GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

12th March 1881, No. 526.

Extradition.

Read the following :—

No. 33. *Endorsement by the Acting Collector of Malabar, dated 24th February* 1881, *No.* 561 [*Current No.* 615], *on the following letter from the Honorary Secretary, Wynaad Planters' Association, dated* 19*th February* 1881 :—

Referring to the reply of the Government of India to the Association's memorial of the 31st July last, the Committee of this Association have requested me to again address the Madras Government on the subject, and I have the honor to request that you will forward this letter, accompanied by any remarks you may desire to make on a matter so important to the interests of the Wynaad.

2. The Committee instruct me to thank the Government of Madras for conveying to them the reply of the Government of India to their memorial, but at the same time I am to point out that this reply appears to the Committee to be very indefinite, and, having regard to the enormous interest at stake, they consider it necessary to once more ask for the grave consideration of the question at the hands of the Governments of India and Madras.

3. The Government of India passes over the question of the future emigration of the Mysore coolies into the Wynaad, and the Committee, therefore, assume that, on the rendition of the Province, such an emigration will be provided for; but on the most important question, *i.e.*, that of the execution of processes from Courts in British India, the Government of India does not seem to be in a position to give a decided answer.

4. The Association are told that "It may be difficult so to arrange matters that the existing procedure (*i.e.*, in the execution of processes) should not be in some degree affected by the termination in Mysore of the present system of administration under the Government of India."

5. This execution of processes was one of the two special points on which the Association addressed the Government of India, and the Committee cannot conceal their alarm at such an indefinite reply.

6. The Committee would most respectfully point out that the Planters of Wynaad, whom they represent, have now been for several years employing the surplus population of Mysore on their estates at rates of pay most remunerative to the employed; that they have from time to time advanced large sums of money to the Mysore coolies; and that, at the present time, there are several lakhs of rupees now outstanding.

7. The Committee would further respectfully state that the Planters dealing with the Mysore coolies have been fostered for all these years by the Government of Madras, and also by that of Mysore represented by the Government of India, and that all engagements made and moneys risked in advance have been made and risked in the full faith and belief that, whatever changes might occur in the Government of the Mysore territory, their interests would be protected by their own Governments.

8. Already fresh agreements have been entered into with Mysoreans returning for the season to their villages, but the Committee cannot conceal from themselves that the doubt shadowed forth in the reply of the Government of India as to the future

execution of processes in Mysore will assuredly cause Planters to hesitate before entering into fresh agreements with their coolies, and that, unless this doubt is speedily cleared up, serious loss must occur both to the Coffee industry and the Mysore coolies from the non-employment of labor.

9. The Committee instruct me to say, therefore, that they earnestly hope that, on the coming rendition of Mysore, the interests of Wynaad will be so guarded that all cause for alarm and anxiety may be put an end to.

FROM

THE HON. R. DAVIDSON, C.S.I.,
Chief Secretary to the Government of Fort St. George,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
FOREIGN DEPARTMENT.

SIR,

In acknowledging receipt of the reply* of the Government of India to their memorial of the 31st July last, the Wynaad Planters' Association again address this Government on the subject of the present facilities for the execution of British processes in Mysore being preserved on the rendition of that territory. I am directed by the Right Honorable the Governor in Council to forward a copy of this letter, and to state that he feels assured the interests of the planters will receive the fullest consideration at the hands of the Government of India.

* Dated 10th January 1881, No. 18-I.J.

I have the honor to be,
Sir,
Your most obedient servant,

FORT ST. GEORGE,
12*th March* 1881.

Chief Secretary.

Exd. J. Wright.

No. 4/527

From Collector of Malabar dated 24th Feby 81 forwarding a letter from the Hon'ble Sec'y Wynaad Planters Association on the question of Mysore and the execution of the process of British Courts in that territory

FOR ORDERS.

The association cannot conceal their alarm at the indefinite reply of the Govt. of India to their former Memorial (G.O. 18/1/81 No. 89)

Submitted that the reply ~~Do think the~~ does not seem more indefinite than in the face of a yet unsettled question the Govt. of India would naturally commit themselves to. The Planters

may rest assured the
matter will receive
the fullest consideration

From

A. D. Yonge Esq

Honorary Secretary

Wynad Planters Association

To

The Secretary to the Government of India

Referring to the reply of the Government of India to the Associations Memorial of the 31st July last, the Committee of this Association have requested me to again address the Madras Government on the subject and I have the honor to request that you will forward this letter accompanied by any remarks you may desire to make on a matter so important to the interests of the Wynad.

2. The Committee instructed me to thank the Government of Madras for conveying to them the reply of the Government of India to their memorial but at the same time I am to point out that this reply appears to the Committee to be very indefinite and having regard to the enormous interests at stake they consider it necessary to once more ask for the grave consideration of the question at the hands of the Governments of India and Madras.

3. The Government of India foresee over the

the question of the future emigration of the Mysore coolies into the Wynad and the Committee therefore assume that on the Abolition of the Province such an emigration will be provided for; but on the most important question viz. that of the operation of free persons from Native in Foreign India, the Government of India does not seem to be in a position to give a decided answer.

4. The Association are told that it may be desired so to arrange matters that the existing procedures (viz in the operation of free persons) should not become in some degree affected by the Commission in Mysore, of the present system of Administration under the Government of India.

5. This operation of processes was one of the 2 special points on which the Association addressed the Government of India and the Committee cannot conceal their alarm at such an indefinite reply.

6. The Committee would most respectfully point out that the Planters of Wynad whom they represent, have now been for several years employing the surplus population of Mysore on their Estates at rates of pay most remunerative to the employed. That they have from time to time advanced large sums of money to the Mysore Coolies and that at the present time there are several lacs of Rupees now outstanding.

7. The Committee would further respectfully state that the Planters dealings with the Mysore coolies have been fostered for all these years by the Government of Madras and also by that of Mysore represented by the Government of India and that all engagements made and monies visited in advance have been made and visited in the full faith and belief that whatever changes might occur in the Government of the Mysore Territory, their interests would be protected by their own Government.

8. Already fresh agreements have been entered into with Mysoreans returning for the season to their villages but the Committee cannot conceal from themselves that the doubts shadowed forth in the reply of the Government of India as to the future execution of

processes

proceeding they were will, assuredly cause Planters to hesitate before entering into fresh agreements with their coolies and that unless this doubt is speedily cleared up serious loss must accrue both to the Coffee Industry and the Wynaad Coolie from the non employment of Cattle.

3. The Committee instruct me to say therefore, that they earnestly hope that in the Coming Condition of Wynaad the interests of Wynaad will be so guarded that all cause for alarm and anxiety may be fully removed.
