GOVERNMENT OF MADRAS.

MUTUAL DEPARTMENT.

From H. S. LEAF, Esq., Registrar of Joint Stock Companies, Madras,
To the Chief Secretary to Government, dated Madras, 26th May 1902.

Sir,

I have the honour to submit my review on the working of the Indian Companies Act during the official year 1901-02.

2. Twenty-seven companies were formed under the Act VI of 1882, seven registered during the year ending 31st March last year. Of these 27 companies, 17 are limited by shares and of 1 by guarantee. Twenty-two companies are limited liability companies, three are unlimited companies and one a guarantee company. The prescribed fees and process for the registration of these companies have been complied with in all cases. The nominal capital of the companies registered during the year under review amounts to Rs. 1,01,00,000 of which Rs. 37,80,345 or Rs. 3,01,[illegible] has been paid up. The most important of the companies registered during the year under review is the Madras Mills Company Limited which has a nominal capital of 10 lakhs of rupees, the whole of which is paid up.

3. The registered offices of seven of the companies are of the Presidency, and of the rest in the Mofussil districts, four in Arcot, three in Bellary, three in Cuddapah, one in the Nilgiris, one in Salem, one in Godavari, one in Kistna, one in Tanjore, one in Kurnool, one in Chingleput and one in Coimbatore.

4. The nominal capital of 24 companies having a capital divided into shares (one share in each of two companies) was Rs. 37,80,345, or Rs. 3,01,[illegible] shares of Rs. [illegible] each. The paid-up capital at the close of the year, so far as [illegible] shows that of the previous year. The paid-up capital at the close of the year, so far as [illegible] would be ascertained, was Rs. 11,42,[illegible] against Rs. 1,29,05,[illegible].

5. The following statement shows the progress of capital made during the year [illegible]

6. As in the last year no company reduced its capital during the year under report by an order of Court.

7. Fifty companies whose nominal capital amounted to Rs. [illegible] closed their operations during the year—in addition to the ten companies having no capital shown as wound up in paragraph 2 of this report—against eight in the last year. A list of these fifty companies accompanies as Enclosure No. 3 to this report.

8. The total number of companies at work at the close of the official year 1888-89 was 296. Sixty of these 296 companies were wound up during the year under report. Two hundred and thirty-six thus remained at the close of the year and 24 of this year, making a total of 265, represent the total number of working companies on the 31st March 1889 (excluding the 12 societies hitherto registered under Act XXI of 1860).

The following is the prescribed classification of these showing their nature, number, nominal and paid-up capital :—

Name.	No.	Nominal capital.	Paid-up capital.
Banking or loan companies			
Trading companies having capital			
Trading companies having no capital	1		
Mills and presses			
Tea, coffee, cinchona, and other planting companies			
Mining and quarrying companies			
Iron Manufacturing Companies			
Other companies having capital			
Other companies having no capital			
Total	265		

9. The number of companies limited by guarantee and having no capital divided into shares at the close of 1888-89 was 30; and three of the same kind were registered during the year. Of these 33 companies, 10 companies were wound up. The total number of such companies at work at the end of 1889-90 was thus 23. A list of the wound-up 10 companies accompanies as Enclosure No. 4 to this report.

10. The following table compares the registrations and collections of the department for the last two years :—

	Registrations.	Collections. Rs. A. P.
1888-89	32	5,6[illegible] 10 0
1889-90	27	5,786 14 0

Although the number of companies registered during the year under report has fallen short of that of the [illegible] by five, the collections of the year have advanced by Rs. 200-4-0 owing to so many as 27 companies of previous years having increased their capital and the nominal capital of the companies registered during the year also being higher than the aggregate capital registered last year. For reasons fully explained in my last year's Administration Report the general public still seem to be afraid of taking part even in companies organized on very sound principles and the result is that the projectors of such companies do not find sufficient men to co-operate with them in their concerns. The small number of companies registered during the year can be ascribed only to this fact.

