The Medical Officer has

convict's life will be materially

of the case this would appear
to be hardly probable.

security sh^d. be got, when possible,

No. 6

Her Majesty's Prisoners,
Madras, April 5th 1895.

I, Brigade Surgeon Lt. Colonel R. J.
Haylett, hereby certify that Prisoner No. 4322, ^{Chappuram}
is in my opinion, dangerously ill suffering from Parasoma.
His illness has not been caused or aggravated by
any acts of the Prison in order to procure release,
and I sincerely declare that in my opinion he
will certainly die very shortly if he remains in
confinement, but that his life will be materially
prolonged if he is released.

R. J. Haylett
Brigade Surgeon Lt. Col.,
In Medical charge.

* Note.

The prisoner's name is entered in the Convict
Register and passport as Coopia Reddy, though
the prisoner calls himself Coopoorawmy.

Kuppasawmy	4322	37 years	Malignant Disease	7 th September 1894	Full statement of the medical case This man was admitted as a convicted prisoner on 11th November 1893. He was in good health up to 7th Sept 1894 when he was admitted into hospital for Constitutional Syphilis and with the exception of a few days he has been a bed-ridden since then. In December 1894 he began to complain of pain in his left shin bone and humerus formed above the ankle. These were treated with hot fomentations, but no benefit resulted, on the contrary they increased in size. They were twice removed; the last on 14th January, on the last occasion he was so badly bruised and appeared dead. The humerus have grown again and are now larger than before. I think there can be no doubt regarding their malignant nature. He has lost considerably in weight, suffers much, and has a rapid appearance. The objects to having this removed.
