To.

The Chief Secretary to Government,
Judicial Department
Madras.

Sir,

With reference to Government order,
dated 20th February 1895, No. 375, I have the
honor to report that the only factory in the
District, in which children are employed,
is the Cotton factory at Comileatone. Here,
the children work only for six hours a
day, and are not allowed to do any other
work during the time the bobbins are
being refilled. They are either made to sit
down in a place provided for the purpose,
or are allowed to go out into the yard. I under-
stand that they have no other intervals of
rest during their 6 hours' employment. The
shifts are either from 6 to 12 or from

1 to 7. As a matter of fact as I have ascer-
-tained personally they are at rest in this
way for an hour or more during every
shift. The last report on the subject
from Divisional officers reached me
only yesterday and I had to visit the
Korunkatone Mill in order to understand
the report relating to it. Hence the delay.

FOR ORDERS.

The Govt. of India wants to inform
by wire as soon as possible on the
following 2 points:-

- (1) Whether at any factories in this Presy.
it is practice to include in the interval of
rest allowed for children by Sec. 7 of
the I. Factories Act, the time during which
bobbins are being refilled &
- (2) If so, whether during such time children
are permitted to leave the room in which
they are employed & to do as they like.

The officers consulted on the subject report
as follows:-

The Comr. of Police says that the practice
of doing so does not obtain in any of
the factories in the City of Madras
& that the children are allowed to go out
of the room in which they are employed
& to do what they please during
interval of rest required by law which
is given at their homes.

D. M. of Ballary: The practice does
not, it is said, exist in his district.

Mr. Malabar also reports that it is not the practice to include the time in question in the interval of rest & that all children are allowed to do as they like during the leisure hours.

Mr. Tinnevely: "Time occupied refilling bobbins not included & children are allowed to leave room at pleasure

Mr. Madras: In the Madras mills the time in question is included in the interval of rest & children are allowed to leave the room & do as they like.

Mr. Coimbatore: There states that children work only for six hours a day & are not allowed to do any other work during the time the bobbins are being refilled; they are either made to sit down in a place or are allowed to go out into the yard - Besides, they have no other interval of rest but the 5 min. says that in this way the children are not doing much shift.

The practice alluded to thus appears to prevail in the Madras Mills, & the Coimbatore Cotton Factory, at both of which the children are allowed to leave the room & do as they like. The Sanseley Dist. Magistrate's telegram is not absolutely clear, but from the wording of the 2nd telegram, I gather that he means that the practice does not exist in any of the three mills. - I draft telegram as put up on attached paper