11. Twenty-one companies omitted to file their balance sheets, lists of members or lists of directors as required by the Companies Act. I am informed that most of these 21 companies are not now actually working and appear to have closed their [illegible] without reporting the fact to me. One only of these 21 companies is at the [illegible] Kurnool, 4 in Cuddapah, 4 in North Arcot, 2 in Trichinopoly, 1 in [illegible], 1 in Malabar and 1 in South Arcot. As regards the single company at the [illegible], I have duly requested the Government Solicitor and the respective [illegible] as regards the 20 companies in the districts to proceed against them and fully realize the prescribed penalties from them under G.O., dated 6th

December 1886, No. 3025 (Judicial). Out of 33 companies reported to have been in default in my last Administration Report, penalties to the extent of Rs. 322 were recovered from seven companies, the others having been either acquitted or warned by the magistrates by whom they were tried. Since the abolition of the appointment of Inspector of companies for the town of Madras on the 1st October 1888, the duty of inspecting companies scattered all over the suburbs of Madras has devolved on my office establishment now consisting of only two clerks, who are not allowed any extra allowance even for their carriage hire. Out of 113 companies working on the 31st March 1890 in the town of Madras my head clerk has inspected 83 companies and my second clerk 20 companies, making a total of 103 companies. The offices of the remaining 10 companies could not be inspected on account of their having been locked up at the time they were visited by my clerks who have fully reported to me the results of all their inspection as regards compliance or otherwise with the provisions of sections 68 and 69 of the Companies Act. Such of these companies as were thus found in default have thereupon been required to comply readily with these requirements of the Act. Reports of several of the remaining 150 companies in the mofussil districts having been inspected by the magistrates of districts in which they are situated are also being received and action taken for the recovery of the prescribed penalties wherever any case of non-compliance with any of the provisions of the Act has been brought to my notice.

12. The registration fees collected during the year amounted to Rs. 5,786-14-0 against Rs. 5,000-10-0 of last year. They have all been remitted into the treasury. Of these fees those relating to the registration of new companies and increase of capital amounted to Rs. 5,120 and the remaining sum of Rs. 666-14-0 being for making of records in respect of companies registered in the previous years. The charges for the office establishment, house-rent and furniture, &c., amounted to Rs. 1,341-2-11 against Rs. 1,605-4-9 last year. Deducting this amount from the year's above collection of Rs. 5,786-14-0, the net balance to the credit of this department for this year is Rs. 4,445-11-1 against Rs. 3,501-5-3.

13. The Orders of Government with regard to the maintenance of service books have been fully carried out by this department.

* Excluding those which are Literary Societies under Act XXI of 1860.

2. From these figures it will be observed that in most respects the year 1889-90 presents the same features as appeared in its three immediate predecessors, viz., a decrease in the number of fresh registrations, an excess in the number of companies wound up over those newly registered, and a consequent decline in the number working at the end of the year as compared with that working at the close of the previous year. These results are mainly attributable to the excessive and merely speculative expansion of joint stock enterprise which took place in 1885-86, and the collapse of which has by no means reduced the number of registrations even below what it was in the first year after the passing of the Act. A more satisfactory feature of the returns is the increase in the amount of paid-up capital, which was greater than in any year since 1885-86, but this increase was mainly caused by the registration of one large concern having a paid-up capital of over 7½ lakhs.

3. Certain other features in the returns may be referred to as indicating steady, though slow, progress in joint stock trading. One of these is the continuous growth in the total amount of paid-up capital of companies working at the end of the year, this having steadily advanced from Rs. 1,10,10,720 in 1882-83 to Rs. 1,76,71,050 in the year under report. This shows that the capital actually embarked in joint stock enterprise has more than [illegible] in seven years. Another satisfactory circumstance is the considerable increase made in the paid-up capital by companies registered in previous years. Such increases may be looked upon really as an indication of permanence and successful working, and should certainly be encouraged by an advance in paid up capital. The amount shown in Section 5 [illegible] to the last five years. It may also be noticed that, in spite of the [illegible] number of companies working at the close of the period under report [illegible] and Pessus advanced from 18 to 27, the amount of nominal [illegible] Rs. 2,60,00,000 to Rs. 74,10,000, and the paid-up capital from Rs. 41,75,[illegible] to Rs. 1,[illegible],[illegible].

