Enclosure.

SIR,

With reference to the endorsement of the Collector of Madura No 2632 dated 16th July 1895 in your letter No 96 dated 30th June 1895, I have the honor to state that the proposal to shift the responsibility of preparation of the Return in question to the shoulders of the local Medical Officer is in direct variance with the spirit of G.O. No 1502 M dated 19th October 1895, Local and Municipal. The prime object aimed at by this Order is the requiring of the Authority undertaking the working of the Act to show that this responsible duty has been duly attended to, irrespective of such professional aid as may be rendered at their request by local Medical officers. These Officers are not legally responsible for the working of the compulsory clauses of the Act as to Vaccination, nor can it be supposed that they would wish to —
abrogate

abrogate to themselves the right of directing prosecutions. Information as to births and deaths, the issue of summonses, and their results can be correctly traced only with such records as the Municipality possesses in its own office, and it is here I consider the Returns should be compiled.

2. Whether or not any Medical officer would care to undertake the duty of computation is of course a matter with which I have nothing to do; but, in face of the G.O. in question, I must regard the Municipal Council as the authority directed by Government to furnish me with the required information.

"In fact, I think the leading opinion is, that when a Municipality has provided a list of births the whole onus of further action rests with the Vaccination staff, whilst, of course, the Chairman is willing to forward such cases for prosecution as the Vaccinators choose to report as having failed to submit. Hence, to ensure supervision by the Municipal Chairman who is responsible for results, it should be required that Municipalities should maintain in their head office, irrespective of any registers maintained by Vaccinators, a permanent record showing, month by month, the results of the working of the compulsory Vaccination clause."

Enclosure.

SIR,

G.O. No. 1502^M dated
19th October 1894 L.R.M.

I have the honor to forward herewith in continuation of my letter No. 1178.V dated 5th September 1894 para 5(a) (extract of which is here - with enclosed) the accompanying letter addressed by me to the Chairman, Municipal Council, Palni. Inspection by myself and the Inspector of Vaccination and Deputy Sanitary Commissioner still go to show that Municipalities are content to be mere forwarding agencies for results secured by Vaccinators, and I would advise that attention be drawn by Government to the necessity of Chairmen regarding themselves as personally responsible for the conduct of the compulsory vaccination clauses of Act No. IV of 1884 in all particulars, with the exception of professional details.

Copy of Communication No 96 dated 30 June 1895, from
the Chairman, Municipal Council, Palni to the Collector of
Madura.

In reply to your letter No 2632 dated the 21st
instant, I have the honor to inform you that the return is
due only for the months of April and May 1895, and that,
as the form prescribed is a complicated one and as every
piece of information required for its preparation is to be got
from the Vaccinator who works under the direct supervision of
the Local Medical officers, great difficulty was experienced
in getting up the return in a complete and accurate form
and hence the inevitable delay.

2. In this connection, I beg to suggest that the
Medical officer who is the direct Superintendent of the Vaccination
work, may be asked to prepare this return himself more easily
and forward a copy of the return to the Municipal office for
the information of the Council.

3. The return has already been sent to the Sanitary
Commissioner direct.

Forwards, as required in C. to No. 1250 dated 4th September 1895, copy of the letter from the Chairman Municipal Council, Palni.

Under sections 138 and 139 of Act of 1904 this order empowers my Chairman of Municipal Councils to delegate their powers in respect to compulsory vaccination to others, & the issue of the instructions suggested by the San. Commr. does not therefore appear to be expedient.

2. It is however open to the San. Commr. to bring to the notice of Govt. any cases in which Chairmen, or officers, to whom they have delegated their powers under these sections, have neglected to maintain or forward the register referred to in G.O. dated 19th Oct 1894.
