Current No. 1989 M/95

From the Chairman, Municipal Council, Salem.

FOR ORDERS.

The building in question which belongs to Government was handed over to the municipal council on condition that it should be restored if the Council ceased to maintain a high school in the town, and so long as this condition continues to be fulfilled, the Government cannot resume the building. The municipal council may therefore be permitted to carry out the proposed extension, the necessity for which seems to have been amply made out, provided it relinquishes all claims for compensation, whenever at any future

Order.

18/7/95 No. 1130 M.

The Municipal Council will be permitted to carry out the proposed extension on the understanding that, should the building at any time revert to Government, no claim for compensation will be made.

I have always understood that the College building was a Govt. building handed over to the municipality for the purpose of the school. If this be so it is to be acquired by the municipality - may find use for further when the building comes to the fore as it may in the future. If I am correct in regard to this building being a Govt. building I think Govt. should pay some definite what claim the municipality has to compensation of the building to be fore up.

2 A provision of Rs 1500 has therefore been made on the current year budget for the extension of the college building so as to give more accommodation to some of the Clones which are at present kept in the Verandahs of the College. The work will of course be commenced after the plans and estimates have been approved by the Superintending Engineer IV circle.