4. Of the 27 companies registered, the liability of four only was limited by guarantee. The rapid collapse in companies of this class is very noticeable, and, as will be seen from the figures in the margin, the average of failure among them has been much larger than among companies whose liability is limited by shares. No company having liability unlimited was registered during 1889-90, and only 7 such have been registered in the last eight years.

5. The Registrar reports [illegible] companies reduced its capital under the order of a Court. It is observed that [illegible] compliance was apparently [illegible] companies the paid-up capital of working [illegible] the paid-up capital of the eight pending

companies was Rs. 9,02,927 at the end of the year, against Rs. 9,23,113 at the commencement, and that of the seven mining companies fell from Rs. 10,49,548 in 1888-89 to Rs. 7,49,393 in the year under report, one company alone having reduced its paid-up capital from Rs. 3,50,055 to Rs. 47,200. The large number of cases in which paid-up capital was reduced is an unusual feature of the year, no case at all having, apparently, occurred in either of the two previous years, and the Registrar will report whether any explanation of this circumstance is forthcoming.

6. The number of companies which [illegible] to the balance sheets, lists of members, &c., as required by law, was 21, against 18 [illegible] previous year, 32 in 1887-88 and 102 in 1886-87. This figure shows an [illegible] ment, which may be attributed to the proceedings taken in recent years to enforce [illegible] such neglect. It is observed that, as in previous years, a large proportion [illegible] pending companies have their offices in the Chingleput district, and the Mag[illegible] that district should take care that the instructions given in G.O., dated 6th [illegible]ber 1886, No. 3225, are fully observed. The amount of inspection done in the [illegible]ssey town by the Registrar's clerks was satisfactory; no information is given as [illegible] extent to which offices of companies in mofussil districts were inspected. In the

7. As shown in paragraph 1 *supra*, the collect[illegible] the year were larger than those of 1888-89. The charges, on the other hand, [illegible] a reduction, viz., from Rs. 1,505-1-0 to Rs. 1,311-2-11 and the net balance was, therefore, larger. The diminution in expenditure is mainly due to the abolition of the office of Inspector.

JUDICIAL DEPARTMENT.

READ—the following papers:—

From M.R.Ry. S. HARI ROW, Registrar of Joint Stock Companies, Madras, to the Chief Secretary to Government, dated Madras, 30th May 1890, No. 262.

I have the honor to submit my report on the working of the Indian Companies Act, 1882, during the official year 1889-90.

2. Twenty-seven companies (exclusive of one Charitable Society registered under Act XXI of 1860) were registered during the year against 32 last year. Of these 27 companies the liability of 23 companies is limited by shares and of 4 by guarantee. Fourteen of these are banking or loan companies, three are trading companies, five mills and presses and the remaining five are miscellaneous companies. The prescribed list showing the nominal and paid-up capital of these companies forms Enclosure No. 1 to this report. The most important of the companies registered during the year under report is the Madura Mills Company (Limited) which has a nominal capital of 10 lakhs and a paid-up capital of over 7½ lakhs.

3. The registered offices of seven of these companies are at the Presidency, and of the rest in the Mofussil districts, four in Anantapur, three in Bellary, three in Tinnevelly, two in Cuddapah, one on the Nilgiris, one in Salem, one in Godávari, one in Nellore, one in Trichinopoly, one in Kurnool, one in Chingleput and one in North Arcot.

4. The nominal capital of 24 companies having a capital divided into shares (as shown in Enclosure No. 1) was Rs. 31,71,857 against Rs. 27,80,545, or Rs. 3,91,312 more than that of the previous year. The paid-up capital of the year, so far as the same could be ascertained, was Rs. 14,42,107-2-0 against Rs. 8,20,057-12-9.

