Dated Madras 17 April 1895.

SIR,

Two additional rooms to the Taluk
butcherri at Krishnagiri in the Salem
district were constructed on account of the
Subregistrar's office under the sanction conveyed
in G. O. dated 3rd August 1880, No. 1839, judicial
by the Public Works Department. Certain
repairs costing Rs 73 to the rooms were executed
in 1885 by the officers of the Registration Depart-
ment. The terraced roofs of the rooms having
cracked and become leaky and some improve-
ments to the rooms having become necessary,
the enclosed estimate for Rs 650 has been
prepared by the Executive Engineer of the
Division and approved by the Superintending
Engineer, IV Circle. The improvements to the
rooms proposed to be effected will render
the building suitable and convenient and
bring

430 + 220
= 650 Rs.

bring the building into conformity with the standard design to a great extent, the only difference being that a verandah on the western side has been provided for in the estimate. This additional verandah is absolutely necessary both for the convenience of the Subregistrar and his office establishment and the parties waiting at the office.

2. As the work to be executed is one requiring professional supervision, it is desirable that the work should be undertaken by the Public Works Officers. The Superintending Engineer in his letter dated 14th December 1894, N^o 497 has, however, informed me that, as the existing building was not based on the standard design, the Public Works Department cannot undertake the work under G. O., dated, 13th August 1894, G. N^o 1994 W. The building was constructed before a standard design for Subregistrar's offices was sanctioned and the Subregistrar of Dhrishmagiri is unable to make arrangements for the execution of the work departmentally.

3. In the circumstances stated above, I have the honor to request that the Government may be pleased to issue orders for the work being carried out

out in the Public Works Department.

I have the honor to be
