From

SURGEON MAJOR-GENERAL F. SIBTHORPE, F.R.C.S.

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

Judicial DEPARTMENT.

SIR,

With reference to G.O. No. 2494,
Judicial, dated the 13th October /94, I am
informed that the Government Agent, Godavari,
has submitted his report, a copy of which
communicated for my information is herewith
enclosed.

2. He now sends the proposition
statement required by the last para of the
G.O. quoted above.

3. In forwarding these statements
I recommend that the Staff and the pay
and allowance proposed may be sanctioned.

4. The erection of a dispensary
and quarters for the Hospital Assistant
and servants is approved but I would
suggest that quarters for the Hospital Assist-
ant be built separately from the dis-
pensary. A small mortuary for

scale proposed in
same as that
submitted for the Chidambaram
dispensary in G.O.

post

postmortem Examinations in medico-legal cases should. I think, be also provided.

The Sanitary Board is in possession of "type plans" for all such buildings and they should be strictly adhered to in the construction of the buildings referred to above.

I am strongly of opinion that the rules regarding the submission of plans and estimates for Hospitals and Dispensaries of Local Bodies should be made applicable to all Profus-sil State Hospitals and Dispensaries, and that the plan and estimate should be submitted to the Sanitary Board in accordance with G.O. No. 1069 M. Local & Municipal dated the 21st June 1892.

I have the honor to be
Sir

Your most obedient servant

FOR ORDERS.

There is no provision for this expenditure in the Budget in view of the numerous proposals, all involving more or less additional expenditure, which the S. G. is bringing forward, I am not prepared to sanction these proposals until they are provided for in the Budget - They may be entered in the Budget for 1896.

97 - That is, the proposals for buildings may be and provision may also be made in that Budget for the establishment for so long as it is likely to be employed in that year - The S. G. will have to ascertain from the (Mr. after settling with him the kind of buildings needed, how long it will take to erect them & fit them for occupation, & can then provide for the S. G. accordingly.

there being no suitable houses in the neighbourhood of Addakigala

RS
8/3/95

The amt. of the proposed charge will have to be looked in to - I don't know how far it is in accord with the recently sanctioned general scale.

These answers are the replies to G.O. 13 October 1894, No. 2494, Judl, mis. It is reported that the proposed institution at Addakigala might for the present be a dispensary; ii that accommodation is necessary for the Med. subordinate & the institution over which he presides; & that a site is available for the construction of a building. The Agent proposes to build a house at a cost of about Rs 700 for both the med. subordinate & the dispensary, & another at a cost of Rs 300 for the compounder & the medical servant who, he thinks, should also be provided with free quarters. If approved, plans & estimates of the proposed buildings might be called for.

In G.O. 575/95 the S. G. while submitting in duplicate, the necessary proposal statement, recommends that the staff & the pay & allowance proposed might be

be sanctioned. The establishment proposed is, it is submitted, on the same scale as that sanctioned in G.O. 2 Nov. '92 No. 1186, Fmb, for the dispensary at Chodavaram.

The S.G. no doubt agrees with the Agent that accommodation should be provided for the hospital Asst. & servants but suggests that quarters for the hospital Asst. should be built separately from the dispensary & that a small mortuary for post mortem examinations should also be provided. As the Sanitary Board has the type designs for all ^{sanitary works} buildings, he strongly recommends that they should be strictly adhered to in the construction of these buildings & that the plans & estimates should be submitted to the Sanitary Board for approval of the Sanitary Engineer.

On referring the proper statements to the Asst. General for verification, he reports in G.O. 945/95 that the establishment proposed is new.

ORDER. 16 March 1895 No 583
 Mis

In view of the numerous proposals now before Govt. all involving more or less additional expenditures, submitted by the S.G. The Govt. is not prepared, in the present state of finances to sanction the proposals for the establishment of a dispensary at Addakipala in the Godavari Agency. As there appears to be no provision in the budget for this expenditure the S.G. will provide for the same as far as proposed in the budget for 1896-97; he will should ascertain from the Collector & Govt. Agent, after settling with him the ^{description} of buildings needed, how long it will take to erect them & fit them for occupation & then provide for the establishment accordingly.

It is also observed that the charge allowance of Rs 25 proposed for the Hospital Asst. in this case is not in accordance with the general scale recently sanctioned by Govt. With these remarks, the proper