5. The following statement shows the increase of capital made during the year by 21 companies of previous years:—

6. As in the last year no company reduced its capital during the year under report by an order of Court.

7. Fifty companies whose nominal capital amounted to Rs. 50,87,537½ closed their operations during the year—in addition to the ten companies having no capital shown as wound up in paragraph 9 of this report—against eighty-one last year. A list of these fifty companies accompanies as Enclosure No. 3 to this report.

8. The total number of companies at work at the close of the official year 1888-89 was 226. Sixty of these 226 companies were wound up during the year under report. Two hundred and thirty-six thus remaining of previous years and 27 of this year, making a total of 263, represent the total number of working companies on the 31st March 1890 (excluding the 12 societies hitherto registered under Act XXI of 1860).

The following is the prescribed classification of them showing their nature, number, nominal and paid-up capital :—

Name.	No.	Nominal capital.	Paid-up capital.
		Rs.	Rs.
Banking or loan companies	28		68
Trading companies having capital	175	510,83,318	80,33,400
Trading companies having no capital	23	44,85,000	12,44,000
Mills and presses	1		
Tea, coffee, cardamom, and other planting companies	23	14,12,000	10,99,000
Mining and quarrying companies	4	19,27,000	3,02,000
Ice Manufacturing companies	2	10,00,000	7,00,000
Other companies having capital	1	60,000	58,000
Other companies having no capital	5	50,000	14,000
Total ...	263	6,01,37,318	1,14,73,400

9. The number of companies limited by guarantee and having no capital divided into shares at the close of 1888-89 was 30; and three of the same kind were registered during the year. Of these 33 companies, 10 companies were wound up. The total number of such companies at work at the end of 1889-90 was thus 23. A list of the wound-up 10 companies accompanies as Enclosure No. 4 to this report.

10. The following table compares the registrations and collections of the department for the last two years :—

	Registrations.	Collections.
		Rs. A. P.
1888-89	32	5,090 10 0
1889-90	27	5,786 14 0

Although the number of companies registered during the year under report has fallen short of that of the last year by five, the collections of the year have advanced by Rs. 696-4-0 owing to so many as 21 companies of previous years having increased their capital and the nominal capital of the companies registered during the year also being higher than the aggregate capital registered last year. For reasons fully explained in my last year's Administration Report the general public still seem to be afraid of taking part even in companies organized on very sound principles and the result is that the promoters of such companies do not fulfil the aims to co-operate with them in their concerns. The small number of companies registered during the year can be ascribed only to this fact.

11. Twenty-one companies omitted to file their balance sheets, lists of members or lists of directors as required by the Companies Act. I am informed that most of these 21 companies are not now actually working and appear to have closed their transactions without reporting the fact to me. One only of these 21 companies is at the Presidency town, 11 are in Chingleput, 4 in North Arcot, 2 in Trichinopoly, 1 is in Tanjore, 1 in Malabar and 1 in South Arcot. As regards the single company at the very Presidency, I have duly requested the Government Solicitor and the respective District Magistrates as regards the 20 companies in the districts to proceed against them and fully recover the prescribed penalties from them under G.O., dated 6th

December 1886, No. 3225 (Judicial). Out of 38 companies reported to have been in default in my last Administration Report, penalties to the extent of Rs. 322 were recovered from seven companies, the others having been either acquitted or warned by the magistrates by whom they were tried. Since the abolition of the appointment of Inspector of companies for the town of Madras on the 1st October 1888, the duty of inspecting companies scattered all over the suburbs of Madras has devolved on my office establishment now consisting of only two clerks, who are not allowed any extra allowance even for their carriage hire. Out of 113 companies working on the 31st March 1890 in the town of Madras my head clerk has inspected 83 companies and my second clerk 20 companies, making a total of 103 companies. The offices of the remaining 10 companies could not be inspected on account of their having been locked up at the time they were visited by my clerks who have fully reported to me the results of all their inspection as regards compliance or otherwise with the provisions of sections 65 and 69 of the Companies Act. Such of these companies as were thus found in default have thereupon been required to comply readily with these requirements of the Act. Reports of several of the remaining 150 companies in the mofussil districts having been inspected by the magistrates of districts in which they are situated are also being received and action taken for the recovery of the prescribed penalties wherever any case of non-compliance with any of the provisions of the Act has been brought to my notice.

