No. B.F.Y.—8.

To the Chief Secretary to Government, Financial Department, with reference to his memorandum, No. 1944, dated 9th December 1892.

FORT ST. GEORGE,
23rd August 1895.

(Signed) F. C. HARRISON,
Offg. Accountant-General.

ORDER—dated 28th August 1895, No. 629, Financial.

The account of Provincial loans and advances for 1894-95 presents the same unsatisfactory features as marked the transactions of previous years which were noticed in G.O., dated 13th November 1894, No. 981.

2. *Class I—Advances to Cultivators.*—A sum of 7 lakhs was provided in the sanctioned budget for land improvement and agricultural loans, but no more than 2.80 lakhs have been utilised. On the other hand, the repayments amounted to 7.72 against an estimate of 4.62 lakhs. The outstanding balance on the 31st March 1895 has been reduced to 31.54, or 10.78 lakhs less than was originally anticipated. These figures are not altogether satisfactory, but it is hoped that the revision of the rules contemplated in G.O., dated 25th May 1895, No. 301, Revenue, will effect an improvement.

3. *Class III—Loans to Landholders and Notabilities.*—The loan to the Nawab of Banganapalle has been entirely liquidated, 19 having been credited in the accounts of the current year. The only amount outstanding is a balance of .13 due from the Shulagiri Estate.

4. *Class IV (a)—Loans to Municipalities.*—In the budget a provision of 2.50 lakhs was made, but until very near the close of the year the only amounts drawn were the loan of .70 by the Trichinopoly Municipality and a sum of .02 by the Kurnool Municipality. The attention of municipal councils was drawn to the matter by telegram in March 1895, and as a result nearly a lakh was paid in the accounts of that month. The total disbursements aggregated 1.82, including a sum of .26 drawn by the Tanjore Municipality which was not included in the budget. The outstanding balance under this class rose from 5.72 at the beginning, to 7.40 at the close, of the year.

5. The provision of .48 for the drainage of Tirupati lapsed owing to the scheme having been abandoned in favour of a water-supply project, which is to be carried out during the current year. The Dindigul water-supply scheme was also postponed.

6. The Local and Municipal Department will be requested to report why the provision of .11, on account of the Madura water-supply, which was raised to .35 in the revised estimate, was allowed to lapse. No provision on this account exists in the estimates of 1895-96, and the payment of the amount in the current year may lead to a derangement of the sanctioned programme and the postponement of other works of approved utility. Attention has recently been drawn to the inconvenience caused by the failure of local bodies to draw sanctioned grants within the year in which budget allotments are made.

7. The recovery of .06 expected from the Tanjore Municipality was not actually effected on the ground that, under article 129 (1) of the Civil Account Code, no repayment becomes due until the municipal council draws the whole of the sanctioned loan. It is observed that the last instalment was not taken until March 1895. Instructions have already been issued to the effect that loans should be taken concurrently with the grants, so as to prevent undue delays in the drawing of the former.
