District in which officers have been employed as Acting Assistant Superintendents with period of employment in each.

Remarks.

These two Probationers have each worked very well. Their Superintendents and the Deputy Inspector General are much pleased with them. But they have been very unfortunate in their examinations and have only passed so far in one Subject each. The language examination is so hard now that it is really all men can do to pass it in two years. I hope these two Probationers will do better at the next examination. For the two full years they must be given till the examination to be held in January 1898. I hope they will pass then. I have not a word to say against either of them as regards district work.

Amfore. 27 November 1896 to date

Simivelly. 21 March 1896 to date

A special report will be submitted shortly. This Probationer, a Senior Inspector, has continued to do very good work.

These two Probationers have been working at Vellore under Mr. Munro. When I went up there I found they had learnt drill very fairly and were reading their language daily with a Munro. I shall examine them again when I go to the school at the close of March and post them to District. They have been behaving well.

Mr. George has passed in evidence which is very creditable to him. He unfortunately got a typhoid fever in January and has been in the General Hospital some weeks. He has come out convalescent and I have posted him to Coonoor where he can work for a month and I hope pick up his health. He is very anxious to pass his examinations and I have had to tell him he had much better take life easy for a month until he gets really strong. If he regains his health properly I am sure he will turn out well.
