No 2029

W. GREY, Esq.,
Secy. to the Govt. of India,

Dated Fort William, the 4th October 1859.

SIR,

Home Dept.
Judicial.

WITH reference to the correspondence marginally noted, I am directed to inform you that the Governor General in Council having considered the several reports received from the Advocates General of Calcutta, Madras, and Bombay, does not consider that any formal exposition of the rules which should regulate the conduct of the Government Law Officers is necessary. The paper submitted by Mr. Ritchie, the Advocate General of Calcutta, the duties which the Government Law Officers are required to perform in virtue of their appointment, and the principles by which they should be guided, are very completely and carefully explained, and I am directed to forward an Extract (Paragraphs 1 to 37) of that paper, with a request that it may be accepted as a general standard by which any questions which shall arise between the local Government and the Government Law Officers may in future be tested.

I have the honor to be,

SIR,

Your most obedient servant,

Secy. to the Govt. of India.
