUMBLE MEMORIAL OF RYOTS OF ILIPULI &C.,
TIRUCHENGOD TALUQ, SALEM DISTRICT.

HUMBLY SHOWETH,

That your Memorialist's village Ilupili is one of the villages of the district which has a Police station since last 30 years. It is a village having 3,000 population consisting of ryots and Traders. The Police station is a source of safety and strength to the said villagers and surrounding villagers. The village has a flourishing trade.

2. The station is situated in a central position having two high way roads running on two sides at a distance of $1\frac{1}{2}$ miles from the station. These two roads are. One road runs starting from Tiruchengod to Andalore and another from Tiruchengod to Namakal. In this area there are several villages. To watch these villages effectually the present situation of the village is in every way suitable and convenient.

Elachipalliam
is also regularly
connected to
the road
to Andalore

3. Now the Superintendent of Police and the Inspector-General of Police have suggested to Government to remove the Police station of Ilupili to Ellichipollum a village situated on the road leading to Andalore from Tiruchengod. This road is not noted for any committal of offences. It has enjoyed immunity from commission of offences for a long period. There is no necessity for its removal to this village on the other hand now and then crimes like dacoity and minor offences are being committed in the villages surrounding the present station Ilupili. For instance two months ago a serious dacoity was committed in the village named Ellichipollum and this is situated at a distance of three furlongs to the present station. The wealthy ryots and traders have not recovered yet from the shock experienced from this dacoity as to their unsafety of property and person. To remove a station of long standing from its original place so soon after this event is a serious matter for consideration. Moreover the wealthy traders are contemplating to emigrate to other villages soon as they heard the station is to be removed. These wealthy traders are the baniahs who lend out money to ryots during the season of cultivation and payment of land revenue to Government. It would be a matter of pity to cause the decrease of population in the wealthy class of money lenders of a growing and rising village like Ilupili for, they are the mainstay of the ryots in these hard days of no regular and periodical rains like days of yore. Further the present station has a pukka building with

requisite lines for the constables to live in. It would worth about Rs. 700. To leave this and to go to another insignificant locality and pay rent for the building to be occupied is an additional outlay which the Government must hesitate to incur as the present financial outlook of the Government is far from promising.

4. That your Memorialist see only one drawback to the present situation of the Ilupili station *i. e.*, the road communication. The Superintendent of Police and his superiors must travel by a narrow path to reach this station on their inspection duties. This road is out of repair since 1877 when it was laid out under famine labor. The European officer find much inconvenience to travel over it. On many occasions the camp equipage carts of these officers have capsized. If they had moved the President Taluq Board Namakal to include this rural path in the list of roads that are annually repaired, this path would have been in proper state. It is a defect that can be rectified very easily by a simple representation to the Taluq Board Authorities.

5. Under these reasons your humble Memorialists humbly pray for the retention of the Ilupili station in its own place and not to remove it to Ellichipollium.

For this act, the Memorialists will ever pray.

FOR ORDERS.

I think the recommendation of the S.H., supported by the D.M., must be accepted

MS

9/3/95

To the first of the currents read above the S.H. of Police recommended the transfer of a Police station in Salem district from Illipilli to Elackpalagan. S.M. directed that he should be called on to state whether his proposal involved throwing an existing station, ^{house} at disuse and building a new one.
2. In current 495, the S.H. replies that to station house ^{house} at Illipilli constructed 22 & 31 years ago respectively are "fast repair" recommends their sale by public auction. New buildings will be acquired at Elackpalagan but until they are constructed ^{house} no accommodation is available here.
3. The remaining current contains a protest from the notes of Illipilli. The survey of India map shows that Elackpalagan is only 2 1/2 miles from Illipilli, & 3 miles from Elleganpalagan*, which is itself 2 miles - not three furlongs - from Illipilli. It is therefore practically immaterial at which of the two villages the police station is located, so far as concerns the protection of the neighbourhood. He felt that Elackpalagan is on the main road & a favour of that place