12. The registration fees collected during the year amounted to Rs. 5,786-14-0 against Rs. 5,090-10-0 of last year. They have all been remitted into the treasury. Of these fees those relating to the registration of new companies and increase of capital amounted to Rs. 5,120 and the remaining sum of Rs. 666-14-0 being for making of records in respect of companies registered in the previous years. The charges for the office establishment, house-rent and furniture, &c., amounted to Rs. 1,341-2-11 against Rs. 1,505-4-9 last year. Deducting this amount from the year's above collection of Rs. 5,786-14-0, the net balance to the credit of this department for this year is Rs. 4,445-11-1 against Rs. 3,591-5-3.

13. The Orders of Government with regard to the maintenance of service books have been fully carried out by this department.

to file their balance sheets, lists of members or lists of Directors as required by the Companies Act. I am informed that much of these 21 Companies are not now actually working and appear to have closed their transactions without reporting the facts to me. Chiefly of these 21 Companies is at the Presidency Town, 11 are in Chingleput, 2 in North Arcot, 2 in Trichinopoly, 1 in Tinnevelly 1 in Madura and 1 in South Arcot. As regards the single Company at the very Presidency, I have duly requested the Government Solicitor and the respective Police Magistrates as regards the 20 Companies in the districts to proceed against them and duly recover the prescribed penalties from them under G.O. dated 6th December 1886 no 3225 Judicial. Out of 38 Companies reported to have been in default in my last Administration Report penalties to the extent of Rupees 322 were recovered from 7 Companies, the others having been either acquitted or warned by the Magistrates by whom they were tried. Since the abolition of the appointment of Inspector of Companies for the town of Madras on the 1st October 1888, the duty of inspecting Companies devolved all over the suburbs of Madras

Compare 1889-90	27	30,71,057	11,42,111	60	263	387,42,356	178,71,697	5787

* Excluding Colony Societies under Act XXI of 1860.

From these figures it will be seen that the most marked [illegible] during the year 1889-90 has been the [illegible] registrations, an excess in the number of companies registered over those newly registered and a marked decline in the number working at the end of the year as compared with those working at the close of the preceding year. These results are mainly attributable to the premium & merely speculative expansion of trade & stock enterprise which took place in 1888-89 and the collapse of which has by reaction produced the small registrations now below what it was in the first year after the passing of the Act. Another satisfactory feature is the reduced to the increase in the amount of paid up capital, which was greater than in any year since 1884-85, but this increase was mainly caused by the registration of one large company having a paid up capital of over 7½ lakhs.

2. Certain other features in the returns may be referred to as indicating steady though slow progress in joint stock trading. One of these is the continued growth in the

having reduced its paid up capital from Rs. 336,000 to Rs. 252,000. The figure number of companies in which paid up capital was reduced is an unusual feature of the year, no case of the kind having appeared to occurred in either of the two previous years and the Registrar will report whether any explanation of this circumstance is forthcoming.

6. The number of companies who omitted to file balance sheets, viz. 6 of one under 5 to comply their bylaws was 21 against 29 in the previous year, 32 in 1887-8 and 10 in 1886-87. This figure shows an improvement which may be attributed to the proceedings taken in recent years to enforce penalties for such neglect. It is found that as in previous years a large proportion of the offending companies have their offices in Chanda put dist., and the Asst. Registrar of that dist. should take care that the instructions given in G.O. 6 dec 1886 No. 5 are fully observed. The result of inspection done at the Trichinopoly town by the Registrar & Clerk was satisfactory and information is given as to the extent to which offices of companies in mofussil districts were inspected.

7. As shown in para 4 supra the collections of the years were larger than those of 1888-89, the charges on the other hand show a reduction, viz. from Rs. 1505-4-6 to Rs. 1341-2-6 and the net balance was therefore larger. The diminution in the charges is mainly due to the abolition of the office of Inspector.
