Ag. Registrar of the
High Court of Judicature,
Appellate Side, Madras.

To

The District Judge of

Sir,

After a careful consideration of the replies received to its circular dated 28th January 1892, No 232, the High Court has resolved to raise the minimum number of processes to be served annually by each peon from 250 to 300 on an average for the District, leaving it to you to assign separate averages for the several Courts in the District according to the peculiarities of the jurisdiction of each.

It has also been resolved that a minimum of 120 processes per annum should be fixed for all amins engaged on execution duty.

2. Having regard to these minima the number of peons and amins required for your District, inclusive of peons to be sold off to keep order in Court and guard the Court-house and amins to be employed as process writers, will be and respectively; and you are requested to submit at an early date a proposition statement showing the distribution of

Every letter, whether printed or in manuscript, should be docketed and abstracted on the back; and the abstract should state clearly the purport of the letter and not merely its title subject.

Enclosures and statements also, whether sent with letters, or merely under cover, should be numbered, docketed and abstracted. The headings of statements should be written in full to prevent mistakes. (G. O., 3rd April 1893, No. 239, Public.)

of this number among the Courts in your District.

3. Any reduction in the existing establishment which this revision may entail need not be carried out all at once so as to cause hardship to servants already in employ, but should be effected gradually by leaving unfilled vacancies which may occur, and by retiring superannuated servants.

To

The Honorable J. F. Price, C.S.I.,
Chief Secretary to Government
Fort Saint George.

Honorable Sir,

In revising the mufassal
process service establishments, the staff
of amins and peons for each District
was fixed with reference to the average
number of processes executed in it
during the years 1889-91, and the strength
so allotted was communicated to the
District Judges by Circular dated 22nd
February 1894, No. 546, [copy of which is en-
closed]. According to this arrangement
the number of amins fixed for North
Arcot is to exceed the existing strength
by 3 hands. The District Judge distri-
buted these three appointments among
the District Munsifs' Courts of Tirupati,

Chittoor

Chittur and Arni and sent up a proposition statement for the process service establishment according to the revised scheme.

2. The District Judge has also under a misapprehension sanctioned the entertainment of one additional amin in the Chittur District Munsifs Court and one in the Sirupati Court on a salary of Rs. 12 each with effect from November last and the newly appointed men have drawn their pay for that month. He should of course have waited until the scheme had received the sanction of Government. The Accountant-General has now placed the item under objection on the ground that the sanctioned scale of establishments has been exceeded. In these circumstances the District Judge has been ordered to dispense with the services of the new men and I am directed to request that His Excellency the Governor in Council will be pleased to authorise the Accountant-General to withdraw his objection to the pay drawn and to issue orders for the disbursement of their salaries till they are dispensed with.

I have the honor to be,
Honorable Sir,
Your most obedient servant,
D. V. M. L.
Ag. Registrar.
